SHORT FORM

Introduced by Representative Anthony of Barre City

Referred to Committee on

Date:

Subject: Municipal government; municipal services; reimbursement;

authorization by contract or memorandum of understanding

Statement of purpose of bill as introduced: This bill proposes to establish a process to support municipalities that have established independent systems and services to replace those that had traditionally been provided to towns by State agencies and departments. The systems and services may include public safety, emergency, inspection, code enforcement, social services, and the management and implementation of State regulatory regimes. The bill further proposes to establish a fair and equitable system of compensation for the municipalities that considers the costs avoided by the State as a result of not having to deliver a specific service to a particular Vermont town.

An act relating to support for municipal services that have traditionally been provided by the State

It is hereby enacted by the General Assembly of the State of Vermont:
