

S.219

An act relating to ensuring compliance with the U.S. and Vermont
Constitutions in the use of public funds for tuition

It is hereby enacted by the General Assembly of the State of Vermont:

* * * Provision of Publicly Funded Education in Vermont * * *

Sec. 1. 16 V.S.A. § 820 is added to read:

§ 820. PROVISION OF PUBLICLY FUNDED EDUCATION IN

VERMONT

(a) Findings and purpose.

(1) The Vermont Constitution provides that “a competent number of schools ought to be maintained in each town unless the general assembly permits other provisions for the convenient instruction of youth.” VT Const. CH II, § 68. Interpreting this provision in Brigham v. State, 692 A.2d 384 (1997), the Vermont Supreme Court stated that “[t]he state may delegate to local towns and cities the authority to finance and administer the schools within their borders; it cannot, however, abdicate the basic responsibility for education by passing it on to local governments, which are themselves creations of the state.” Id. at 395.

(A) From this, it is evident that the State has a constitutional obligation to provide public education to its youth. Many Vermont school districts operate schools, but others do not. Vermont is a relatively sparsely

populated and mountainous state that has made the operation of public schools unviable in certain regions of the State. Students who live in these regions do not have the choice of enrolling in a public school in their district; their only choice is to enroll in a public school operated by another school district or an independent school or to be homeschooled.

(B) Therefore, in order to fulfill its constitutional requirement to provide public education to its youth, the State permits school districts that do not operate schools (nonoperating school districts) to use public funds to send their resident youth to public schools operated by other school districts or to certain independent schools. In order for an independent school to be eligible to receive public tuition, this section requires these schools to:

(i) comply with all federal and State antidiscrimination laws applicable to Vermont public schools; and

(ii) not use public tuition to support religious instruction, religious indoctrination, religious worship, or the propagation of religious views.

(2) Chapter 1, Article 3 of the Vermont Constitution, known as the “Compelled Support Clause,” provides that “no person ... can be compelled to support any place of worship ... contrary to the dictates of conscience ...”

(A) In Chittenden Town v. Department of Education, 38 A.2d 539 (Vt. 1999), the Vermont Supreme Court held that a school district may pay public tuition to a school with a religious mission under the Compelled

Support Clause only if the school has adequate safeguards against the use of such funds for religious worship or instruction or the propagation of religious views.

(B) This section sets out adequate safeguards to ensure that public tuition is not used for religious instruction, religious indoctrination, religious worship, or the propagation of religious views.

(b) Conditions for eligibility of an approved independent school to receive public tuition. An approved independent school shall be eligible to receive public tuition only if all of the following conditions are met.

(1)(A) The school has adopted and implemented policies and procedures to comply with all federal and State antidiscrimination laws applicable to Vermont public schools and makes reasonable efforts to enforce these policies and procedures. Compliance with the requirements set forth in these antidiscrimination laws includes compliance with the Vermont Public Accommodations Act, 9 V.S.A. chapter 139, the Vermont Fair Employment Practices laws, 21 V.S.A. chapter 5, subchapter 6, and all other federal and State antidiscrimination laws that apply to public schools, to the same extent that these laws apply to public schools, even if those laws by their terms do not apply to the approved independent school.

(B) Notwithstanding 21 V.S.A. § 495(e) (Unlawful Employment Practice), which permits religious organizations, under limited circumstances,

to discriminate on the basis of sexual orientation or gender identity with respect to matters of employment, approved independent schools eligible to receive public tuition shall not discriminate on the basis of sexual orientation or gender identity with respect to matters of employment.

(C) The school posts and maintains on its website in a prominent place its policy to comply with all antidiscrimination laws that apply to public schools.

(2) None of the public tuition will be used to support religious instruction, religious indoctrination, religious worship, or the propagation of religious views, except for religious instruction that is designed to provide an overview of religious history and teachings and does not support religious instruction, religious indoctrination, religious worship, or the propagation of any one religion or theology over others. As used in this section, “indoctrination” means to instruct in a body of doctrine or principles.

(3) The school receives approval from the State Board of Education to receive public tuition. In order to receive State Board approval, the school shall, in addition to satisfying any conditions required by the State Board, enter into a contract with the State Board, signed by an authorized representative acting on behalf of the school’s governing body, agreeing to comply with the eligibility requirements under subdivisions (1)–(2) of this subsection (antidiscrimination; no use of funds for religious purposes).

(c) Process for payment and school selection.

(1) The State Board of Education shall maintain a list of approved independent schools eligible to receive public tuition on its website.

(2) A school district may only pay tuition to an approved independent school eligible to receive public tuition listed on the State Board's website. Payment of public tuition shall be made directly from the district to the school unless otherwise required by court order.

(d) Approved independent school eligible to receive public tuition. As used in this title, an "approved independent school eligible to receive public tuition" means an approved independent school that is eligible to receive public tuition under this section. An independent school meeting education quality standards under section 165 of this title or an approved independent school in Vermont functioning as an approved area career technical center under chapter 37 of this title that seeks to receive public tuition is required also to qualify as an approved independent school eligible to receive public tuition.

(e) No private right of action. No private right of action is created by this section against an approved independent school eligible to receive public tuition for noncompliance with subsection (b) of this section or noncompliance with the contract between the school and the State Board of Education required under that subsection. The State Board is authorized to use its powers under subdivision 166(b)(5) of this title to revoke, suspend, or impose conditions on

the eligibility of an approved independent school to receive public tuition for noncompliance with these requirements. The State Board shall establish and maintain a process to receive, investigate, and resolve allegations of noncompliance with these requirements in a manner that provides due process for the person or persons making the allegation and the approved independent school against which the allegation is made.

Sec. 1a. 16 V.S.A. § 820 is amended to read:

§ 820. PROVISION OF PUBLICLY FUNDED EDUCATION IN
VERMONT

(a) Findings and purpose.

(1) The Vermont Constitution provides that “a competent number of schools ought to be maintained in each town unless the general assembly permits other provisions for the convenient instruction of youth.” VT Const. (B) Therefore, in order to fulfill its constitutional requirement to provide public education to its youth, the State permits school districts that do not operate schools (nonoperating school districts) to use public funds to send their resident youth to public schools operated by other school districts or to certain independent schools. In order for an independent school to be eligible to receive public tuition, this section requires these schools to:

* * *

(b) Conditions for eligibility of an approved independent school to receive public tuition. An approved independent school shall be eligible to receive public tuition only if all of the following conditions are met.

* * *

(3) The school enrolls any student with an individualized education program who requires special education services and who is placed in the approved independent school as an appropriate placement and least restrictive environment for the student by the student's individualized education program team or by LEA as required under section 2973 of this title.

~~(3)~~(4) The school receives approval from the State Board of Education to receive public tuition. In order to receive State Board approval, the school shall, in addition to satisfying any conditions required by the State Board, enter into a contract with the State Board, signed by an authorized representative acting on behalf of the school's governing body, agreeing to comply with the eligibility requirements under subdivisions (1)–~~(2)~~(3) of this subsection (antidiscrimination; no use of funds for religious purposes; enrollment of students on an IEP).
