H.722

Introduced by Committee on Government Operations

Date:

Subject: Elections; House of Representatives; Senate; reapportionment;  
redistricting

Statement of purpose of bill as introduced: This bill proposes to reapportion  
the members of the House of Representatives

~~An act relating to final reapportionment of the House of Representatives~~ *An act relating to reapportioning the final representative districts of the House of Representatives and the senatorial districts of the Senate*

It is hereby enacted by the General Assembly of the State of Vermont:

Sec. 1. REPEALS

(a) 17 V.S.A. § 1893 (initial division) is repealed.

(b) 17 V.S.A. § 1893a (subdivision of initial districts) is repealed.

(c) 2022 Acts and Resolves No. 80 (an act relating to reapportioning the initial districts of the House of Representatives) is repealed.

Sec. 2. 17 V.S.A. § 1893b is added to read:

§ 1893b. HOUSE OF REPRESENTATIVES DISTRICTS

Notwithstanding the processes outlined in 17 V.S.A. chapter 34A regarding the enactment of initial districts and the subdivision of initial districts, for the 2022 reapportionment of the House of Representatives, the State is divided

1 into the following districts for the House of Representatives, each of which  
2 shall be entitled to the indicated number of Representatives:

<u>District</u>	<u>Towns and Cities</u>	<u>Representatives</u>
4 <u>ADDISON-1</u>	5 <u>That portion of the town of Middlebury encompassed</u> 6 <u>within a boundary beginning at the point where the</u> 7 <u>northern boundary line of Middlebury intersects with</u> 8 <u>U.S. Route 7; then southerly along the eastern side of</u> 9 <u>the centerline of U.S. Route 7 to the intersection of</u> 10 <u>Main Street; then southwesterly along the southeastern</u> 11 <u>side of the centerline of Main Street to the traffic circle;</u> 12 <u>then along the southeastern side of the centerline of the</u> 13 <u>northwestern section of the traffic circle to the</u> 14 <u>beginning of College Street; then westerly along the</u> 15 <u>southern side of the centerline of College Street to the</u> 16 <u>intersection of Weybridge Street; then northwesterly</u> 17 <u>along the southwestern side of the centerline of</u> 18 <u>Weybridge Street to the boundary of the town of</u> 19 <u>Weybridge; then westerly along the town line of</u> 20 <u>Weybridge to the boundary of the town of Cornwall;</u> 21 <u>then southerly along the town line of Cornwall to the</u> <u>boundary of the town of Salisbury; then easterly along</u>	

1                   the town line of Salisbury to the boundary of the town  
2                   of Ripton; then northerly along the town line of Ripton  
3                   to the boundary of Bristol; then northerly then westerly  
4                   along the town line of Bristol to the boundary of the  
5                   town of New Haven; then westerly along the town line  
6                   of New Haven to the point of beginning                   2  
7            ADDISON-2            Cornwall, Goshen, Leicester, Ripton, and Salisbury    1  
8            ADDISON-3            Addison, Ferrisburgh, Panton, Vergennes, Waltham and  
9                   that portion of the town of New Haven encompassed  
10                  within a boundary beginning at the point where the  
11                  northeastern boundary line of New Haven intersects  
12                  with the Mud Creek tributary running parallel to Lime  
13                  Kiln Road; then southerly along the western side of the  
14                  Mud Creek tributary running parallel to Lime Kiln Road  
15                  to where the Mud Creek tributary intersects with U.S.  
16                  Route 7; then southerly along the western side of the  
17                  centerline of U.S. Route 7 to where it intersects with the  
18                  New Haven River; then westerly along the northern side  
19                  of the New Haven River to where it intersects with the  
20                  Otter Creek; then westerly along the northern side of the  
21                  Otter Creek to where it intersects with Morgan Horse

1                   northern side of Roaring Branch to where it intersects  
2                   with Park Street; then southerly along the western side  
3                   of the centerline of Park Street to the intersection of  
4                   Gage Street; then westerly along the northern side of the  
5                   centerline of Gage Street to the intersection of North  
6                   Street; then southerly along the western side of the  
7                   centerline of North Street to the intersection of Main  
8                   Street; then northwesterly along the northern side of the  
9                   centerline of Main Street to the intersection of Dewey  
10                  Street; then southerly along the western side of the  
11                  centerline of Dewey Street to the intersection of  
12                  Monument Avenue Extension; then southerly along the  
13                  western side of Monument Avenue Extension to the  
14                  intersection of Carpenter Hill Road; then briefly easterly  
15                  along the southern side of the centerline of Carpenter  
16                  Hill Road to the intersection of U.S. Route 7; then  
17                  southerly along the western side of the centerline of  
18                  U.S. Route 7 to the boundary of the town of Pownal;  
19                  then westerly along the town line of Pownal to the state  
20                  border of New York; then northerly along the state  
21                  border of New York to the boundary of the town of

1 side of the centerline of North Road to the intersection  
2 of U.S. Route 7; then southerly along the eastern side of  
3 the centerline of U.S. Route 7 to the intersection of  
4 Kansas Road; then westerly along the southern side of  
5 the centerline of Kansas Road to the boundary of the  
6 town of Arlington; then southerly along the town line of  
7 Arlington to the boundary of the town of Glastenbury;  
8 then easterly along the town line of Glastenbury to the  
9 boundary of the town of Somerset; then northerly along  
10 the town line of Somerset to the boundary of the town  
11 of Stratton; then northerly along the town line of  
12 Stratton to the boundary of the town of Winhall; then  
13 westerly along the town line of Winhall to the boundary  
14 of the town of Manchester; then westerly along the town  
15 line of Manchester to the point of beginning 1  
16 BENNINGTON-4 Arlington, Manchester, Sandgate, and that portion of the  
17 town of Sunderland not included in BENNINGTON-3  
18 2  
19 BENNINGTON-5 That portion of the town of Bennington not included in  
20 BENNINGTON-2 and that portion of the town of  
21 Pownal not included in BENNINGTON-1 2

1	<u>BENNINGTON-</u>		
2	<u>RUTLAND</u>	<u>Danby, Dorset, Landgrove, Mount Tabor, and Peru</u>	<u>1</u>
3	<u>CALEDONIA-1</u>	<u>Barnet, Ryegate, and Waterford</u>	<u>1</u>
4	<u>CALEDONIA-2</u>	<u>Hardwick, Stannard, and Walden</u>	<u>1</u>
5	<u>CALEDONIA-3</u>	<u>Lyndon, Newark, Sheffield, Sutton, and Wheelock</u>	<u>2</u>
6	<u>CALEDONIA-</u>		
7	<u>ESSEX</u>	<u>Concord, Kirby, and St. Johnsbury</u>	<u>2</u>
8	<u>CALEDONIA-</u>		
9	<u>WASHINGTON</u>	<u>Cabot, Danville, and Peacham</u>	<u>1</u>
10	<u>CHITTENDEN-1</u>	<u>Richmond</u>	<u>1</u>
11	<u>CHITTENDEN-2</u>	<u>That portion of the town of Williston encompassed</u>	
12		<u>within a boundary beginning at the point where the</u>	
13		<u>southern boundary line of the town of Williston</u>	
14		<u>intersects with Oak Hill Road; then northerly along the</u>	
15		<u>eastern side of the centerline of Oak Hill Road to the</u>	
16		<u>intersection of Old Creamery Road; then westerly along</u>	
17		<u>the northern side of the centerline of Old Creamery</u>	
18		<u>Road to the intersection of VT Route 2A; then northerly</u>	
19		<u>along the eastern side of the centerline of VT Route 2A</u>	
20		<u>to where it intersects with the southbound lane of</u>	
21		<u>Interstate 89; then westerly along the northern side of</u>	

1        CHITTENDEN-10    That portion of the city of South Burlington  
2                                    encompassed within a boundary beginning at the point  
3                                    where the eastern boundary line of the city of South  
4                                    Burlington intersects with Williston Road; then westerly  
5                                    along the northern side of the centerline of Williston  
6                                    Road to the intersection of Hinesburg Road; then  
7                                    southerly along the western side of the centerline of  
8                                    Hinesburg Road to the intersection of Kennedy Drive;  
9                                    then westerly along the northern side of the centerline of  
10                                   Kennedy Drive to the intersection of Dorset Street; then  
11                                   northerly along the eastern side of the centerline of  
12                                   Dorset Street to the intersection of Williston Road; then  
13                                   westerly along the northern side of the centerline of  
14                                   Williston Road to the boundary of the city of  
15                                   Burlington; then northeasterly along the city line of  
16                                   Burlington to the boundary of the city of Winooski; then  
17                                   northeasterly along the city line of Winooski to the  
18                                   boundary of the town of Colchester; then easterly along  
19                                   the town line of Colchester to the boundary of the town  
20                                   of Essex; then easterly along the town line of Essex to  
21                                   the boundary of the town of Williston; then southerly

1                   Swift Street to the intersection of Dorset Street; then  
2                   southerly along the western side of the centerline of  
3                   Dorset Street to the intersection of Nowland Farm Road;  
4                   then westerly along the northern side of the centerline of  
5                   Nowland Farm Road to the intersection of Spear Street;  
6                   then southerly along the western side of the centerline of  
7                   Spear Street to the intersection of Allen Road; then  
8                   westerly along the northern side of Allen Road to the  
9                   intersection of U.S. Route 7; then briefly southerly  
10                  along the western side of the centerline of U.S. Route 7  
11                  to the boundary of the town of Shelburne; then westerly  
12                  along the town line of Shelburne to where it intersects  
13                  with Shelburne Bay; then northerly along the eastern  
14                  side of the town line of Shelburne as it runs along  
15                  Shelburne Bay; then westerly along the town line of  
16                  Shelburne across Lake Champlain to the state border of  
17                  New York; then northerly along the state border of New  
18                  York to the boundary of the town of Colchester; then  
19                  easterly along the town line of Colchester to the  
20                  boundary of the city of Burlington; then southerly along

1                   the city line of Burlington, then follow the city line of  
2                   Burlington to the point of beginning                   1  
3       CHITTENDEN-13   That portion of the city of Burlington encompassed  
4                   within a boundary beginning at the point where the  
5                   eastern boundary line of the city of Burlington intersects  
6                   with South Burlington Recreation Path; then westerly  
7                   along the southern side of the boundary between the  
8                   South Burlington Recreation Path and the Burlington  
9                   Country Club to where the South Burlington Recreation  
10                  Path turns north; then continuing westerly along the  
11                  southern side of the property line of the Burlington  
12                  Country Club to the property boundary line between 544  
13                  South Prospect Street and 500 South Prospect Street;  
14                  then westerly along the southern side of the property  
15                  line between 544 South Prospect Street and 500  
16                  Prospect Street to where it intersects with South  
17                  Prospect Street; then northerly along the western side of  
18                  the centerline of South Prospect Street to the  
19                  intersection of Cliff Street; then westerly along the  
20                  southern side of the centerline of Cliff Street to the  
21                  intersection of U.S. Route 7; then briefly northerly

1                   westerly along the northern side of the boundary  
2                   between the South Burlington Recreation Path and the  
3                   Burlington Country Club to where the South Burlington  
4                   Recreation Path turns north; then continuing westerly  
5                   along the northern side of the property boundary of the  
6                   Burlington Country Club to the property boundary line  
7                   between 544 South Prospect Street and 500 South  
8                   Prospect Street; then westerly along the northern side of  
9                   the property line between 544 South Prospect Street and  
10                  500 Prospect Street to where it intersects with South  
11                  Prospect Street; then northerly along the eastern side of  
12                  the centerline of South Prospect Street to the  
13                  intersection of Cliff Street; then westerly along the  
14                  northern side of the centerline of Cliff Street to the  
15                  intersection of U.S. Route 7; then briefly northerly  
16                  along the eastern side of the centerline of U.S. Route 7  
17                  to the intersection of Spruce Street; then westerly along  
18                  the northern side of the centerline of Spruce Street to the  
19                  intersection of South Union Street; then northerly along  
20                  the eastern side of the centerline of South Union Street  
21                  to the intersection of Adams Street; then westerly along

1                   the northern side of the centerline of Adams Street to  
2                   the intersection of South Winooski Avenue; then  
3                   northerly along the eastern side of the centerline of  
4                   South Winooski Avenue to the intersection of Buel  
5                   Street; then easterly along the southern side of the  
6                   centerline of Buel Street to the intersection of South  
7                   Union Street; then northerly along the eastern side of the  
8                   centerline of South Union Street to the intersection of  
9                   Pearl Street; then easterly along the southern side of the  
10                  centerline of Pearl Street to the intersection of U.S.  
11                  Route 7; then southerly along the western side of the  
12                  centerline of U.S. Route 7 to the intersection of College  
13                  Street; then easterly along the southern side of the  
14                  centerline of College Street to the intersection of South  
15                  Prospect Street; then southerly along the western side of  
16                  the centerline of South Prospect Street to the  
17                  intersection of U.S. Route 2; then southeasterly along  
18                  the southwestern side of the westbound lane of U.S.  
19                  Route 2 to the boundary of the city of South Burlington;  
20                  then southerly along the city line of South Burlington to  
21                  the point of beginning

1        CHITTENDEN-15    That portion of the city of Burlington encompassed  
2                                    within a boundary beginning at the point where the  
3                                    northern boundary line of the city of Burlington  
4                                    intersects with the railroad tracks crossing the Winooski  
5                                    River; then westerly along the southern side of the  
6                                    railroad tracks to where they intersect with a point  
7                                    representing the end of a straight line extension from the  
8                                    centerline of Hyde Street to the railroad tracks; then  
9                                    southwesterly along the eastern side of the straight line  
10                                   extension from the centerline of Hyde Street to the  
11                                   intersection of Hyde Street and Riverside Avenue; then  
12                                   southerly along the eastern side of the centerline of  
13                                   Hyde Street to the intersection of North Willard Street;  
14                                   then southerly along the eastern side of the centerline of  
15                                   North Willard Street to the intersection of North Street;  
16                                   then westerly along the southern side of the centerline of  
17                                   North Street to the intersection of North Winooski  
18                                   Avenue; then southerly along the eastern side of the  
19                                   centerline of North Winooski Avenue to the intersection  
20                                   of Pearl Street; then easterly along the northern side of  
21                                   the centerline of Pearl Street to the intersection of South

1 intersects with the railroad tracks crossing the Winooski  
2 River; then westerly along the northern side of the  
3 centerline of the railroad tracks to where it intersects  
4 with a point representing the end of a straight line  
5 extension from the end of the centerline of Spring  
6 Street; then southeasterly along the southwestern side of  
7 the straight line extension from the end of Spring Street  
8 to the intersection of Manhattan Drive and Spring  
9 Street; then westerly along the northern side of the  
10 centerline of Manhattan Drive to the intersection of Park  
11 Street; then southerly along the western side of the  
12 centerline of Park Street to the intersection of College  
13 Street; then westerly along the northern side of the  
14 centerline of College Street to the end of College Street;  
15 then westerly on the northern side of a line drawn from  
16 the end point of College Street due west to the boundary  
17 of the city of South Burlington in Lake Champlain; then  
18 northerly along the city line of South Burlington to  
19 where it intersects with Appletree Point; then  
20 northeasterly then southeasterly along the southeastern  
21 side of the shore of Lake Champlain to where the

1                   northwestern property line of Leddy Park intersects with  
2                   the shore of Lake Champlain; then northeasterly along  
3                   the southern side of that property line and continuing  
4                   from that property line in a straight line to the  
5                   intersection of North Avenue; then southeasterly along  
6                   the southwestern side of the centerline of North Avenue  
7                   to the southern boundary of Farrington’s Trailer Park;  
8                   then northeasterly and then northwesterly along the  
9                   boundary of Farrington’s Trailer Park and the back  
10                  property lines of property fronting Lopes Avenue to the  
11                  northwest corner of the corner lot at the intersection of  
12                  Lopes Avenue and Roseade Parkway, including all the  
13                  residences on Lopes Avenue and Blondin Circle; then  
14                  northeasterly along the back property lines between  
15                  property fronting on Roseade Parkway and Arlington  
16                  Court, including all the residences on Roseade Parkway;  
17                  then turning northwesterly along the back property lines  
18                  of property fronting Arlington Court to the intersection  
19                  of the back property lines of property fronting  
20                  Farrington Parkway on the southern side; then easterly  
21                  along those back property lines to Farrington Parkway;

1                   the northeastern side of the centerline of North Avenue  
2                   to the southern boundary of Farrington’s Trailer Park;  
3                   then northeasterly and then northwesterly along the  
4                   boundary of Farrington’s Trailer Park and the back  
5                   property lines of property fronting Lopes Avenue to the  
6                   northwest corner of the corner lot at the intersection of  
7                   Lopes Avenue and Roseade Parkway, including all of  
8                   the residences in Farrington’s Trailer Park and on  
9                   Poirier Place; then northeasterly along the back property  
10                  lines between property fronting on Roseade Parkway  
11                  and Arlington Court, including all the residences on  
12                  Arlington Court; then turning northwesterly along the  
13                  back property lines of property fronting Arlington Court  
14                  to the intersection of the back property lines of property  
15                  fronting Farrington Parkway on the southern side; then  
16                  easterly along those back property lines to Farrington  
17                  Parkway; then easterly along the northern side of the  
18                  centerline of Farrington Parkway to the intersection of  
19                  Ethan Allen Parkway; then northerly along the western  
20                  side of the centerline of Ethan Allen Parkway to the  
21                  intersection of VT Route 127; then northwesterly along

1 intersects with the Malletts Creek; then following  
2 Malletts Creek westerly out to its mouth joining Malletts  
3 Bay; then westerly on the south side of a line drawn  
4 across Malletts Bay from Interstate 89 to the boundary  
5 of the town of South Hero; than southwestly along the  
6 town line of South Hero to the boundary of the state of  
7 New York; then southerly along border of the state of  
8 New York to the boundary of the city of South  
9 Burlington; then easterly along the city line of South  
10 Burlington to the boundary of the city of Burlington;  
11 then southeasterly along the city line of Burlington to  
12 the boundary of the city of Winooski; then easterly  
13 along the city line of Winooski to the point of beginning  
14 2  
15 CHITTENDEN-20 That portion of the town of Colchester not included in  
16 CHITTENDEN-19 2  
17 CHITTENDEN-21 Winooski 2  
18 CHITTENDEN-22 That portion of Essex encompassed within a boundary  
19 beginning at the point where the southern boundary line  
20 of the town of Essex intersects with the property  
21 boundary between 18 River Road and 30 River Road;

1                   then northerly along the western side of the property  
2                   boundary between 18 River Road and 30 River Road to  
3                   the intersection of River Road; then briefly easterly  
4                   along the northern side of the centerline of River Road  
5                   to 3 River Road; then turning northeasterly along the  
6                   western side of the property line of 3 River Road to the  
7                   southwestern corner of the property boundary of 56  
8                   Forest Road; then northeasterly along the western side  
9                   of the back property lines of the properties fronting the  
10                  west side of Forest Road; then turning west-  
11                  northwesterly along the western side of the back  
12                  property lines of the properties fronting the west side of  
13                  Forest Road to the intersection of the back property  
14                  lines of the properties fronting the west side of Sidney  
15                  Drive; then northwesterly along the western side of the  
16                  back property lines of the properties fronting the west  
17                  side of Sidney Drive to the intersection of the back  
18                  property lines of the properties fronting the east and  
19                  north sides of Chestnut Lane; then turning  
20                  northwesterly along the southwestern side of the back  
21                  property lines of the properties fronting the east and

1                   north sides of Chestnut Lane, the north side of Beech  
2                   Street, then the north and west sides of Spruce Lane to  
3                   the intersection of the southern property boundary line  
4                   of 39 Essex Way; then northwesterly along the southern  
5                   side of the property line of 39 Essex Way to where it  
6                   intersects with the Indian Brook; then southerly along  
7                   the eastern side of the Indian Brook to where it  
8                   intersects with Hubbells Falls Drive; then northwesterly  
9                   along the southwestern side of the centerline of  
10                  Hubbells Falls Drive to the intersection of Juniper Ridge  
11                  Road; then southwestly along the southeastern side of  
12                  the centerline of Juniper Ridge Road to the intersection  
13                  of Fairview Drive; then southerly following along the  
14                  southeastern and then southwestern side of the  
15                  centerline of Fairview Drive to the intersection of  
16                  Hawthorne Circle; then westerly and northerly along the  
17                  western and northern side of the centerline of  
18                  Hawthorne Circle to the intersection of Fairview Drive;  
19                  then northwesterly along the southwestern side of the  
20                  centerline of Fairview Drive to the intersection of Main  
21                  Street; then southwestly along the southeastern side of

1                   the centerline of Main Street to the intersection of  
2                   Crestview Road; then northwesterly along the  
3                   southwestern side of the centerline of Crestview Road to  
4                   the intersection of Drury Drive; then northeasterly along  
5                   the southwestern side of the centerline of Drury Drive to  
6                   the intersection of Meadow Terrace; then northwesterly  
7                   along the southwestern side of the centerline of Meadow  
8                   Terrace to the intersection of Upland Road; then  
9                   southwesterly along the southeastern side of the  
10                  centerline of Upland Road to the intersection of Drury  
11                  Drive; then southwesterly along the southeastern side of  
12                  the centerline of Drury Drive to the intersection of  
13                  Educational Drive; then northwesterly along the  
14                  southwestern side of the centerline of Educational Drive  
15                  to the intersection of Old Colchester Road and Grove  
16                  Street; then southerly along the eastern side of Grove  
17                  Street to the intersection of North Street; then briefly  
18                  westerly along the southern side of the centerline of  
19                  North Street to the intersection of Lincoln Street; then  
20                  northerly along the western side of the centerline of  
21                  Lincoln Street and continuing on the western side of

1                   Lincoln Street when it turns into Colchester Road to  
2                   where Colchester Road intersects with the property  
3                   boundary line between 78 Lincoln Street and 98  
4                   Colchester Road; then southwesterly along the  
5                   southeasterly side of the property boundary line between  
6                   78 Lincoln Street and 98 Colchester Road to where it  
7                   intersects with the Indian Brook; then westerly along the  
8                   southern side of the back property lines of those  
9                   properties fronting the south side of Pinecrest Drive to  
10                  the intersection of the back property lines of the  
11                  properties fronting the end of Hampshire Court; then  
12                  southwesterly along the southeastern side of the back  
13                  property lines of the properties fronting the end of  
14                  Hampshire Court and fronting the east side of Dartmoor  
15                  Court; then turning northwesterly along the southern  
16                  side of the back property lines of property fronting the  
17                  northeast side of Edgewood Drive to the intersection of  
18                  the back property lines of the properties fronting the  
19                  west side of Warner Avenue; then turning southwesterly  
20                  along the southeastern side of the back property lines of  
21                  the properties fronting the west side of Warner Avenue

Route 2A; then southerly along the eastern side of the centerline of VT Route 2A to the intersection of Gentes Road; then briefly easterly along the northern side of the centerline of Gentes Road to where it intersects with the railroad tracks before Lamore Road; then southerly along the eastern side of the railroad tracks to where they intersect with VT Route 289; then southeasterly along the northeastern side of the centerline of VT Route 289 to the intersection of Upper Main Street; then northeasterly along the northwesterly side of the centerline of Upper Main Street to the intersection of Center Road; then easterly along the northern side of the centerline of Center Road to the intersection of Jericho Road; then southeasterly along the northeastern side of the centerline of Jericho Road to the intersection of Allen Martin Drive; then southwesterly along the southeasterly side of the centerline of Allen Martin Road to the intersection of Sandhill Road; then southerly along the eastern side of Sandhill Road to the intersection of River Road; then westerly along the ~~northern~~ *southern* side of the centerline of River Road to

where it intersects with Alder Brook; then southerly  
along the eastern side of Alder Brook to the boundary of  
the town of Williston; then easterly along the town line  
of Williston to the boundary of the town of Jericho; then  
northeasterly along the town line of Jericho to the  
boundary of the town of Westford; then westerly along  
the town line of Westford to the boundary of the town of  
Colchester; then southerly along the town line of  
Colchester to the point of beginning 1

1 CHITTENDEN-25 Westford and that portion of the town of Milton  
2 encompassed within a boundary beginning at the point  
3 where the southern boundary line of the town of Milton  
4 intersects with Middle Road; then northerly along the  
5 eastern side of the centerline of Middle Road to the  
6 intersection of Hobbs Road; then easterly along the  
7 southern side of the centerline of Hobbs Road to the  
8 intersection of McMullen Road; then northerly along the  
9 eastern side of the centerline of McMullen Road to the  
10 intersection of Kingsbury Crossing; then easterly along  
11 the southern side of the centerline of Kingsbury  
12 Crossing to where it intersects with the railroad tracks;

1                   then northerly along the eastern side of the railroad  
2                   tracks to where they intersect Railroad Street; then  
3                   northerly along the eastern side of the centerline of  
4                   Railroad Street to the intersection of Main Street; then  
5                   easterly along the southern side of the centerline of  
6                   Main Street to the intersection of North Road; then  
7                   northerly along the eastern side of the centerline of  
8                   North Road to where it intersects with the railroad  
9                   tracks at the intersection of Cooper Road; then northerly  
10                  along the eastern side of the railroad tracks to where  
11                  they intersect with the boundary of the town of Georgia;  
12                  then southeasterly along the town line of Georgia to the  
13                  boundary of the town of Westford; then southwesterly  
14                  along the town line of Westford to the boundary of the  
15                  town of Colchester; then westerly along the town line of  
16                  Colchester to the point of beginning                   1

17       CHITTENDEN-

18                  FRANKLIN                   That portion of the town of Milton not included in  
19                  CHITTENDEN-25 or GRAND ISLE-CHITTENDEN  
20                  and that portion of the town of Georgia encompassed  
21                  within a boundary beginning at the point where the

1                   southern boundary line of the town of Georgia intersects  
2                   with the northbound lane of Interstate 89; then northerly  
3                   along the eastern side of the northbound lane of  
4                   Interstate 89 to where it intersects with U.S. Route 7;  
5                   then southerly along the eastern side of the centerline of  
6                   U.S. Route 7 to the intersection of Highbridge Road;  
7                   then southeasterly along the southern side of the  
8                   centerline of Highbridge Road to Arrow Head Lake  
9                   Road; then southerly and westerly along the western  
10                  side of Arrow Head Lake Road to the intersection of  
11                  Georgia Mountain Road; then westerly along the  
12                  southern side of the centerline of Georgia Mountain  
13                  Road to where it intersects with the railroad tracks on  
14                  the southern bank of the Lamoille River; then southerly  
15                  along the western side of the railroad tracks to the  
16                  boundary of the town of Milton; then northeasterly  
17                  along the town line of Milton to the point of beginning
