H.489

Introduced by Representatives Lippert of Hinesburg and Donahue of Northfield

Referred to Committee on

Date:

Subject: Health; health insurance; Department of Financial Regulation

Statement of purpose of bill as introduced: This bill proposes to amend certain health insurance laws to comply with the federal No Surprises Act. It would revise the statute defining group health insurance and would remove the Department of Financial Regulation as the co-author of a required annual report on the exercise of the Green Mountain Care Board's billback authority. The bill would also correct a reference to the frequency of license or registration renewal for entities administering certain tax-advantaged accounts for health-related expenses.
