§ 2370. LAW ENFORCEMENT OFFICER INFORMATION DATABASE

(a) Purpose. The purpose of this section is to create a law enforcement officer information database that catalogues potential impeachment information concerning law enforcement agency witnesses or affiants and enables a prosecutor to disclose such information consistently and appropriately under the obligations of Giglio v. United States, 405 U.S. 150 (1972), and its progeny.

(b) Database. The Vermont Criminal Justice Council shall maintain a database cataloging any potential impeachment information concerning a law enforcement officer. Potential impeachment information may include:

(1) any finding of misconduct that reflects upon the truthfulness or possible bias of the law enforcement officer, including a finding of a lack of candor during a criminal, civil, or administrative inquiry or proceeding;

(2) any past or pending criminal charge brought against the law enforcement officer;

(3) any allegation of misconduct bearing upon truthfulness, bias, or integrity that is the subject of a pending investigation;

(4) any prior findings by a judge that a law enforcement officer testified untruthfully, made a knowing false statement in writing, engaged in an unlawful search or seizure, illegally obtained a confession, or engaged in other misconduct;

(5) any misconduct finding or pending misconduct allegation that either casts a substantial doubt upon the accuracy of a law enforcement officer as a witness, including testimony, that a prosecutor intends to rely on to prove an element of any crime charged, or that might have a significant bearing on the admissibility of prosecution evidence;

(6) information that may be used to suggest that the law enforcement officer is biased for or against a defendant; or

(7) information that reflects that the law enforcement officer's ability to perceive and recall truth is impaired.

(c) Duty to report. A law enforcement agency's executive officer or designee shall report any information required to be cataloged under this section to the Council within 10 business days after discovering the information.

(d) Accessibility. The database shall be accessible to the State's Attorney of any county of this State or designee and the Attorney General of this State or designee for the purpose of complying with the disclosure obligations of Giglio v. United States, 405 U.S. 150 (1972), and its progeny. This database shall not be accessible to anyone not listed in this subsection.

(e) Confidentiality. The database, documents, materials, or other information in possession or control of the Council that are obtained by or reported to the Council under this section shall be confidential by law and privileged, shall not be subject to subpoena, and shall not be subject to discovery or admissible in evidence in any private civil action. The Council is authorized to use the database, or related documents, materials, or other information, in furtherance of the Council's official duties. Unless otherwise authorized by law, the Council shall not disclose the database or make related documents, materials, or other information public without the prior written consent of the law enforcement agency and the law enforcement officer. Neither the Council nor any person who received documents, materials, or other information shared under this section shall be required to testify in any
