Statement of purpose of bill as introduced: This bill proposes to create a Better Places Program to support projects that create, activate, or revitalize communities and public spaces.

An act relating to creating the Better Places Program

It is hereby enacted by the General Assembly of the State of Vermont:

Sec. 1. FINDINGS; INTENT AND PURPOSE

(a) The General Assembly finds:

(1) The COVID-19 pandemic has devasted our economy through business closures and job losses, and physical distancing requirements have exacerbated social isolation and impacted Vermonters’ quality of life and sense of community.
(2) Public spaces are essential for supporting economic activity and health and well-being throughout the pandemic and for building engaged, equitable, and resilient communities in the future.

(3) Vermont’s downtowns and villages increasingly depend on inviting public spaces that are robustly programmed to restore our distinct sense of place, strengthen community pride and identity, and attract businesses, jobs, and talent.

(4) Placemaking projects intentionally leverage the power of the arts and cultural assets to strengthen the economic and social fabric of communities and allow for growth and transformation that builds upon local and regional character, culture, and quality of place.

(5) Research shows that community-driven placemaking projects increase economic and civic vitality, and create spaces where commerce thrives, social connections flourish, civic participation increases, and residents are empowered to take ownership of their future to build healthier and equitable local economies.

(b) It is the intent of the General Assembly to:

(1) enhance the livability and unique sense of place in Vermont’s downtowns and villages by providing funding, training, and resources to support investments in public spaces and local placemaking projects that build prosperous, equitable, healthy, and resilient communities;
promote healthy, safe, equitable, and vibrant downtowns, villages,
and neighborhoods for people of all ages, abilities, backgrounds, and incomes
by increasing public space and placemaking investments in local communities;
(3) strategically coordinate and simplify the funding process from
multiple community development funders, streamline the grantmaking and
distribution process, democratize community access to grant funds, and
provide communities a nimble, flexible source to quickly fund and launch
community-driven placemaking projects to make positive and enduring change
locally; and
(4) help local leaders identify, develop, and implement placemaking
projects by creating the Better Places Program to advance local recovery
efforts, rebuild local economies, boost local capacity, and reconnect
Vermonters to one another – critical elements that help communities recover
quickly and build prosperous and resilient communities in the future.
