An act relating to improving prekindergarten through grade 12 literacy within the State.

Was taken up.

The House proposes to the Senate to amend the bill by striking out all after the enacting clause and inserting in lieu thereof the following:

* * * Purpose * * *

Sec. 1. PURPOSE

(a) The purpose of this act is to continue the ongoing work to improve literacy for all students in the State while recognizing that achieving this goal

will require a multiyear and multidimensional effort requiring continued focus by the General Assembly, the Administration, and school leaders.

(b) The State has been awarded Elementary and Secondary School Emergency Relief (ESSER) funding under the American Rescue Plan Act of 2021 Section 2001(f) to carry out, directly or through grants or contracts, activities to address learning loss by supporting the implementation of evidence-based interventions, such as summer learning or summer enrichment programs, extended day programs, comprehensive afterschool programs, or extended school year programs, and ensure that such interventions respond to students' academic, social, and emotional needs and address the disproportionate impact of the coronavirus on at-risk student populations, students experiencing homelessness, and children and youths in foster care, including by providing additional support to local educational agencies to fully address such impacts.

(c) The purpose of the technical support for supervisory unions under Sec. 3 of this act and the contractor support for the Agency of Education under Sec. 4 of this act is to carry out activities to address learning loss and improve literacy outcomes.

* * * Findings * * *

Sec. 2. FINDINGS

(a) Addressing literacy outcomes is a key strategy for the successful implementation of 2018 Acts and Resolves No. 173. The following findings from the report entitled "Expanding and Strengthening Best-Practice Supports for Students who Struggle" issued by the District Management Group in November 2017, which informed the development of Act 173, support the urgency to improve Vermont's literacy outcomes relative to special education reform:

(1) "Investing in the effectiveness of core reading instruction is critical for students in general education and students with disabilities."

(2) "Students with mild-to-moderate disabilities who struggle with reading may not be supported by teachers skilled in the teaching of reading."

(3) "While some special education teachers across the supervisory unions had a strong background in the teaching of reading, others indicated that they did not have the training or background to be effective supporting students struggling in reading."

(b) The following data indicate Vermont needs to improve its literacy outcomes at the early grades:

(1) Smarter Balanced Assessment Consortium results from 2016 to 2018 indicate that only about 50 percent of students in grade three were proficient in English Language Arts in each of these years.

(2) From 2015 to 2019, Vermont's average scale in grade four reading on the National Assessment of Educational Progress dropped every year from a high of 230 to a low score of 222.

(c) The COVID-19 emergency has adversely affected student academic and developmental progress. Failure to address literacy outcomes now could significantly impact student development for many years to come, since literacy is foundational to the success of each student.

(d) The General Assembly recognizes that improving literacy outcomes is a significant challenge for school systems and their constituencies, and that they will require time and assistance in making necessary changes.

Sec. 3. ASSISTANCE TO SUPPORT IMPROVED LITERACY OUTCOMES

(2) The Agency of Education shall, in accordance with the assurances required to be given by the Secretary of Education to the U.S. Department of Education under the American Rescue Plan Act of 2021, direct this funding to:

(A) address learning loss through the implementation of evidence-based interventions that respond to students' academic, social, and emotional needs and address the disproportionate impact of COVID-19 on student groups most impacted by the pandemic and for whom the pandemic exacerbated pre-existing inequities; and

(B) school districts that need additional support as evidenced by their needs assessment priorities in their COVID-19 recovery plans.

(c) The Agency of Education shall use the funding under Sec. 4(a) of this act to retain one or more contractors to provide the following technical assistance to supervisory unions:
