2 Introduced by Committee on Government Operations

3 Date:

4 Subject: Executive Branch; education; retirement; State Employees'

5 Retirement System; State Teachers' Retirement System

6 Statement of purpose of bill as introduced: This bill proposes to make various
7 amendments to pension benefits and other postemployment benefits for
8 members of the Vermont State Employees' Retirement System and the
9 Vermont State Teachers' Retirement System. This bill also changes the
10 reporting dates for certain actuarial studies for the Vermont State Employees'
11 Retirement System, the Vermont State Teachers' Retirement System, and the
12 Vermont Municipal Employees' Retirement System.

13 An act relating to amending various public pension and other
14 postemployment benefits

15 It is hereby enacted by the General Assembly of the State of Vermont:

16 Sec. 1. 32 V.S.A. § 311a is added to read:

17 § 311a. PUBLIC RETIREMENT BENEFITS; UNFUNDED LIABILITY;

18 FINDINGS; PURPOSE; INTENT

19 (a) Findings. The General Assembly finds that:

1 (1) The actuarially determined employer contribution (ADEC) for the
2 Vermont State Employees' Retirement System (VSERS) has increased by an
3 annual growth rate of 12.1 percent between FY 2009 and FY 2023, and the
4 funded ratio of the VSERS has declined from 94.1 percent from FY 2008 to
5 67.6 percent by year-end FY 2021.

6 (2) The ADEC for the Vermont State Teachers' Retirement System
7 (VSTRS) has increased by an annual growth rate of 13 percent between
8 FY 2009 and FY 2023, and the funded ratio of the VSTRS has declined from
9 80.9 percent from FY 2008 to 52.9 percent by year-end FY 2021.

10 (3) The General Assembly has appropriated sufficient funds to fully pay
11 the ADEC for both VSERS and VSTRS at the recommended amounts since
12 FY 2007 and throughout the current amortization period.

13 (4) Since FY 2009, the accrued liabilities of VSERS and VSTRS have
14 grown faster than the assets of each plan, resulting in a gap between the
15 expected payout of future benefits and the assets VSERS and VSTRS have to
16 pay out those benefits to retired State employees and teachers. This gap is also
17 known as the unfunded liabilities for VSERS and VSTRS.

18 (5) In FY 2015, the General Assembly created the Retired Teachers'
19 Health and Medical Benefits Fund, and health care premiums are paid for
20 through a trust of the Fund on a pay-as-you go basis rather than from the
21 Vermont Teachers' Retirement Fund.

1 (6) The FY 2022 State budget expense for retiree health care benefits,
2 known as other postemployment benefits (OPEB), for State employees was
3 approximately \$37.2 million and \$35.1 million for teachers.

4 (7) As of the beginning of FY 2022, the State's unfunded liabilities for
5 health care benefits for retired State employees and teachers is \$2.75 billion.

6 (b) Purpose. The purpose of this section is to provide economic stability
7 for retired State employees and teachers by maintaining the financial health of
8 VSERS and VSTRS, while also addressing the unfunded liabilities in the
9 State's pension and OPEB plans and the decline in the funded ratios of those
10 retirement systems.

11 (c) Intent.

12 (1) It is the intent of the General Assembly to address the unfunded
13 liabilities and decline in funded ratios of VSERS and VSTRS by implementing
14 several measures, including:

15 (A) continuing the General Assembly's policy since FY 2007 to fully
16 fund the actuarially determined employer contributions rates for the VSERS
17 and VSTRS at the amounts recommended to the General Assembly each year;
18 and

19 (B) beginning in FY 2024 and ending in FY 2026, annually funding
20 an additional payment to the actuarially recommended unfunded liability
21 amortization payments for VSERS and for VSTRS that will increase to not

1 more than \$15,000,000.00 each year to each retirement system and, beginning
2 in FY 2027 and thereafter, continuing this additional payment until the VSERS
3 plan and the VSTRS plan respectively reach a 90 percent funded status.

4 (2) It is also the intent of the General Assembly to prefund other
5 postemployment benefits to create more security and predictability in health
6 care benefits for retired State employees and teachers.

15 (1)(A) Allocations. Contributions deducted from the compensation of
16 members together with any member contributions transferred thereto from the
17 predecessor systems shall be accumulated in the Fund and separately recorded
18 for each member. The amounts so transferred on account of Group A
19 members shall be allocated between regular and additional contributions. The
20 amounts so allocated as regular contributions shall be determined as if the rate
21 of contribution of four percent has been continuously in effect in the

1 predecessor system from which such amounts were transferred and the balance
2 of any amount so transferred on account of any Group A member shall be
3 deemed additional contributions. In the case of Group C members who were
4 members as of the date of establishment and Group D members, all
5 contributions transferred from predecessor systems shall be deemed regular
6 contributions. Those members who, prior to the date of establishment of this
7 system, had been contributing at a rate less than four percent shall have any
8 benefit otherwise payable on their behalf actuarially reduced to reflect such
9 prior contribution rate of less than four percent. Upon a member's retirement

16 has been determined by the actuary to have assets at least equal to its accrued
17 liability, contribution rates will be reevaluated by the actuary with a
18 subsequent recommendation to the General Assembly. In determining the
19 amount earnable by a member in a payroll period, the Retirement Board may
20 consider the annual or other periodic rate of earnable compensation payable to
21 such member on the first day of the payroll period as continuing throughout

1 such payroll period, and it may omit deduction from compensation for any
2 period less than a full payroll period if an employee was not a member on the
3 first day of the payroll period, and to facilitate the making of deductions it may
4 modify the deduction required of any member by such an amount as, on an
5 annual basis, shall not exceed one-tenth of one percent of the annual earnable
6 compensation upon the basis of which such deduction is to be made. Each of
7 the amounts shall be deducted until the member retires or otherwise withdraws
8 from service, and when deducted shall be paid into the Annuity Savings Fund,
9 and shall be credited to the individual account of the member from whose
10 compensation the deduction was made.

11 (2)(A) Group A members. Commencing on July 1, 2016, contributions
12 shall be 6.55 percent of compensation for Group A, ~~D, and F~~ members ~~and~~
13 ~~8.43 percent of compensation for Group C members. When the State~~

15 ~~assets at least equal to its accrued liability, contribution rates will be~~
16 ~~reevaluated by the actuary with a subsequent recommendation to the General~~
17 ~~Assembly. In determining the amount earnable by a member in a payroll~~
18 ~~period, the Retirement Board may consider the annual or other periodic rate of~~
19 ~~earnable compensation payable to such member on the first day of the payroll~~
20 ~~period as continuing throughout such payroll period, and it may omit deduction~~
21 ~~from compensation for any period less than a full payroll period if an employee~~

1 ~~was not a member on the first day of the payroll period, and to facilitate the~~
2 ~~making of deductions it may modify the deduction required of any member by~~
3 ~~such an amount as, on an annual basis, shall not exceed one tenth of one~~
4 ~~percent of the annual earnable compensation upon the basis of which such~~
5 ~~deduction is to be made. Each of the amounts shall be deducted until the~~
6 ~~member retires or otherwise withdraws from service, and when deducted shall~~
7 ~~be paid into the Annuity Savings Fund, and shall be credited to the individual~~
8 ~~account of the member from whose compensation the deduction was made.~~

9 (B) Group C members.

10 (i) Commencing the first full pay period in fiscal year 2023, the
11 contribution rate for Group C members shall be 9.03 percent of compensation;

21 D members. The rates shall be based on the schedule set forth below:

18 actuarial cost method known as "projected unit credit" and applying a rate of

20 section 523 of this title.

1 (B) The “accrued liability contribution” shall be the annual payment

13 unfunded liability over the remainder of the closed 26-year period in
14 installments.

15 (2) Any variation in the contribution of normal or accrued liability
16 contributions from those recommended by the actuary and any actuarial gains

18 amortized over the remainder of the closed 26-year period.

19 (3) The Board shall review annually the amount of State contributions

2 percentage of the payroll of all members sufficient to fund the normal cost and
3 the accrued liability contribution. On or before December 15 of each year, the
4 Board shall inform the Governor and the House and Senate Committees on
5 Government Operations and on Appropriations in writing about the amount
6 needed. The provisions of 2 V.S.A. § 20(d) (expiration of required reports)

3 compensation payable to such member on the first day of a payroll period as
4 continuing throughout the payroll period, and it may omit deduction from
5 compensation for any period less than a full payroll period if a teacher was not
6 a member on the first day of the payroll period, and to facilitate the making of
7 deductions it may modify the deduction required of any member by such an
8 amount as shall not exceed one-tenth of one percent of the annual earnable

15 (c) State contributions, earnings, and payments.

16 (1) All State appropriations and all reserves for the payment for all
17 pensions including all interest and dividends earned on the assets of the
18 Retirement System shall be accumulated in the Pension Fund. All benefits
19 payable under the System, except for retired teacher health and medical
20 benefits, shall be paid from the Pension Fund. Annually, the Retirement Board

1 shall allow regular interest on the individual accounts of members in the
2 Pension Fund ~~which~~ that shall be credited to each member's account.

3 (2) Beginning with the actuarial valuation as of June 30, 2006, the
4 contributions to be made to the Pension Fund by the State shall be determined
5 on the basis of the actuarial cost method known as "entry age normal." On
6 account of each member, there shall be paid annually by the State into the
7 Pension Fund a percentage of the earnable compensation of each member to be
8 known as the "normal contribution" and an additional percentage of the
9 member's earnable compensation to be known as the "accrued liability
10 contribution." The percentage rate of such contributions shall be fixed on the
11 basis of the liabilities of the System as shown by actuarial valuation. "Normal
12 contributions" and "accrued liability contributions" shall be by separate
13 appropriation in the annual budget enacted by the General Assembly.

14 (3) The normal contribution shall be the uniform percentage of the total
15 compensation of members that, if contributed over each member's prospective
16 period of service and added to such member's prospective contributions, if
17 any, will be sufficient to provide for the payment of all future pension benefits
18 after subtracting the sum of the unfunded accrued liability and the total assets
19 of the Pension Fund.

20 (4) It is the policy of the State of Vermont to liquidate fully the
21 unfunded accrued liability to the System. Beginning on July 1, 2008, until the

1 unfunded accrued liability is liquidated, the accrued liability contribution shall
2 be the annual payment required to liquidate the unfunded accrued liability over
3 a closed period of 30 years ending on June 30, 2038, provided that:

4 (A) From July 1, 2009 to June 30, 2019, the amount of each annual
5 basic accrued liability contribution shall be determined by amortization of the
6 unfunded liability over the remainder of the closed 30-year period in
7 installments increasing at a rate of five percent per year.

8 (B) Beginning on July 1, 2019 and annually thereafter, the amount of
9 each annual basic accrued liability contribution shall be determined by
10 amortization of the unfunded liability over the remainder of the closed 30-year
11 period in installments increasing at a rate of three percent per year.

12 (C) Any variation in the contribution of normal or unfunded accrued
13 liability contributions from those recommended by the actuary and any
14 actuarial gains and losses shall be added or subtracted to the unfunded accrued
15 liability and amortized over the remainder of the closed 30-year period.

16 * * *

17 (13) Annually, the Board shall certify an amount to pay the annual
18 actuarially determined employer contribution, as calculated in this subsection,
19 and additional amounts to reduce the unfunded accrued liability as follows:

20 (A) in fiscal year 2024, the amount of \$9,000,000.00;

21 (B) in fiscal year 2025, the amount of \$12,000,000.00; and

1 retirement allowance only in the year following attainment of ~~age 62~~ years of
2 age, and shall apply to: Group C members not having attained 57 years of age
3 or having completed at least 25 years of creditable service as of June 30, 2010,
4 and receiving an early retirement allowance only in the year following the
5 member's attainment of 65 years of age, provided the member has received
6 benefits for at least 12 months as of December 31 of the year preceding any
7 January adjustment. In the event of a decrease of the Consumer Price Index as
8 of June 30 for the preceding year, the retirement allowance of a beneficiary
9 shall not be subject to any adjustment on the next following January 1;
10 provided, however, that:

11 ~~(1)(A)~~ such decrease shall be applied as an offset against the first
12 subsequent year's increase of the Consumer Price Index, up to the full amount
13 of such increase; and

14 ~~(2)(B)~~ to the extent that such decrease is greater than such subsequent
15 year's increase, such decrease shall be offset in the same manner against two
16 or more years of such increases, for up to but not exceeding five subsequent
17 years of such increases, until fully offset.

18 (2) For Group C members who are eligible for retirement and leave
19 active service on or after June 30, 2023 and annually thereafter, in the event of
20 an increase, and provided that there exists a net increase following the
21 application of any offset as provided in this subsection, the retirement

1 allowance of each beneficiary in receipt of an allowance for at least 24 months
2 on the next following December 31 shall be increased by an amount equal to
3 one-half of the net percentage increase plus 7.5 percent each year; provided,
4 however, that if the Fund is less than 80 percent funded as of the most recent
5 actuarial valuation, or if the increase would result in the funded ratio for the
6 Fund decreasing to 79.9 percent or less, the net percentage shall remain at the
7 level that was in place at the time of the most recent actuarial valuation.

8 (c)(1) For purposes of subsection (a) of this section, the maximum amount
9 of any increase or decrease utilized to determine the net percentage increase
10 shall be five percent.
