"May 20, 2021

The Honorable John Bloomer, Jr.  
Secretary of the Senate  
115 State House  
Montpelier, VT 05633-5401

Dear Mr. Bloomer:

Pursuant to Chapter II, Section 11 of the Vermont Constitution, I am returning S.107, *An act relating to confidential information concerning the initial arrest and charge of a juvenile*, without my signature, because of concerns with the policy to automatically raise the age of accountability for

crimes, and afford young adults protections meant for juveniles, without adequate tools or systems in place.

Three years ago, I signed legislation intended to give young adults who had become involved in the criminal justice system certain protections meant for juveniles. At the time, I was assured that, prior to the automatic increases in age prescribed in the bill, plans would be in place to provide access to the rehabilitation, services, housing and other supports needed to both hold these young adults accountable and help them stay out of the criminal justice system in the future.

This has not yet been the case. In addition to ongoing housing challenges, programs designed and implemented for children under 18 are often not appropriate for those over 18. Disturbingly, there are also reports of some young adults being used – and actively recruited – by older criminals, like drug traffickers, to commit crimes because of reduced risk of incarceration, potentially putting the young people we are trying to protect deeper into the criminal culture and at greater risk.

I want to be clear: I’m not blaming the Legislature or the Judiciary for these gaps. All three branches of government need to bring more focus to this issue if we are going to provide the combination of accountability, tools and services needed to ensure justice and give young offenders a second chance.

For these reasons, I believe we need to take a step back and assess Vermont’s “raise the age” policy, the gaps that exist in our systems and the unintended consequences of a piecemeal approach on the health and safety of our communities, victims and the offenders we are attempting to help. I see S.107 as deepening this piecemeal approach.

I also remain concerned with the lack of clarity in S.107 regarding the disparity in the public records law between the Department of Public Safety and the Department of Motor Vehicles.

Based on the objections outlined above, I am returning this legislation without my signature pursuant to Chapter II, Section 11 of the Vermont Constitution. I believe this presents an opportunity to start a much-needed conversation about the status of our juvenile justice initiatives and make course corrections where necessary, in the interest of public safety and the young Vermonters we all agree need an opportunity to get back on the right path.

Sincerely,

/s/Philip B. Scott

#### Text of Communication from Governor

“February 22, 2022

The Honorable John Bloomer, Jr.

Secretary of the Senate

115 State House

Montpelier, VT 05633-5401

Dear Mr. Bloomer:

Pursuant to Chapter II, Section 11 of the Vermont Constitution, I'm returning S. 30, *An act relating to prohibiting possession of firearms within hospital buildings* without my signature.

In 2018, I called for and signed the most comprehensive gun safety measures in our state's history. We established universal background check requirements; authorized extreme risk protection orders (i.e., "red flag" laws), providing tools to prevent someone from having a gun if there is credible evidence they may harm themselves or others; strengthened the ability of law enforcement to seize firearms from those accused of domestic violence; enhanced age requirements; and prohibited the sale and possession of bump stocks and large capacity magazines. This was a comprehensive, and historic, set of policies that take reasonable steps to help keep firearms out of the hands of people who should not have them. It's my belief that we need to give these new provisions more time to be fully understood and utilized, and that the Legislature should focus on educating Vermonters on these changes – and on addressing Vermont's mental health crisis – before additional gun laws are passed.

However, as I've also said, I'm open to a discussion about improving existing law to address the so-called "Charleston Loophole" and I'm offering a path forward below. This refers to a provision in federal law that provides automatic approval to someone who is buying a gun if a federal background check through the National Instant Criminal Background Check System (also known as NICS) doesn't produce a "red light" (i.e., reporting they are ineligible) within three business days.

S. 30 increases that timeframe from three days to an unlimited amount of time without acknowledging that an application expires in 30 days. So instead of holding the federal government accountable to complete the background check in a timely manner, it shifts all the burden away from government – where responsibility was intentionally placed in federal law – entirely onto the citizen. Law abiding citizens who become the victims of a government administrative error must themselves gather all applicable law enforcement and court records and try to understand and navigate a complex maze of federal bureaucratic process to try to rectify their "yellow" status.

For these reasons, I believe going from three to effectively 30 days is excessive and unreasonable for law-abiding citizens who wish to purchase a firearm for their own personal safety or for other lawful and constitutionally protected purposes.

However, I'm willing to work with the Legislature to find a path forward that gives the federal government more time to fulfill its obligations to complete background checks, without denying law-abiding citizens of their right to a fair and reasonable process.

A more reasonable standard would be to increase the current three-day waiting period to seven business days to allow the federal government additional time to resolve issues and make a final determination.

Given this bill's effective date of July 1, 2022, the Legislature has ample time to address my concerns and send me a bill I can sign.

Based on the objections outlined above I'm returning this legislation without my signature pursuant to Chapter II, Section 11 of the Vermont Constitution.

Sincerely,

/s/Philip B. Scott
