Design & Construction Division

The Design & Construction Division is responsible for designing, constructing, and renovating new and existing State-Owned space. The Division also provides assistance to other Divisions; Planning & Property Management Division and Operations & Maintenance, as well as other State Agencies that have jurisdiction over their own infrastructure, such as the Division for Historic Preservation, the Agency of Natural Resources and the Agency of Transportation. The buildings and spaces created or renovated are accessible, safe efficient, and environmentally friendly. All while being aesthetically attractive and providing a healthy working environment for conducting the various businesses of the State of Vermont.

Left: The new Westminster Public Safety Facility was built using the most up-to-date technology and a state-of-the-art Public Safety Answering Point (PSAP) to cover a 60 mile area of I-91 from the Massachusetts border to Hartland, VT providing emergency services to all area citizens and travelers.
