Statement of purpose of bill as introduced: This bill proposes to require the State to provide the same level of State aid for special education to a prekindergarten student as it provides to a student in kindergarten through grade 12.

An act relating to increasing special education State aid for prekindergarten students

It is hereby enacted by the General Assembly of the State of Vermont:

Sec. 1. SPECIAL EDUCATION PAYMENTS; PREKINDERGARTEN

(a) Notwithstanding any provision of law to the contrary, if the amount of an essential early education grant awarded to a supervisory union in a fiscal year under 16 V.S.A. § 2948 for a prekindergarten student is less than the
amount of State aid that would have been paid by the State to the supervisory union under 16 V.S.A. chapter 101 had the student been in kindergarten through grade 12, then the State shall make an additional payment out of the Education Fund for that fiscal year to that supervisory union in an amount necessary to result in the supervisory union receiving for that student an amount that is equal to the amount of State aid that would have been paid by the State to the supervisory union under 16 V.S.A. chapter 101 had that student been in kindergarten through grade 12.

(b) This section is repealed on July 1, 2022.

Sec. 2. EFFECTIVE DATE

This act shall take effect on passage.
