TO THE HONORABLE SENATE:

The Committee on Natural Resources and Energy to which was referred House Bill No. 926 entitled “An act relating to changes to Act 250” respectfully reports that it has considered the same and recommends that the Senate propose to the House that the bill be amended by striking out all after the enacting clause and inserting in lieu thereof the following:

* * * Trails * * *

Sec. 1. 10 V.S.A. § 6001 is amended to read:

§ 6001. DEFINITIONS

* * *

(38) “Recreational trail” has the same meaning as “trails” in subdivision 442(3) of this title.

(39) “Vermont trails system trail” means a recreational trail recognized by the Agency of Natural Resources pursuant to chapter 20 of this title. For purposes of this chapter, the construction, operation, and maintenance of a Vermont trails system trail shall be for a municipal, county, or State purpose.

Sec. 2. 10 V.S.A. § 442(3) is amended to read:

(3) “Trails” means land used for hiking, walking, bicycling, cross-country skiing, snowmobiling, all-terrain vehicle riding, horseback riding, and other similar activities. Trails may be used for recreation, transportation, and other compatible purposes, but the primary purpose shall not be the operation of a
motor vehicle. As used in this subdivision, “motor vehicle” shall not include
all-terrain vehicles or snowmobiles.

Sec. 3. 10 V.S.A. § 6001(3)(A) is amended to read:

(3)(A) “Development” means each of the following:

* * *

(xi) The construction of improvements for a Vermont trails system trail on a tract or tracts of land involving more than 10 acres.

(I) This subdivision (xi) shall be the exclusive mechanism for
determining jurisdiction over a recreational trail that is a Vermont trails system trail and shall only apply to the construction of improvements made on or after October 1, 2020.

(II) For purposes of this subdivision (xi), involved land includes:

(aa) land that is physically altered, including any ground disturbance and clearing that will occur; and

(bb) infrastructure that is incidental to the operation of the trail, including restrooms, parking areas, shelters, picnic areas, kiosks, and interpretive and directional signage.

(III) For purposes of this subdivision (xi), involved land does not include land where no ground will be disturbed or cleared or any Vermont trails system trail constructed before October 1, 2020.
Sec. 4. 10 V.S.A. § 6001(3)(C) is amended to read:

(C) For the purposes of determining jurisdiction under subdivision (3)(A) of this section, the following shall apply:

* * *

(vi) Recreational trails. When jurisdiction over a trail has been established pursuant to subdivision (A) of this subdivision (3), jurisdiction shall extend only to the recreational trail and infrastructure that is incidental to the operation of the trail. Jurisdiction shall not extend to the remainder of a parcel or parcels where a recreational trail is located, unless otherwise determined to be jurisdictional pursuant to another provision of this chapter.

Sec. 5. 10 V.S.A. § 6081 is amended to read:

§ 6081. PERMITS REQUIRED; EXEMPTIONS

* * *

(y) No permit or permit amendment shall be required for the construction of improvements on a tract of land that would provide access across a recreational trail, provided that the access is not related to the use of the permitted recreational trail and would not establish jurisdiction under this chapter on its own.

(z) Notwithstanding 1 V.S.A. §§ 213 and 214, and until January 1, 2022, no permit is required for a Vermont trails system trail recognized pursuant to chapter 20 of this title if the trail was in existence prior to October 1, 2020.
Sec. 6. RECREATIONAL TRAILS RECOMMENDATIONS AND REPORT

On or before January 15, 2021, the Agency of Natural Resources shall report to the House Committee on Natural Resources, Fish, and Wildlife and to the Senate Committee on Natural Resource and Energy with legislative recommendations for a best management practices driven program for Vermont trails system trails that is administered by the Agency of Natural Resources. The report shall include recommendations for revisions to 10 V.S.A. chapter 20, including revisions to mapping, legislative authority to administer the program, potential funding sources, staffing needs, and whether to include other recreational trails. The Agency of Natural Resources shall consult with stakeholders on the proposed program, including the Vermont Trail Alliance, the Forest Partnership, and the Vermont Agency of Transportation.

Sec. 7. PROSPECTIVE REPEAL

10 V.S.A. § 6001(3)(A)(xi) shall be repealed on January 1, 2022.

*** Forest Blocks ***

Sec. 8. 10 V.S.A. § 6001 is amended to read:

§ 6001. DEFINITIONS

***
(40) “Connecting habitat” means land or water, or both, that links patches of habitat within a landscape, allowing the movement, migration, and dispersal of wildlife and plants and the functioning of ecological processes. A connecting habitat may include features including recreational trails and improvements constructed for farming, logging, or forestry purposes.

(41) “Forest block” means a contiguous area of forest in any stage of succession and not currently developed for nonforest use. A forest block may include features including recreational trails, wetlands, or other natural features that do not themselves possess tree cover and improvements constructed for farming, logging, or forestry purposes.

(42) “Habitat” means the physical and biological environment in which a particular species of plant or wildlife lives.

Sec. 9. 10 V.S.A. § 6086(a)(8) is amended to read:

(8) Ecosystem protection; scenic beauty; historic sites.

(A) Will not have an undue adverse effect on the scenic or natural beauty of the area, aesthetics, historic sites or rare and irreplaceable natural areas.

(A)(B) Necessary wildlife habitat and endangered species. A permit will not be granted if it is demonstrated by any party opposing the applicant that a development or subdivision will destroy or significantly imperil necessary wildlife habitat or any endangered species; and
(i) the economic, social, cultural, recreational, or other benefit to
the public from the development or subdivision will not outweigh the
economic, environmental, or recreational loss to the public from the
destruction or imperilment of the habitat or species; or

(ii) all feasible and reasonable means of preventing or lessening
the destruction, diminution, or imperilment of the habitat or species have not
been or will not continue to be applied; or

(iii) a reasonably acceptable alternative site is owned or controlled
by the applicant which would allow the development or subdivision to
fulfill its intended purpose.

(C) Will not have an undue adverse impact on forest blocks and
connecting habitat. A permit shall be granted only if impacts to forest blocks
and connecting habitat are avoided, minimized, and mitigated in accordance
with rules adopted by the Board.

Sec. 10. CRITERION 8(C) RULEMAKING

(a) The Natural Resources Board (Board), in consultation with the Agency
of Natural Resources shall adopt rules pursuant to 3 V.S.A. chapter 25 to
implement the requirements for the administration of 10 V.S.A.
§ 6086(a)(8)(C). Rules adopted by the Board shall include:

(1) How forest blocks and connecting habitat are further defined,
including their size, location, and function, which may include:
(A) information that will be available to the public to determine
where forest blocks and connecting habitat are located; or
(B) advisory mapping resources, how they will be made available,
how they will be used, and how they will be updated.

(2) Standards establishing how impacts can be avoided, minimized, or
mitigated, including how fragmentation of forest blocks or connecting habitat
is avoided or minimized, which may include steps to promote proactive site
design of buildings, roadways and driveways, utility location, and location
relative to existing features such as roads, tree lines, and fence lines. As used
in this subdivision, “fragmentation” means the division or conversion of a
forest block or connecting habitat by the separation of a parcel into two or
more parcels; the construction, conversion, relocation, or enlargement of any
building or other structure, or of any mining, excavation, or landfill; and any
change in the use of any building or other structure, or land, or extension of use
of land. However, fragmentation does not include the division or conversion
of a forest block or connecting habitat by a recreational trail or by
improvements constructed for farming, logging, or forestry purposes below the
elevation of 2,500 feet.

(3) Criteria to identify when a forest block or connecting habitat is
eligible for mitigation, and criteria to identify when a forest block or
connecting habitat is not eligible for mitigation due to the unique value of the
area and need to maintain the functionality of the forest block or connecting habitat.

(4) Standards for how impacts to a forest block or connecting habitat may be mitigated. Standards may include:

(A) appropriate ratios for compensation;

(B) appropriate forms of compensation such as conservation easements, fee interests in land, and other forms of compensation; and

(C) appropriate uses and limitations of on-site and off-site mitigation.

(b) Prior to prefiling with the Interagency Committee on Administrative Rules, the Board shall convene a working group to gather input on the rule. The working group shall ensure broad, inclusive, and transparent engagement with the public, which shall include a broad range of stakeholders and interested parties. The Board shall convene the working group on or before March 15, 2021.

(c) The Board shall file a final proposed rule with the Secretary of State and Legislative Committee on Administrative Rules on or before August 15, 2022.

Sec. 11. 10 V.S.A. § 127 is amended to read:

§ 127. RESOURCE MAPPING

(a) On or before January 15, 2013, the Secretary of Natural Resources (the Secretary) shall complete and maintain resource mapping based on the
Geographic Information System (GIS) or other technology. The mapping shall identify natural resources throughout the State, including forest blocks, that may be relevant to the consideration of energy projects and projects subject to chapter 151 of this title. The Center for Geographic Information shall be available to provide assistance to the Secretary in carrying out the GIS-based resource mapping.

(b) The Secretary of Natural Resources shall consider the GIS-based resource maps developed under subsection (a) of this section when providing evidence and recommendations to the Public Utility Commission under 30 V.S.A. § 248(b)(5) and when commenting on or providing recommendations under chapter 151 of this title to District Commissions on other projects.

(c) The Secretary shall establish and maintain written procedures that include a process and science-based criteria for updating resource maps developed under subsection (a) of this section. Before establishing or revising these procedures, the Secretary shall provide opportunities for affected parties and the public to submit relevant information and recommendations.

*** Effective Dates ***

Sec. 12. EFFECTIVE DATES

This act shall take effect on October 1, 2020, except that Sec. 9, 10 V.S.A. § 6086(a)(8), shall take effect on September 1, 2022.
