The Senate concurs in the House proposal of amendment with the following proposal of amendment thereto:

By striking out Sec. 23, effective dates, in its entirety and inserting in lieu thereof the following:

* * * Municipal Zoning * * *

Sec. 23. 24 V.S.A. § 2793e is amended to read:

§ 2793e. NEIGHBORHOOD PLANNING AREAS; DESIGNATION OF
NEIGHBORHOOD DEVELOPMENT AREAS

(a) Purpose. This section is intended to encourage a municipality to plan for new and infill housing in the area including and immediately encircling its designated downtown, village center, new town center, or within its designated growth center in order to provide needed housing and to further support the commercial establishments in the designated center. To support this goal, this section sets out a two-component process.

* * *

(b) Definitions.

(1) “Neighborhood planning area” means an automatically delineated area including and encircling a downtown, village center, or new town center designated under this chapter or within a growth center designated under this chapter. A neighborhood planning area is used for the purpose of identifying locations suitable for new and infill housing that will support a development pattern that is compact, oriented to pedestrians, and consistent with smart growth principles. To ensure a compact settlement pattern, the outer boundary of a neighborhood planning area shall be located entirely within the boundaries of the applicant municipality, unless a joint application is submitted by more than one municipality, and shall be determined:

* * *

(c) Application for designation of a neighborhood development area. The State Board shall approve a neighborhood development area if the application demonstrates and includes all of the following elements:

* * *

(5) The proposed neighborhood development area consists of those portions of the neighborhood planning area that are appropriate for new and infill housing, excluding identified flood hazard and fluvial erosion areas,

except those areas containing preexisting development in areas suitable for infill development as defined in § 29-201 of the Vermont Flood Hazard Area and River Corridor Rule. In determining what areas are most suitable for new and infill housing, the municipality shall balance local goals for future land use, the availability of land for housing within the neighborhood planning area, and the smart growth principles. Based on those considerations, the municipality shall select an area for neighborhood development area designation that:

(A) Avoids or ~~that~~ minimizes to the extent feasible the inclusion of “important natural resources” as defined in subdivision 2791(14) of this title. If an “important natural resource” is included within a proposed neighborhood development area, the applicant shall identify the resource, explain why the resource was included, describe any anticipated disturbance to such resource, and describe why the disturbance cannot be avoided or minimized. If the neighborhood development area includes flood hazard areas or river corridors, the local bylaws shall contain provisions consistent with the Agency of Natural Resources’ rules required under 10 V.S.A. § 754(a) to ensure that new infill development within a neighborhood development area occurs outside the floodway and will not cause or contribute to fluvial erosion hazards within the river corridor. If the neighborhood development area includes flood hazard areas or river corridors, local bylaws shall also contain provisions to protect river corridors outside the neighborhood development area consistent with the Agency of Natural Resources’ rules required under 10 V.S.A. § 754(a).

* * *

~~(6) The neighborhood development area is served by:~~

~~(A) municipal sewer infrastructure; or~~

~~(B) a community or alternative wastewater system approved by the Agency of Natural Resources. [Repealed.]~~

(7) The municipal bylaws allow minimum net residential densities within the neighborhood development area greater than or equal to four ~~single-family detached~~ dwelling units per acre for all identified residential uses or residential building types, exclusive of accessory dwelling units, or ~~no~~ not fewer than the average existing density of the surrounding neighborhood, whichever is greater. The methodology for calculating density shall be established in the guidelines developed by the Department pursuant to subsection 2792(d) of this title.

* * *

Sec. 24. 24 V.S.A. § 2793b is amended to read:

§ 2793b. DESIGNATION OF NEW TOWN CENTER DEVELOPMENT DISTRICTS

* * *

(b) Within 45 days of receipt of a completed application, the State Board shall designate a new town center development district if the State Board finds, with respect to that district, the municipality has:

* * *

(2) Provided a community investment agreement that has been executed by authorized representatives of the municipal government, businesses and property owners within the district, and community groups with an articulated purpose of supporting downtown interests, and contains the following:

* * *

(B) Regulations enabling high densities that are greater not less than four dwelling units, including all identified residential uses or residential building types, per acre and not less than those allowed in any other part of the municipality not within an area designated under this chapter.

* * *

Sec. 25. 24 V.S.A. § 4449 is amended to read:

(6) restrict development of and minimize impact to important natural resources, including new development in flood hazard areas, undeveloped floodplains, and river corridor areas, unless lawfully allowed for infill development in §29-201 of the Vermont Flood Hazard Area and River Corridor Rule;

(7) update the municipal plan's housing element as provided in subdivision 4382(a)(10) of this title related to addressing lower- and moderate-income housing needs, implement that element of the plan including through the bylaw amendments, and demonstrate how those bylaws support the implementation of the housing element; and
