H.722

Introduced by Committee on Government Operations

Date:

Subject: Elections; House of Representatives; Senate; reapportionment;  
redistricting

Statement of purpose of bill as introduced: This bill proposes to reapportion  
the members of the House of Representatives

An act relating to final reapportionment of the House of Representatives

It is hereby enacted by the General Assembly of the State of Vermont:

Sec. 1. REPEALS

(a) 17 V.S.A. § 1893 (initial division) is repealed.

(b) 17 V.S.A. § 1893a (subdivision of initial districts) is repealed.

(c) 2022 Acts and Resolves No. 80 (an act relating to reapportioning the  
initial districts of the House of Representatives) is repealed.

Sec. 2. 17 V.S.A. § 1893b is added to read:

§ 1893b. HOUSE OF REPRESENTATIVES DISTRICTS

Notwithstanding the processes outlined in 17 V.S.A. chapter 34A regarding  
the enactment of initial districts and the subdivision of initial districts, for the  
2022 reapportionment of the House of Representatives, the State is divided

1 into the following districts for the House of Representatives, each of which  
2 shall be entitled to the indicated number of Representatives:

3 District                      Towns and Cities                      Representatives

4                                      \* \* \* ADDISON COUNTY \* \* \*

5 ADDISON-1                      That portion of the town of  
6 Middlebury encompassed within a  
7 boundary beginning at the point  
8 where the northern boundary line of  
9 Middlebury intersects with U.S.  
10 Route 7; then southerly along the  
11 eastern side of the centerline of U.S.  
12 Route 7 to the intersection of Main  
13 Street; then southwesterly along the  
14 southeastern side of the centerline of  
15 Main Street to the traffic circle; then  
16 along the southeastern side of the  
17 centerline of the northwestern  
18 section of the traffic circle to the  
19 beginning of College Street; then  
20 westerly along the southern side of  
21 the centerline of College Street to the

1 intersection of Weybridge Street;  
2 then northwesterly along the  
3 southwestern side of the centerline of  
4 Weybridge Street to the boundary of  
5 the town of Weybridge; then  
6 westerly along the town line of  
7 Weybridge to the boundary of the  
8 town of Cornwall; then southerly  
9 along the town line of Cornwall to  
10 the boundary of the town of  
11 Salisbury; then easterly along the  
12 town line of Salisbury to the  
13 boundary of the town of Ripton; then  
14 northerly along the town line of  
15 Ripton to the boundary of Bristol;  
16 then northerly then westerly along  
17 the town line of Bristol to the  
18 boundary of the town of New Haven;  
19 then westerly along the town line of  
20 New Haven to the point of beginning

1     ADDISON-2            Cornwall, Goshen, Leicester, Ripton,  
2   and Salisbury   1  
3     ADDISON-3            Addison, Ferrisburgh, Panton,  
4   Vergennes, Waltham  
5   and that portion of the town of New  
6   Haven encompassed within a  
7   boundary beginning at the point  
8   where the northeastern boundary line  
9   of New Haven intersects with the  
10    Mud Creek tributary running parallel  
11    to Lime Kiln Road; then southerly  
12    along the western side of the Mud  
13    Creek tributary running parallel to  
14    Lime Kiln Road to where the Mud  
15    Creek tributary intersects with U.S.  
16    Route 7; then southerly along the  
17    western side of the centerline of U.S.  
18    Route 7 to where it intersects with  
19    the New Haven River; then westerly  
20    along the northern side of the New  
21    Haven River to where it intersects

1 with the Otter Creek; then westerly  
2 along the northern side of the Otter  
3 Creek to where it intersects with  
4 Morgan Horse Farm Road and the  
5 boundary of the town of Weybridge;  
6 then westerly along the town line of  
7 Weybridge to the boundary of the  
8 town of Waltham; then easterly then  
9 northerly along the town line of  
10 Waltham to the boundary of the town  
11 of Ferrisburgh; then easterly along  
12 the town line of Ferrisburgh to the  
13 point of beginning 2  
14 ADDISON-4 Bristol, Lincoln, Monkton, and  
15 Starksboro 2  
16 ADDISON-5 Bridport, Weybridge, that portion of  
17 the town of Middlebury not included  
18 in ADDISON-1, and that portion of  
19 the town of New Haven not included  
20 in ADDISON-3 1

1                   with VT Route 9; then westerly  
2                   along the northern side of the  
3                   centerline of VT Route 9 to where it  
4                   intersects with Roaring Branch; then  
5                   easterly along the northern side of  
6                   Roaring Branch to where it intersects  
7                   with Park Street; then southerly  
8                   along the western side of the  
9                   centerline of Park Street to the  
10                  intersection of Gage Street; then  
11                  westerly along the northern side of  
12                  the centerline of Gage Street to the  
13                  intersection of North Street; then  
14                  southerly along the western side of  
15                  the centerline of North Street to the  
16                  intersection of Main Street; then  
17                  northwesterly along the northern side  
18                  of the centerline of Main Street to  
19                  the intersection of Dewey Street;  
20                  then southerly along the western side  
21                  of the centerline of Dewey Street to

1                   the intersection of Monument  
2                   Avenue Extension; then southerly  
3                   along the western side of Monument  
4                   Avenue Extension to the intersection  
5                   of Carpenter Hill Road; then briefly  
6                   easterly along the southern side of  
7                   the centerline of Carpenter Hill Road  
8                   to the intersection of U.S. Route 7;  
9                   then southerly along the western side  
10                  of the centerline of U.S. Route 7 to  
11                  the boundary of the town of Pownal;  
12                  then westerly along the town line of  
13                  Pownal to the state border of New  
14                  York; then northerly along the state  
15                  border of New York to the boundary  
16                  of the town of Shaftsbury; then  
17                  easterly along the town line of  
18                  Shaftsbury to the boundary of the  
19                  town of Woodford; then southerly  
20                  along the town line of Woodford to  
21                  the point of beginning

1        BENNINGTON-3    Glastenbury, Shaftsbury, and that  
2                                    portion of the town of Sunderland  
3                                    encompassed within a boundary  
4                                    beginning at the point where the  
5                                    northern boundary line of the town  
6                                    of Sunderland intersects with the  
7                                    Batten Kill River; then southwesterly  
8                                    along the eastern side of the Batten  
9                                    Kill River to where it intersects with  
10                                   Sunderland Hill Road; then westerly  
11                                   along the southern side of the  
12                                   centerline of Sunderland Hill Road  
13                                   to the intersection of Borough Road;  
14                                   then southerly along the eastern side  
15                                   of the centerline of Borough Road to  
16                                   the intersection of North Road; then  
17                                   southerly along the eastern side of  
18                                   the centerline of North Road to the  
19                                   intersection of Shady Pines; then  
20                                   southwesterly along the eastern side  
21                                   of the centerline of Shady Pines to

1                   the intersection of Kesick Swamp  
2                   Road; then easterly along the  
3                   northern side of the centerline of  
4                   Kesick Swamp Road to the  
5                   intersection of North Road; then  
6                   briefly southerly along the eastern  
7                   side of the centerline of North Road  
8                   to the intersection of U.S. Route 7;  
9                   then southerly along the eastern side  
10                  of the centerline of U.S. Route 7 to  
11                  the intersection of Kansas Road; then  
12                  westerly along the southern side of  
13                  the centerline of Kansas Road to the  
14                  boundary of the town of Arlington;  
15                  then southerly along the town line of  
16                  Arlington to the boundary of the  
17                  town of Glastenbury; then easterly  
18                  along the town line of Glastenbury to  
19                  the boundary of the town of  
20                  Somerset; then northerly along the  
21                  town line of Somerset to the

1                   boundary of the town of Stratton;  
2                   then northerly along the town line of  
3                   Stratton to the boundary of the town  
4                   of Winhall; then westerly along the  
5                   town line of Winhall to the boundary  
6                   of the town of Manchester; then  
7                   westerly along the town line of  
8                   Manchester to the point of beginning                   1  
9       BENNINGTON-4   Arlington, Manchester, Sandgate,  
10                   and that portion of the town of  
11                   Sunderland not included in  
12                   BENNINGTON-3                   2  
13       BENNINGTON-5   That portion of the town of  
14                   Bennington not included in  
15                   BENNINGTON-2 and that portion  
16                   of the town of Pownal not included  
17                   in BENNINGTON-1                   2  
18       BENNINGTON-  
19               RUTLAND       Danby, Dorset, Landgrove, Mount  
20                   Tabor, and Peru                   1

17                  Jericho to the boundary of the town  
18                  of Richmond; then southwesterly  
19                  along the town line of Jericho to the  
20                  boundary of the town of Hinesburg;  
21                  then westerly along the town line of

1                    town line of Monkton to the  
2                    boundary of the town of Charlotte;  
3                    then northerly along the town line of  
4                    Charlotte to the point of beginning                    1  
5                    CHITTENDEN-6    That portion of the town of  
6                    Shelburne encompassed within a  
7                    boundary beginning at the point  
8                    where the boundary line of  
9                    Shelburne and the town of Charlotte  
10                   intersects with the shore of Lake  
11                   Champlain; then northerly along the  
12                   shore of Lake Champlain to the  
13                   mouth of Munroe Brook, including  
14                   all of the lake that is part of the town  
15                   of Shelburne; then upstream along  
16                   the western side of the centerline of  
17                   Munroe Brook to the intersection  
18                   with Spear Street; then southerly  
19                   along the western side of the  
20                   centerline of Spear Street to the  
21                   boundary of Charlotte; then westerly

1                    along the Charlotte town line to the  
2                    point of beginning                    1  
3                    CHITTENDEN-7    St. George and that portion of the  
4                    town of Shelburne not included in  
5                    CHITTENDEN-6                    1  
6                    CHITTENDEN-8    That portion of the town of Williston  
7                    not included in CHITTENDEN-2  
8                    and that portion of the city of South  
9                    Burlington not included in  
10                  CHITTENDEN-9, CHITTENDEN-  
11                  10, CHITTENDEN-11, or  
12                  CHITTENDEN-12                    1  
13                  CHITTENDEN-9    That portion of the city of South  
14                  Burlington encompassed within a  
15                  boundary beginning at the point  
16                  where the eastern boundary line of  
17                  the city of South Burlington  
18                  intersects with U.S. Route 2; then  
19                  westerly along the southern side of  
20                  the centerline of U.S. Route 2 to the  
21                  intersection of Hinesburg Road; then

1                   southerly along the eastern side of  
2                   the centerline of Hinesburg Road to  
3                   the intersection of Kennedy Drive;  
4                   then westerly along the southern side  
5                   of the centerline of Kennedy Drive  
6                   to the intersection of Dorset Street;  
7                   then southerly along the eastern side  
8                   of the centerline of Dorset Street to  
9                   the intersection of Park Road; then  
10                  easterly along the northern side of  
11                  the centerline of Park Road to where  
12                  it intersects with Tributary 7 of the  
13                  Potash Brook before Golf Course  
14                  Road; then northeasterly along the  
15                  northwestern side of Tributary 7 of  
16                  the Potash Brook to where it  
17                  connects to a second branch of  
18                  Tributary 7 of the Potash Brook east  
19                  of the Wheeler Park Trail Head at  
20                  the southeast corner of Brand Farm  
21                  Drive; then southeasterly along the

1                   northwestern side of the second  
2                   branch of Tributary 7 of the Potash  
3                   Brook to where it intersects with  
4                   Moss Glen Lane; then briefly  
5                   easterly along the northern side of  
6                   the centerline of Moss Glen Lane to  
7                   the intersection of Mill Pond Lane;  
8                   the northeasterly along the  
9                   northwestern side of the centerline of  
10                  Mill Pond Lane to the intersection of  
11                  Oak Creek Drive; then southerly  
12                  along the eastern side of Oak Creek  
13                  Drive to the intersection of Butler  
14                  Drive; then easterly along the  
15                  northern side of Butler Drive to the  
16                  intersection of Hinesburg Road; then  
17                  northerly along the western side of  
18                  Hinesburg Road to where it  
19                  intersects with the southbound lane  
20                  of Interstate 89; then easterly along  
21                  the northern side of the southbound

1 lane of Interstate 89 to the boundary  
2 of the town of Williston; then  
3 northerly along the town line of  
4 Williston to the point of beginning  
5 CHITTENDEN-10 That portion of the city of South  
6 Burlington encompassed within a  
7 boundary beginning at the point  
8 where the eastern boundary line of  
9 the city of South Burlington  
10 intersects with Williston Road; then  
11 westerly along the northern side of  
12 the centerline of Williston Road to  
13 the intersection of Hinesburg Road;  
14 then southerly along the western side  
15 of the centerline of Hinesburg Road  
16 to the intersection of Kennedy Drive;  
17 then westerly along the northern side  
18 of the centerline of Kennedy Drive  
19 to the intersection of Dorset Street;  
20 then northerly along the eastern side  
21 of the centerline of Dorset Street to

1

1                   the intersection of Williston Road;  
2                   then westerly along the northern side  
3                   of the centerline of Williston Road to  
4                   the boundary of the city of  
5                   Burlington; then northeasterly along  
6                   the city line of Burlington to the  
7                   boundary of the city of Winooski;  
8                   then northeasterly along the city line  
9                   of Winooski to the boundary of the  
10                  town of Colchester; then easterly  
11                  along the town line of Colchester to  
12                  the boundary of the town of Essex;  
13                  then easterly along the town line of  
14                  Essex to the boundary of the town of  
15                  Williston; then southerly along the  
16                  town line of Williston to the point of  
17                  beginning

1

18           CHITTENDEN-11   That portion of the city of South  
19                           Burlington encompassed within a  
20                           boundary beginning at the point  
21                           where the northern boundary line of

1                   the city of South Burlington  
2                   intersects with Williston Road; then  
3                   southeasterly along the southern side  
4                   of the centerline of Williston Road to  
5                   the intersection of Dorset Street;  
6                   then southerly along the western side  
7                   of the centerline of Dorset Street to  
8                   the intersection of Swift Street; then  
9                   westerly along the northern side of  
10                  the centerline of Swift Street to the  
11                  boundary of the city of Burlington at  
12                  U.S. Route 7; then northerly along  
13                  the city line of Burlington, then  
14                  follow the city line of Burlington to  
15                  the point of beginning

1

16        CHITTENDEN-12   That portion of the city of South  
17                           Burlington encompassed within a  
18                           boundary beginning at the point  
19                           where the western boundary line of  
20                           the city of South Burlington  
21                           intersects with Swift Street at the

1                   intersection of Swift Street and U.S.  
2                   Route 7; then easterly along the  
3                   southern side of the centerline of  
4                   Swift Street to the intersection of  
5                   Dorset Street; then southerly along  
6                   the western side of the centerline of  
7                   Dorset Street to the intersection of  
8                   Nowland Farm Road; then westerly  
9                   along the northern side of the  
10                  centerline of Nowland Farm Road to  
11                  the intersection of Spear Street; then  
12                  southerly along the western side of  
13                  the centerline of Spear Street to the  
14                  intersection of Allen Road; then  
15                  westerly along the northern side of  
16                  Allen Road to the intersection of  
17                  U.S. Route 7; then briefly southerly  
18                  along the western side of the  
19                  centerline of U.S. Route 7 to the  
20                  boundary of the town of Shelburne;  
21                  then westerly along the town line of

1                   Shelburne to where it intersects with  
2                   Shelburne Bay; then northerly along  
3                   the eastern side of the town line of  
4                   Shelburne as it runs along Shelburne  
5                   Bay; then westerly along the town  
6                   line of Shelburne across Lake  
7                   Champlain to the state border of  
8                   New York; then northerly along the  
9                   state border of New York to the  
10                  boundary of the town of Colchester;  
11                  then easterly along the town line of  
12                  Colchester to the boundary of the  
13                  city of Burlington; then southerly  
14                  along the city line of Burlington,  
15                  then follow the city line of  
16                  Burlington to the point of beginning

1

17       CHITTENDEN-13   That portion of the city of  
18                   Burlington encompassed within a  
19                   boundary beginning at the point  
20                   where the eastern boundary line of  
21                   the city of Burlington intersects with

1                   South Burlington Recreation Path;  
2                   then westerly along the southern side  
3                   of the boundary between the South  
4                   Burlington Recreation Path and the  
5                   Burlington Country Club to where  
6                   the South Burlington Recreation  
7                   Path turns north; then continuing  
8                   westerly along the southern side of  
9                   the property line of the Burlington  
10                  Country Club to the property  
11                  boundary line between 544 South  
12                  Prospect Street and 500 South  
13                  Prospect Street; then westerly along  
14                  the southern side of the property line  
15                  between 544 South Prospect Street  
16                  and 500 Prospect Street to where it  
17                  intersects with South Prospect Street;  
18                  then northerly along the western side  
19                  of the centerline of South Prospect  
20                  Street to the intersection of Cliff  
21                  Street; then westerly along the

1                   southern side of the centerline of  
2                   Cliff Street to the intersection of  
3                   U.S. Route 7; then briefly northerly  
4                   along the western side of the  
5                   centerline of U.S. Route 7 to the  
6                   intersection of Spruce Street; then  
7                   westerly along the southern side of  
8                   the centerline of Spruce Street to the  
9                   intersection of South Union Street;  
10                  then northerly along the western side  
11                  of the centerline of South Union  
12                  Street to the intersection of Adams  
13                  Street; then westerly along the  
14                  southern side of the centerline of  
15                  Adams Street to the intersection of  
16                  South Winooski Avenue; then  
17                  northerly along the western side of  
18                  the centerline of South Winooski  
19                  Avenue to the intersection of Maple  
20                  Street; then westerly along the  
21                  southern side of the centerline of

1                   Maple Street to the end of Maple  
2                   Street; then continue in a line due  
3                   west to the boundary of the city of  
4                   South Burlington in Lake  
5                   Champlain; then southeasterly along  
6                   the city line of South Burlington,  
7                   then follow the city line of South  
8                   Burlington to the point of beginning  
9           CHITTENDEN-14   That portion of the city of  
10                   Burlington encompassed within a  
11                   boundary beginning at the point  
12                   where the eastern boundary line of  
13                   the city of Burlington intersects with  
14                   the South Burlington Recreation  
15                   Path; then westerly along the  
16                   northern side of the boundary  
17                   between the South Burlington  
18                   Recreation Path and the Burlington  
19                   Country Club to where the South  
20                   Burlington Recreation Path turns  
21                   north; then continuing westerly

1                   along the northern side of the  
2                   property boundary of the Burlington  
3                   Country Club to the property  
4                   boundary line between 544 South  
5                   Prospect Street and 500 South  
6                   Prospect Street; then westerly along  
7                   the northern side of the property line  
8                   between 544 South Prospect Street  
9                   and 500 Prospect Street to where it  
10                  intersects with South Prospect Street;  
11                  then northerly along the eastern side  
12                  of the centerline of South Prospect  
13                  Street to the intersection of Cliff  
14                  Street; then westerly along the  
15                  northern side of the centerline of  
16                  Cliff Street to the intersection of  
17                  U.S. Route 7; then briefly northerly  
18                  along the eastern side of the  
19                  centerline of U.S. Route 7 to the  
20                  intersection of Spruce Street; then  
21                  westerly along the northern side of

1                   the centerline of Spruce Street to the  
2                   intersection of South Union Street;  
3                   then northerly along the eastern side  
4                   of the centerline of South Union  
5                   Street to the intersection of Adams  
6                   Street; then westerly along the  
7                   northern side of the centerline of  
8                   Adams Street to the intersection of  
9                   South Winooski Avenue; then  
10                  northerly along the eastern side of  
11                  the centerline of South Winooski  
12                  Avenue to the intersection of Buel  
13                  Street; then easterly along the  
14                  southern side of the centerline of  
15                  Buel Street to the intersection of  
16                  South Union Street; then northerly  
17                  along the eastern side of the  
18                  centerline of South Union Street to  
19                  the intersection of Pearl Street; then  
20                  easterly along the southern side of  
21                  the centerline of Pearl Street to the

1 intersection of U.S. Route 7; then  
2 southerly along the western side of  
3 the centerline of U.S. Route 7 to the  
4 intersection of College Street; then  
5 easterly along the southern side of  
6 the centerline of College Street to the  
7 intersection of South Prospect Street;  
8 then southerly along the western side  
9 of the centerline of South Prospect  
10 Street to the intersection of U.S.  
11 Route 2; then southeasterly along the  
12 southwestern side of the westbound  
13 lane of U.S. Route 2 to the boundary  
14 of the city of South Burlington; then  
15 southerly along the city line of South  
16 Burlington to the point of beginning

2

17 CHITTENDEN-15 That portion of the city of  
18 Burlington encompassed within a  
19 boundary beginning at the point  
20 where the northern boundary line of  
21 the city of Burlington intersects with

1                   the railroad tracks crossing the  
2                   Winooski River; then westerly along  
3                   the southern side of the railroad  
4                   tracks to where they intersect with a  
5                   point representing the end of a  
6                   straight line extension from the  
7                   centerline of Hyde Street to the  
8                   railroad tracks; then southwesterly  
9                   along the eastern side of the straight  
10                  line extension from the centerline of  
11                  Hyde Street to the intersection of  
12                  Hyde Street and Riverside Avenue;  
13                  then southerly along the eastern side  
14                  of the centerline of Hyde Street to  
15                  the intersection of North Willard  
16                  Street; then southerly along the  
17                  eastern side of the centerline of  
18                  North Willard Street to the  
19                  intersection of North Street; then  
20                  westerly along the southern side of  
21                  the centerline of North Street to the

1 intersection of North Winooski  
2 Avenue; then southerly along the  
3 eastern side of the centerline of  
4 North Winooski Avenue to the  
5 intersection of Pearl Street; then  
6 easterly along the northern side of  
7 the centerline of Pearl Street to the  
8 intersection of South Willard Street;  
9 then southerly along the eastern side  
10 of the centerline of South Willard  
11 Street to the intersection of College  
12 Street; then easterly along the  
13 northern side of the centerline of  
14 College Street to the intersection of  
15 South Prospect Street; then southerly  
16 along the eastern side of the  
17 centerline of South Prospect Street to  
18 the intersection of U.S. Route 2; then  
19 southeasterly along the northeastern  
20 side of the westbound lane of U.S.  
21 Route 2 to the boundary of the city

1                         of South Burlington; then  
 2                         southeasterly along the city line of  
 3                         South Burlington and then follow the  
 4                         city line of South Burlington to the  
 5                         boundary of the city of Winooski;  
 6                         then northwesterly along the city line  
 7                         of Winooski to the point of  
 8                         beginning                                     2

9             CHITTENDEN-16     That portion of the city of  
 10                         Burlington not included in  
 11                         CHITTENDEN-13, CHITTENDEN-  
 12                         14, CHITTENDEN-15,  
 13                         CHITTENDEN-17, and  
 14                         CHITTENDEN-18                                     2

15             CHITTENDEN-17     That portion of the city of  
 16                         Burlington encompassed within a  
 17                         boundary beginning at the point  
 18                         where the northern boundary line of  
 19                         the city of Burlington intersects with  
 20                         the railroad tracks crossing the  
 21                         Winooski River; then westerly along

1                   the northern side of the centerline of  
2                   the railroad tracks to where it  
3                   intersects with a point representing  
4                   the end of a straight line extension  
5                   from the end of the centerline of  
6                   Spring Street; then southeasterly  
7                   along the southwestern side of the  
8                   straight line extension from the end  
9                   of Spring Street to the intersection of  
10                  Manhattan Drive and Spring Street;  
11                  then westerly along the northern side  
12                  of the centerline of Manhattan Drive  
13                  to the intersection of Park Street;  
14                  then southerly along the western side  
15                  of the centerline of Park Street to the  
16                  intersection of College Street; then  
17                  westerly along the northern side of  
18                  the centerline of College Street to the  
19                  end of College Street; then westerly  
20                  on the northern side of a line drawn  
21                  from the end point of College Street

1                   due west to the boundary of the city  
2                   of South Burlington in Lake  
3                   Champlain; then northerly along the  
4                   city line of South Burlington to  
5                   where it intersects with Appletree  
6                   Point; then northeasterly then  
7                   southeasterly along the southeastern  
8                   side of the shore of Lake Champlain  
9                   to where the northwestern property  
10                  line of Leddy Park intersects with  
11                  the shore of Lake Champlain; then  
12                  northeasterly along the southern side  
13                  of that property line and continuing  
14                  from that property line in a straight  
15                  line to the intersection of North  
16                  Avenue; then southeasterly along the  
17                  southwestern side of the centerline of  
18                  North Avenue to the southern  
19                  boundary of Farrington's Trailer  
20                  Park; then northeasterly and then  
21                  northwesterly along the boundary of

1                   along the southern side of the  
2                   centerline of Farrington Parkway to  
3                   the intersection of Ethan Allen  
4                   Parkway, including all units at 282  
5                   Ethan Allen Parkway; then northerly  
6                   along the eastern side of the  
7                   centerline of Ethan Allen Parkway to  
8                   the intersection of VT Route 127;  
9                   then northwesterly along the  
10                  northern side of the centerline of VT  
11                  Route 127 to the intersection of the  
12                  boundary of the town of Colchester  
13                  at the Heineberg Bridge over the  
14                  Winooski River; then northerly and  
15                  easterly along the town line of  
16                  Colchester and then follow the town  
17                  line of Colchester southerly to the  
18                  boundary of the city of Winooski;  
19                  then southerly along the city line of  
20                  Winooski to the point of beginning

1        CHITTENDEN-18    That portion of the city of  
2                                    Burlington encompassed within a  
3                                    boundary beginning at the point  
4                                    where the northwestern property line  
5                                    of Leddy Park intersects with the  
6                                    shore of Lake Champlain; then  
7                                    northeasterly along the northern side  
8                                    of that property line and continuing  
9                                    from that property line in a straight  
10                                   line to the intersection of North  
11                                   Avenue; then southeasterly along the  
12                                   northeastern side of the centerline of  
13                                   North Avenue to the southern  
14                                   boundary of Farrington’s Trailer  
15                                   Park; then northeasterly and then  
16                                   northwesterly along the boundary of  
17                                   Farrington’s Trailer Park and the  
18                                   back property lines of property  
19                                   fronting Lopes Avenue to the  
20                                   northwest corner of the corner lot at  
21                                   the intersection of Lopes Avenue and

1                   Ethan Allen Parkway to the  
2                   intersection of VT Route 127; then  
3                   northwesterly along the southern  
4                   side of the centerline of VT Route  
5                   127 to the intersection of the  
6                   boundary of the town of Colchester  
7                   at the Heineberg Bridge over the  
8                   Winooski River; then northerly and  
9                   westerly along the Colchester town  
10                  line to the intersection with Lake  
11                  Champlain; then southerly along the  
12                  shore of Lake Champlain to the point  
13                  of beginning

2

14       CHITTENDEN-19   That portion of the town of  
15                   Colchester encompassed within a  
16                   boundary beginning at the point  
17                   where the southern boundary line of  
18                   the town of Colchester intersects  
19                   with the southbound lane of  
20                   Interstate 89; then northerly along  
21                   the eastern side of the southbound

1 lane of Interstate 89 to where it  
2 intersects with Sunderland Brook;  
3 then easterly along the northern side  
4 of Sunderland Brook to where it  
5 intersects with U.S. Route 7; then  
6 northerly along the western side of  
7 the centerline of U.S. Route 7 to the  
8 intersection of Blakely Road; then  
9 westerly along the southern side of  
10 the centerline of Blakely Road to  
11 where it intersects with the  
12 southbound lane of Interstate 89;  
13 then northerly along the western side  
14 of the southbound lane of Interstate  
15 89 to where it intersects with the  
16 Malletts Creek; then following  
17 Malletts Creek westerly out to its  
18 mouth joining Malletts Bay; then  
19 westerly on the south side of a line  
20 drawn across Malletts Bay from  
21 Interstate 89 to the boundary of the

1 town of South Hero; than  
2 southwesterly along the town line of  
3 South Hero to the boundary of the  
4 state of New York; then southerly  
5 along border of the state of New  
6 York to the boundary of the city of  
7 South Burlington; then easterly  
8 along the city line of South  
9 Burlington to the boundary of the  
10 city of Burlington; then southeasterly  
11 along the city line of Burlington to  
12 the boundary of the city of  
13 Winooski; then easterly along the  
14 city line of Winooski to the point of  
15 beginning 2  
16 CHITTENDEN-20 That portion of the town of  
17 Colchester not included in  
18 CHITTENDEN-19 2  
19 CHITTENDEN-21 Winooski 2  
20 CHITTENDEN-22 That portion of Essex encompassed  
21 within a boundary beginning at the

1                   lines of the properties fronting the  
2                   west side of Forest Road to the  
3                   intersection of the back property  
4                   lines of the properties fronting the  
5                   west side of Sidney Drive; then  
6                   northwesterly along the western side  
7                   of the back property lines of the  
8                   properties fronting the west side of  
9                   Sidney Drive to the intersection of  
10                  the back property lines of the  
11                  properties fronting the east and north  
12                  sides of Chestnut Lane; then turning  
13                  northwesterly along the southwestern  
14                  side of the back property lines of the  
15                  properties fronting the east and north  
16                  sides of Chestnut Lane, the north  
17                  side of Beech Street, then the north  
18                  and west sides of Spruce Lane to the  
19                  intersection of the southern property  
20                  boundary line of 39 Essex Way; then  
21                  northwesterly along the southern

1 side of the property line of 39 Essex  
2 Way to where it intersects with the  
3 Indian Brook; then southerly along  
4 the eastern side of the Indian Brook  
5 to where it intersects with Hubbells  
6 Falls Drive; then northwesterly along  
7 the southwestern side of the  
8 centerline of Hubbells Falls Drive to  
9 the intersection of Juniper Ridge  
10 Road; then southwesterly along the  
11 southeastern side of the centerline of  
12 Juniper Ridge Road to the  
13 intersection of Fairview Drive; then  
14 southerly following along the  
15 southeastern and then southwestern  
16 side of the centerline of Fairview  
17 Drive to the intersection of  
18 Hawthorne Circle; then westerly and  
19 northerly along the western and  
20 northern side of the centerline of  
21 Hawthorne Circle to the intersection

1                   southwesterly along the southeastern  
2                   side of the centerline of Drury Drive  
3                   to the intersection of Educational  
4                   Drive; then northwesterly along the  
5                   southwestern side of the centerline of  
6                   Educational Drive to the intersection  
7                   of Old Colchester Road and Grove  
8                   Street; then southerly along the  
9                   eastern side of Grove Street to the  
10                  intersection of North Street; then  
11                  briefly westerly along the southern  
12                  side of the centerline of North Street  
13                  to the intersection of Lincoln Street;  
14                  then northerly along the western side  
15                  of the centerline of Lincoln Street  
16                  and continuing on the western side  
17                  of Lincoln Street when it turns into  
18                  Colchester Road to where Colchester  
19                  Road intersects with the property  
20                  boundary line between 78 Lincoln  
21                  Street and 98 Colchester Road; then

1                   southwesterly along the  
2                   southeasterly side of the property  
3                   boundary line between 78 Lincoln  
4                   Street and 98 Colchester Road to  
5                   where it intersects with the Indian  
6                   Brook; then westerly along the  
7                   southern side of the back property  
8                   lines of those properties fronting the  
9                   south side of Pinecrest Drive to the  
10                  intersection of the back property  
11                  lines of the properties fronting the  
12                  end of Hampshire Court; then  
13                  southwesterly along the southeastern  
14                  side of the back property lines of the  
15                  properties fronting the end of  
16                  Hampshire Court and fronting the  
17                  east side of Dartmoor Court; then  
18                  turning northwesterly along the  
19                  southern side of the back property  
20                  lines of property fronting the  
21                  northeast side of Edgewood Drive to

1                   the intersection of the back property  
2                   lines of the properties fronting the  
3                   west side of Warner Avenue; then  
4                   turning southwesterly along the  
5                   southeastern side of the back  
6                   property lines of the properties  
7                   fronting the west side of Warner  
8                   Avenue to the end of the Sunderland  
9                   Brook; then turning southeasterly  
10                  along the northeastern side of the  
11                  property boundary between 2 Warner  
12                  Avenue and 4 Warner Avenue to the  
13                  intersection of Warner Avenue; then  
14                  southwesterly along the southeastern  
15                  side of the centerline of Warner  
16                  Avenue to the intersection of Pearl  
17                  Street; then northwesterly along the  
18                  southern side of the centerline of  
19                  Pearl Street to where it intersects  
20                  with the powerlines running  
21                  perpendicular to Pearl Street

1                   the intersection of Gentes Road; then  
2                   briefly easterly along the northern  
3                   side of the centerline of Gentes Road  
4                   to where it intersects with the  
5                   railroad tracks before Lamore Road;  
6                   then southerly along the eastern side  
7                   of the railroad tracks to where they  
8                   intersect with VT Route 289; then  
9                   southeasterly along the northeastern  
10                  side of the centerline of VT Route  
11                  289 to the intersection of Upper  
12                  Main Street; then northeasterly along  
13                  the northwesterly side of the  
14                  centerline of Upper Main Street to  
15                  the intersection of Center Road; then  
16                  easterly along the northern side of  
17                  the centerline of Center Road to the  
18                  intersection of Jericho Road; then  
19                  southeasterly along the northeastern  
20                  side of the centerline of Jericho Road  
21                  to the intersection of Allen Martin

1                    Drive; then southwesterly along the  
2                    southeasterly side of the centerline of  
3                    Allen Martin Road to the intersection  
4                    of Sandhill Road; then southerly  
5                    along the eastern side of Sandhill  
6                    Road to the intersection of River  
7                    Road; then westerly along the  
8                    northern side of the centerline of  
9                    River Road to where it intersects  
10                  with Alder Brook; then southerly  
11                  along the eastern side of Alder  
12                  Brook to the boundary of the town of  
13                  Williston; then easterly along the  
14                  town line of Williston to the  
15                  boundary of the town of Jericho;  
16                  then northeasterly along the town  
17                  line of Jericho to the boundary of the  
18                  town of Westford; then westerly  
19                  along the town line of Westford to  
20                  the boundary of the town of  
21                  Colchester; then southerly along the

1 town line of Colchester to the point  
2 of beginning  
3 CHITTENDEN-25 Westford and that portion of the  
4 town of Milton encompassed within  
5 a boundary beginning at the point  
6 where the southern boundary line of  
7 the town of Milton intersects with  
8 Middle Road; then northerly along  
9 the eastern side of the centerline of  
10 Middle Road to the intersection of  
11 Hobbs Road; then easterly along the  
12 southern side of the centerline of  
13 Hobbs Road to the intersection of  
14 McMullen Road; then northerly  
15 along the eastern side of the  
16 centerline of McMullen Road to the  
17 intersection of Kingsbury Crossing;  
18 then easterly along the southern side  
19 of the centerline of Kingsbury  
20 Crossing to where it intersects with  
21 the railroad tracks; then northerly

1

1                   along the eastern side of the railroad  
2                   tracks to where they intersect  
3                   Railroad Street; then northerly along  
4                   the eastern side of the centerline of  
5                   Railroad Street to the intersection of  
6                   Main Street; then easterly along the  
7                   southern side of the centerline of  
8                   Main Street to the intersection of  
9                   North Road; then northerly along the  
10                  eastern side of the centerline of  
11                  North Road to where it intersects  
12                  with the railroad tracks at the  
13                  intersection of Cooper Road; then  
14                  northerly along the eastern side of  
15                  the railroad tracks to where they  
16                  intersect with the boundary of the  
17                  town of Georgia; then southeasterly  
18                  along the town line of Georgia to the  
19                  boundary of the town of Westford;  
20                  then southwesterly along the town  
21                  line of Westford to the boundary of

1                   the town of Colchester; then westerly  
2                   along the town line of Colchester to  
3                   the point of beginning
