An act relating to the Pupil Weighting Factors Report

It is hereby enacted by the General Assembly of the State of Vermont:

Sec. 1. FINDINGS

(a) 2018 Acts and Resolves No. 173, Sec. 11 directed the Agency of Education to undertake a study examining and evaluating the current formula used to weigh economically disadvantaged students, English language learners, and secondary-level students in Vermont for purposes of calculating equalized pupils. The study was also to consider whether new cost factors and weights should be included in the equalized pupil calculation.

(b) The findings from the Pupil Weighting Factors Report dated December 24, 2019 (Report), produced by a University of Vermont-led team of researchers, including national experts on student weighting, were stark, stating that “[n]either the factors considered by the [current] formula nor the value of the weights reflect contemporary educational circumstances and costs.” The Report also found that the current “values for the existing weights have weak ties, if any, with evidence describing the difference in the costs of educating students with disparate needs or operating schools in different contexts.”

(c) The major recommendations of the Report are straightforward, specifically that the General Assembly increase certain of the existing weights and that it add population density (rurality) as a new weighting factor, given

the Report's finding that rural districts pay more to educate a student.

However, given the statewide and unique nature of Vermont's education funding system and the reality that any change in the weighting formula is complex due to its relationship to other educational policies and will produce fluctuations in tax rates across the State, the General Assembly has chosen to develop a phased approach to revising the weighting formula.

Sec. 2. TASK FORCE ON THE IMPLEMENTATION OF THE PUPIL
WEIGHTING FACTORS REPORT

(a) Creation. There is created the Task Force on the Implementation of the Pupil Weighting Factors Report. The Task Force shall recommend to the General Assembly an action plan and proposed legislation to ensure that all public school students have equitable access to educational opportunities, taking into account the Pupil Weighting Factors Report dated December 24, 2019 (Report), produced by a University of Vermont-led team of researchers.

(b) Membership.

(1) The Task Force shall be a legislative task force and shall be composed of the following eight members:

(2) consider how categorical aid can address differences in the costs of educating students across school districts;

(3) for the purpose of calculating equalized pupils, recommend age ranges to be included and how to define a "person from an economically deprived background" taking into account the current definition in 16 V.S.A. § 4001(8) and similar definitions in Part A, Title I, of the Elementary and Secondary Education Act, as amended by the Every Student Succeeds Act, and eligibility for free and reduced-priced lunch under the National School Lunch Act;

(4) in recognition that the current formula used to calculate equalized pupils uses more than one mathematical method, consider changes to the formula to simplify it and make its calculation more transparent;

(5) recommend statutory changes in the Agency of Education's powers and duties to ensure that all school districts are meeting education quality standards and improving student outcomes and opportunities;

(6) recommend how to transition to the recommended weights and categorical aid to promote equity and ease the financial impact on school districts during the transition, including the availability and use of federal funding;

(7) consider the relationship between the recommended weights and categorical aid and the changes to special education funding under 2018 Acts and Resolves No. 173, including the impact on federally required maintenance of effort and maintenance of financial support;

(8) consider the interaction between the recommended weights and categorical aid and the goals and outcomes of 1997 Acts and Resolves No. 60, 2003 Acts and Resolves No. 68, and 2015 Acts and Resolves No. 46, each as amended;

(9) recommend ways to mitigate the impacts on residential property tax rates and consider tax rate equity between districts; and
