Favorable with Recommendation of Amendment

S. 13.

An act relating to the implementation of the Pupil Weighting Factors Report.

Reported favorably with recommendation of amendment by Senator Champion for the Committee on Education.

The Committee recommends that the bill be amended by striking out all after the enacting clause and inserting in lieu thereof the following:

Sec. 1. FINDINGS

(a) 2018 Acts and Resolves No. 173, Sec. 11 directed the Agency of Education to undertake a study examining and evaluating the current formula used to weigh economically disadvantaged students, English language learners, and secondary-level students in Vermont for purposes of calculating equalized pupils. The study was also to consider whether new cost factors and weights should be included in the equalized pupil calculation.

(b) The findings from the Pupil Weighting Factors Report dated December 24, 2019 (Report), produced by a University of Vermont-led team of researchers, including national experts on student weighting, were stark, stating that “[n]either the factors considered by the [current] formula nor the value of the weights reflect contemporary educational circumstances and costs.” The Report also found that the current “values for the existing weights have weak ties, if any, with evidence describing the difference in the costs of educating students with disparate needs or operating schools in different contexts.”

(c) As a corrective to this situation, the major recommendations of the Report are straightforward, specifically that the General Assembly increase certain of the existing weights and that it add population density (rurality) as a new weighting factor, given the Report’s finding that rural districts pay more to educate a student. However, given the statewide nature of Vermont’s education funding system and the reality that any change in the weighting formula is complex due to its relationship to other educational policies and will produce fluctuations in tax rates across the State, the General Assembly has chosen to develop a phased approach to revising the weighting formula.

Sec. 2. TASK FORCE ON THE IMPLEMENTATION OF THE PUPIL WEIGHTING FACTORS REPORT

(a) Creation. There is created the Task Force on the Implementation of the Pupil Weighting Factors Report. The Task Force shall recommend to the General Assembly an action plan and proposed legislation to ensure that all public school students have equitable access to educational opportunities, taking into account the Pupil Weighting Factors Report dated December 24, 2019 (Report), produced by a University of Vermont-led team of researchers.

(b) Membership. The Task Force shall be composed of the following six members:

(1) a member of the Senate Committee on Finance, appointed by the Chair of the Committee;

(2) a member of the Senate Committee on Education, appointed by the Chair of the Committee;

(3) a member of the House Committee on Ways and Means, appointed by the Chair of the Committee;

(4) a member of the House Committee on Education, appointed by the Chair of the Committee;

(5) the Secretary of Education or designee; and

(6) the Chair of the State Board of Education or designee.

(c) Powers and duties. The Task Force shall recommend to the General Assembly an action plan and proposed legislation to ensure that all public school students have equitable access to educational opportunities, taking into account the Report, and shall:

(1) recommend which weighting factors to modify or create and their associated weights and whether any weights should be eliminated in lieu of categorical aid;

(2) consider use of categorical aid, including whether categorical aid should be used instead of some or all of the weighting factors and, if weighting factors are used, whether small schools grants, transportation aid, and other State grant funding targeted for a specific purpose should be adjusted or terminated;

(3) recommend how to ensure that school districts are using funding to meet education quality standards and improve student outcomes and opportunities;

(4) consider education property tax rates and the taxing capacity of school districts and how the Task Force's recommendations relate to the recommendations of the Vermont Tax Structure Commission Report dated February 8, 2021;

(5) recommend how to transition to the new weights or categorical aid to promote equity and ease the financial impact on school districts during the transition, including the availability and use of federal funding;

(6) recommend how tuition rates for non-operating school districts and career technical centers should be adjusted to account for the cost of educating students as reflected in the recommended weights or categorical aid;

(7) consider school funding formulas in other states and alternative models for school funding;

(8) consider the relationship between the recommended weights or categorical aid and the changes to special education funding under 2018 Acts and Resolves No. 173; and

(9) consider the impact of the recommended weights or categorical aid on the goals and outcomes of 1997 Acts and Resolves No. 60 and 2015 Acts and Resolves No. 46, each as amended.

(d) Consultant. The Task Force shall retain a consultant to assist it with executing its powers and duties. The consultant shall have expertise and experience in providing advice on Vermont's education funding and tax system

and shall be nationally recognized in the field of education funding and tax systems.

In performing its duties under this section, the Task Force shall collaborate with the Vermont Superintendents Association, the Vermont School Boards Association, the Vermont Council of Special Education Administrators, the Vermont Principals' Association, and the Vermont-National Education Association.

(f) Public meetings. The Task Force shall hold one or more meetings to share information and receive input from the public concerning its work, which may be part of or separate from its regular meetings.

(g) Report. On or before January 15, 2022, the Task Force shall submit a written report to the House and Senate Committees on Education, the House Committee on Ways and Means, and the Senate Committee on Finance with its action plan and proposed legislation.

(h) Meetings.

(1) The Secretary of Education shall call the first meeting of the Task Force to occur on or before August 1, 2021.

(2) The Task Force shall select a chair from among its members at the first meeting.

(3) A majority of the membership shall constitute a quorum.

pursuant to 2 V.S.A. § 23 for not more than 12 meetings. These payments shall be made from monies appropriated to the General Assembly.

Sec. 3. REQUIREMENT FOR ADDITIONAL LEGISLATIVE ACTION

During the second year of the 2021–2022 biennium, the House and Senate Committees on Education, the House Committee on Ways and Means, and the Senate Committee on Finance shall consider the action plan and legislation proposed by the Task Force on the Implementation of the Pupil Weighting Factors Report created under Sec. 2 of this act. It is the intent of the General Assembly that it pass legislation during the second year of the biennium that implements changes to how education is funded to ensure that all public school students have equitable access to educational opportunities. A positive vote of both the House and Senate, and approval by the Governor, would be required to implement these changes.

Sec. 4. APPROPRIATIONS

(a) The sum of \$10,800.00 is appropriated from the General Fund in fiscal year 2022 to the General Assembly for per diem and reimbursement of expenses for members of the Task Force on the Implementation of the Pupil Weighting Factors Report created under Sec. 2 of this act.

(b) The sum of \$150,000.00 is appropriated from the General Fund in fiscal year 2022 to the General Assembly for consultant expenses of the Task Force on the Implementation of the Pupil Weighting Factors Report created under Sec. 2 of this act.

Sec. 3. TAX INCREMENT FINANCING PROJECT DEVELOPMENT; PILOT PROGRAM

(a) Definitions. As used in this section:

(1) “Committed” means pledged and appropriated for the purpose of the current and future payment of tax increment financing and related costs as defined in this section.

(2) “Coordinating agency” means any public or private entity from outside the municipality’s departments or offices and not employing the municipality’s staff, which has been designated by a municipality to administer and coordinate a district during creation, public hearing process, approval

process, or administration and operation during the life of the district, including overseeing infrastructure development, real property development and redevelopment, assisting with reporting, and ensuring compliance with statute and rule.

(3) “Financing” means debt incurred, including principal, interest, and any fees or charges directly related to that debt, or other instruments or borrowing used by a municipality to pay for improvements and related costs for the approved project, only if authorized by the legal voters of the municipality in accordance with 24 V.S.A. § 1894. Payment for eligible related costs may also include direct payment by the municipality using the district increment. However, such anticipated payments shall be included in the vote by the legal voters of the municipality in accordance with subsection (f) of this section. If interfund loans within the municipality are used as the method of financing, no interest shall be charged. Bond anticipation notes may be used as a method of financing and may qualify as a municipality’s first incurrence of debt. A municipality that uses a bond anticipation note during the third or sixth year that a municipality may incur debt pursuant to subsection (f) of this section shall incur all permanent financing not more than one year after issuing the bond anticipation note.

(4) “Improvements” means the installation, new construction, or reconstruction of infrastructure that will serve a public purpose, including utilities, transportation, public facilities and amenities, land and property acquisition and demolition, and site preparation. “Improvements” also means the funding of debt service interest payments for a period of up to five years, beginning on the date on which the first debt is incurred.

(5) “Legislative body” means the mayor and alderboard, the city council, the selectboard, and the president and trustees of an incorporated village, as appropriate.

(6) “Municipality” means a city, town, or incorporated village.

(7) “Nexus” means the causal relationship that must exist between the improvements and the expected development and redevelopment in the TIF Project Zone or the expected outcomes in the TIF Project Zone.

(8) “Original taxable value” means the total valuation as determined in accordance with 32 V.S.A. chapter 129 of all taxable real property located within the project as of the creation date, provided that no parcel within the project shall be divided or bisected.

(9) “Project” means a public improvement, as defined in subdivision (4) of this subsection (a), with a total debt ceiling, including related costs, and principal and interest payments, of not more than \$5,000,000.00. A project must:

(A) clearly require substantial public investment over and above the normal municipal operating or bonded debt expenditures;

(B) only include public improvements that are integral to the expected private development; and

(C) meet one of the following four criteria:

(i) The development includes new or rehabilitated affordable housing, as defined in 24 V.S.A. § 4303.

(ii) The project will affect the remediation and redevelopment of a brownfield located within the district. As used in this section, “brownfield” means an area in which a hazardous substance, pollutant, or contaminant is or may be present, and that situation is likely to complicate the expansion, development, redevelopment, or reuse of the property.

(iii) The development will include at least one entirely new business or business operation or expansion of an existing business within the project, and this business will provide new, quality, full-time jobs that meet or exceed the prevailing wage for the region as reported by the Department of Labor.

(iv) The development will enhance transportation by creating improved traffic patterns and flow or creating or improving public transportation systems.

(10) “Related costs” means expenses incurred and paid by the municipality, exclusive of the actual cost of constructing and financing improvements, that are directly related to the creation and implementation of the project, including reimbursement of sums previously advanced by the municipality for those purposes. Related costs may not include direct municipal expenses such as departmental or personnel costs.

(11) “TIF project zone” means an area located within one or more active designations approved by the Vermont Downtown Development Board under 24 V.S.A. chapter 76A for the parcels in a municipality that have nexus to the project.

(b) Pilot program. Beginning on January 1, 2022 and ending on December 31, 2026, the Vermont Economic Progress Council is authorized to approve not more than 15 tax increment financing projects, provided that there shall be not more than one project per municipality.

(c) General authority. Under the pilot program established in subsection (b) of this section, a municipality, upon approval of its legislative body, may apply to the Vermont Economic Progress Council pursuant to the process set forth in subsection (e) of this section to use tax increment financing for a project.

(d) Eligibility.

(1) A municipality is only authorized to apply for a project under this section if:

(A) the project will serve one or more active designations approved by the Vermont Downtown Development Board under 24 V.S.A. chapter 76A; and

(B) the proposed infrastructure improvements and the projected development or redevelopment are compatible with confirmed municipal and regional development plans and the project has clear local and regional significance for employment, housing, or transportation improvements.

(2) A municipality with an approved tax increment financing district as set forth in 24 V.S.A. 1892(d) is not authorized to apply for a project under this section.

(e) Approval process. The Vermont Economic Progress Council shall do all of the following to approve an application submitted pursuant to subsection (c) of this section:

(1)(A) Review each application to determine that the infrastructure improvements proposed to serve the project and the proposed development in the project would not have occurred as proposed in the application, or would have occurred in a significantly different and less desirable manner than as proposed in the application, but for the proposed utilization of the incremental tax revenues.

(B) The review shall take into account:

(i) the amount of additional time, if any, needed to complete the proposed development for the project and the amount of additional cost that might be incurred if the project were to proceed without education property tax increment financing;

(ii) how the proposed project components and size would differ, if at all, including, if applicable to the project, in the number of units of affordable housing, as defined in 24 V.S.A. § 4303, without education property tax increment financing; and

(iii)(I) the amount of additional revenue expected to be generated as a result of the proposed project;

(II) the percentage of that revenue that shall be paid to the Education Fund;

(III) the percentage that shall be paid to the municipality; and

(IV) the percentage of the revenue paid to the municipality that shall be used to pay financing incurred for development of the project.

(2) Process requirements. Determine that each application meets all of the following requirements:

(A) The municipality held public hearings and established a project.

(B) The municipality has developed a tax increment financing project plan, including a project description; a development financing plan; a pro forma projection of expected costs; a projection of revenues; a statement and demonstration that the project would not proceed without the allocation of a tax increment; evidence that the municipality is actively seeking or has obtained other sources of funding and investment; and a development schedule that includes a list, a cost estimate, and a schedule for public improvements and projected private development to occur as a result of the improvements.

(f) Incurring indebtedness.

(1) A municipality approved under the process set forth in subsection (e) of this section may incur indebtedness against revenues to provide funding to pay for improvements and related costs for tax increment financing project development.

(2) Notwithstanding any provision of any municipal charter, the municipality shall only require one authorizing vote to incur debt through one instance of borrowing to finance or otherwise pay for the tax increment financing project improvements and related costs; provided, however, that a municipality may present one or more subsequent authorization votes in the event a vote fails. The municipality shall be authorized to incur indebtedness only after the legal voters of the municipality, by a majority vote of all voters present and voting on the question at a special or annual municipal meeting duly warned for the purpose, authorize the legislative body to pledge the credit of the municipality, borrow, or otherwise secure the debt for the specific

purposes so warned. The creation of the project shall occur at 12:01 a.m. on April 1 of the calendar year the municipal legislative body votes to approve the tax increment financing project plan.

(3) Any indebtedness shall be incurred within three years from the date of approval by the Vermont Economic Progress Council, unless the Vermont Economic Progress Council grants an extension of an additional three years pursuant to the substantial change process set forth in the 2015 TIF Rule; provided, however, that an updated plan is submitted prior to the three-year termination date of the project.

(g) Original taxable value. As of the date the project is approved by the legislative body of the municipality, the lister or assessor for the municipality shall certify the original taxable value and shall certify to the legislative body in each year thereafter during the life of the project the amount by which the total valuation as determined in accordance with 32 V.S.A. chapter 129 of all taxable real property located within the project has increased or decreased relative to the original taxable value.

(h) Tax increments.

(1) In each year following the approval of the project, the lister or assessor shall include no more than the original taxable value of the real property in the assessed valuation upon which the treasurer computes the rates of all taxes levied by the municipality and every other taxing district in which the project is situated, but the treasurer shall extend all rates so determined against the entire assessed valuation of real property for that year. In each year for which the assessed valuation exceeds the original taxable value, the municipality shall hold apart, rather than remit to the taxing districts, that proportion of all taxes paid that year on the real property within the project that the excess valuation bears to the total assessed valuation. The amount held apart each year is the "tax increment" for that year. No more than the percentages established pursuant to subsection (i) of this section of the municipal and State education tax increments received with respect to the project and committed for the payment for financing for improvements and related costs shall be segregated by the municipality in a special tax increment financing project account and in its official books and records until all capital indebtedness of the project has been fully paid. The final payment shall be reported to the treasurer, who shall thereafter include the entire assessed valuation of the project in the assessed valuations upon which municipal and other tax rates are computed and extended and thereafter no taxes from the project shall be deposited in the project's tax increment financing account.

(2) Notwithstanding any charter provision or other provision, all property taxes assessed within a project shall be subject to the provision of subdivision (1) of this subsection. Special assessments levied under 24 V.S.A. chapters 76A or 87 or under a municipal charter shall not be considered property taxes for the purpose of this section if the proceeds are used exclusively for operating expenses related to properties within the project and not for improvements within the district, as defined in subdivision (a)(3) of this section.

(3) Amounts held apart under subdivision (1) of this subsection shall only be used for financing and related costs as defined in subsection (a) of this section.

(i) Use of tax increment.

(1) Education property tax increment. For only debt incurred within the period permitted under subdivision (e)(3) of this section after approval of the project, up to 70 percent of the education tax increment may be retained for up to 20 years, beginning with the education tax increment generated the year in which the first debt incurred for the project financed in whole or in part with incremental education property tax revenue. Upon incurring the first debt, a municipality shall notify the Department of Taxes and the Vermont Economic Progress Council of the beginning of the 20-year retention period of the education tax increment.

(2) Use of the municipal property tax increment. For only debt incurred within the period permitted under subdivision (e)(3) of this section after approval of the project, not less than 85 percent of the municipal tax increment shall be retained to service the debt, beginning the first year in which debt is incurred, pursuant to subdivision (1) of this subsection.

(3) The Vermont Economic Progress Council shall determine there is a nexus between the improvement and the expected development and redevelopment for the project and expected outcomes in the TIF Project Zone.

(j) Distribution. Of the municipal and education tax increments received in any tax year that exceed the amounts committed for the payment of the financing for improvements and related costs for the project, equal portions of each increment may be retained for the following purposes: prepayment of principal and interest on the financing, placed in a special account required by subdivision (g)(1) of this section and used for future financing payments or used for defeasance of the financing. Any remaining portion of the excess municipal tax increment shall be distributed to the city, town, or village budget, in the proportion that each budget bears to the combined total of the budgets, unless otherwise negotiated by the city, town, or village, and any

remaining portion of the excess education tax increment shall be distributed to the Education Fund.

(k) Information reporting. Every municipality with an approved project pursuant to this section shall:

(1) Develop a system, segregated for the project, to identify, collect, and maintain all data and information necessary to fulfill the reporting requirements of this section, including performance measures.

(2) Provide, as required by events, notification to the Vermont Economic Progress Council and the Department of Taxes regarding any tax increment financing development project debt obligations, public votes, or votes by the municipal legislative body immediately following such obligation or vote on a form prescribed by the Council, including copies of public notices, agendas, minutes, vote tally, and a copy of the information provided to the public in accordance with 24 V.S.A. § 1894(i).

(3) Annually:

(A) Ensure that the tax increment financing project account required by subdivision (h)(1) is subject to the annual audit prescribed in subsection (m) of this section. Procedures must include verification of the original taxable value and annual and total municipal and education tax increments generated, expenditures for debt and related costs, and current balance.

(B) On or before February 15 of each year, on a form prescribed by the Council, submit an annual report to the Vermont Economic Progress Council and the Department of Taxes, including the information required by subdivision (2) of this section if not already submitted during the year, all information required by subdivision (A) of this subdivision (3), and the information required by 32 V.S.A. § 5404a(i), including performance measures and any other information required by the Council or the Department of Taxes.

(l) Annual report. The Vermont Economic Progress Council and the Department of Taxes shall submit an annual report to the Senate Committees on Economic Development, Housing and General Affairs and on Finance and the House Committees on Commerce and Economic Development and on Ways and Means on or before April 1 each year. The report shall include the date of approval, a description of the project, the original taxable value of the property subject to the project development, the scope and value of projected and actual improvements and developments in the TIF Project Zone, projected and actual incremental revenue amounts, and division of the increment revenue between project debt, the Education Fund, the special account required by subdivision (h)(1) and the municipal General Fund, projected and

actual financing, and a set of performance measures developed by the Vermont Economic Progress Council, which may include outcomes related to the criteria for which the municipality applied and the amount of infrastructure work performed by Vermont firms.

(m) Audit; financial reports. Annually, until the year following the end of the period for retention of education tax increment, a municipality with an approved project under this section shall:
