(a) Intent. It is the intent of the General Assembly in adopting this section:

(1) to create a State law prohibition on the use of automatic telephone dialing systems and on the placement of robocalls to Vermont consumers that is coextensive with the federal limitations created in the Telephone Consumer Protection Act and the Telemarketing and Consumer Fraud and Abuse Prevention Act; and

that such callers include an automated option to allow a consumer to stop future calls.

(b) Definitions. As used in this section, “automatic telephone dialing system” means equipment that has the capacity:

(3)(A) A person who receives a telephone call in violation of this section may bring an action in Superior Court for damages or a civil penalty, injunctive relief, punitive damages in the case of a willful violation, and reasonable costs and attorney’s fees.

(B) The court may issue an award for the greater of a person’s damages or a civil penalty of \$500.00 for a first violation and \$1,000.00 for each subsequent violation.

(e) Criminal penalties.

(1) A person who violates this section shall be imprisoned for not more than 90 days or fined not more than \$1,000.00 per violation, or both.

(2) Each telephone call constitutes a separate violation under this subsection.

(f) The Attorney General shall exercise his or her authority and discretion to work cooperatively with other state and federal government entities to identify callers who initiate robocalls to consumers in violation of this section and to enforce the provisions of this section regardless of the location of the caller.
