J.R.H. 2

Joint resolution sincerely apologizing and expressing sorrow and regret to all individual Vermonters and their families and descendants who were harmed as a result of State-sanctioned eugenics policies and practices.

Rep. Stevens of Waterbury, for the Committee on General, Housing, and Military Affairs, recommends that the resolution be amended by striking out all Whereas and Resolved clauses and inserting in lieu thereof the following:

Joint resolution sincerely apologizing and expressing sorrow and regret to all individual Vermonters and their families and descendants who were harmed as a result of State-sanctioned eugenics policies and practices

Whereas, State institutions established in the 19th century, including the Vermont State Hospital for the Insane and the Vermont Reform School, became settings for the implementation of eugenics policies, and

Whereas, in 1912, the intent of the General Assembly to develop policies that in later years would be identified as the practice of eugenics was manifested with the passage of the subsequently vetoed S.79 of 1912, “An act to authorize and provide for the sterilization of imbeciles, feeble-minded, and insane persons, rapists, confirmed criminals and other defectives” and through the enactment of Acts and Resolves No. 81 of 1912, “An act to provide for the care, training and education of feeble-minded children,” the law authorizing the Brandon Training School, which opened in 1915, and

Whereas, in 1925, University of Vermont zoology professor Henry F. Perkins established the Eugenics Survey of Vermont, with the participation of leaders within Vermont State government, to collect evidence of Vermonters alleged delinquency, dependency, and deficiency, and

Whereas, State-sanctioned eugenics policies targeted Vermonters of Native American Indian heritage, including French-Indian and Abenaki families, and persons of mixed ethnicity and of French-Canadian heritage, as well as the poor and persons with disabilities, among others, and

Whereas, in 1927, S.59 “An act related to Voluntary Eugenic Sterilization” passed the Senate but was defeated in the House, and

Whereas, the General Assembly adopted 1931 Acts and Resolves No. 174 (Act 174) “An Act for Human Betterment by Voluntary Sterilization,” for the purpose of eliminating from the future Vermont genetic pool persons deemed mentally unfit to procreate, and

Whereas, Act 174 resulted in the sterilization of Vermonters, and whether these individuals provided informed consent can be questioned, and

Whereas, this State-sanctioned eugenics policy was not an isolated example of oppression, but reflected the historic marginalization, discriminatory treatment, and displacement of these targeted groups in Vermont, and

Whereas, eugenics advocates promoted sterilization for the protection of Vermont’s “old stock” and to preserve the physical and social environment of Vermont for their children, and

Whereas, the Eugenics Survey received assistance from State and municipal officials, individuals, and private organizations, and the resulting sterilization, institutionalization, and separation policies intruded on the lives of its victims and had devastating and irreversible impacts that still persist in the lives of the targeted groups and especially the descendants of those who were directly impacted, and

Whereas, in conducting the Eugenics Survey, the surveyors were granted access to case files from State agencies and institutions, and the files were made available to persons of authority, including police departments, social workers, educators, and town officials, and

Whereas, as a result of the opening of these files, children and adults were removed from families, individuals were institutionalized or incarcerated, family connections were severed, and the sense of kinship, continuity and community was lost, now therefore be it

Resolved by the Senate and House of Representatives:

That the General Assembly sincerely apologizes and expresses its sorrow and regret to all individual Vermonters and their families and descendants who were harmed as a result of State-sanctioned eugenics policies and practices, and be it further

Resolved: That the General Assembly recognizes that further legislative action should be taken to address the continuing impact of State-sanctioned eugenics policies and related practices of disenfranchisement, ethnocide, and genocide.

An act relating to registration of construction contractors

Rep. Troiano of Stannard, for the Committee on General, Housing, and Military Affairs, recommends the bill be amended by striking all after the enacting clause and inserting in lieu thereof the following:

Sec. 1. FINDINGS

The General Assembly finds that:

(1) There is currently no master list of residential construction contractors operating in the State.

(2) There is no standard process for determining or adjudicating construction contract fraud complaints either on the part of contractors or consumers.

(3) Public authorities have no mechanism to contact all contractors when necessary to provide updates to public health requirements, safe working protocols, codes and standards, and available trainings and certifications.

(4) Wide dissemination of information on codes, standards, and trainings is vital to improving construction techniques throughout the State's construction industry. Since building thermal conditioning represents over one-quarter of the State's greenhouse gas emissions, improving energy performance is a key strategy for meeting the requirements of the Global Warming Solutions Act, 2020 Acts and Resolves No. 153.

(5) While registration is not licensure and confers no assurance of competence, consumers have no way of knowing whether a contractor is operating legally or has been subject to civil claims or disciplinary actions.

(6) A noncommercial, standardized public listing will provide contractors an opportunity to include in their record optional third-party, State-sanctioned certifications.

Sec. 2. 3 V.S.A. § 122 is amended to read:

§ 122. OFFICE OF PROFESSIONAL REGULATION

The Office of Professional Regulation is created within the Office of the Secretary of State.
