Joint House Resolution
J.R.H. 2

Joint resolution sincerely apologizing and expressing sorrow and regret to all individual Vermonters and their families and descendants who were harmed as a result of State-sanctioned eugenics policies and practices

Whereas, in 1925, University of Vermont zoology professor Henry F. Perkins established the discredited Eugenics Survey of Vermont to measure evidence of alleged delinquency, dependency, and mental defectiveness, and this survey targeted members of Abenaki bands, Vermonters of mixed racial or French-Canadian heritage, the poor, and persons with disabilities, and

Whereas, the General Assembly adopted 1931 Acts and Resolves No. 174 (Act 174), "An Act for Human Betterment by Voluntary Sterilization," for the purpose of eliminating from the future Vermont genetic pool persons deemed mentally unfit to procreate, and

Whereas, Act 174 resulted in the sterilization of Vermonters, and whether these individuals provided informed consent can be questioned, and

Whereas, this State-sanctioned eugenics policy was not an isolated example of oppression, but reflected the historic marginalization, discriminatory treatment, and displacement of these targeted groups in Vermont, and

Whereas, eugenics advocates promoted sterilization for the protection of Vermont’s “old stock” and to preserve the physical and social environment of Vermont for their children, and

Whereas, the Eugenics Survey advocated for assistance from State and municipal officials, and the resulting sterilization intruded on the lives of its victims and had devastating and irreversible impacts on the directly affected individuals and their families, and

Whereas, in conducting the Eugenics Survey, the surveyors were granted access to case files from State agencies and institutions, and the files were
made available to police departments, social workers, educators, and town officials, and

Whereas, as a result of the opening of these files, children were removed from families, individuals were institutionalized or incarcerated, family connections were severed, and the sense of kinship and community was lost, and

Whereas, on June 21, 2019, the University of Vermont issued a formal statement of sincere apology for its “unethical and regrettable” eugenics role, and the General Assembly, on behalf of the State of Vermont, should issue a similar apology, now therefore be it

Resolved by the Senate and House of Representatives:

That the General Assembly sincerely apologizes and expresses its sorrow and regret to all individual Vermonters and their families and descendants who were harmed as a result of State-sanctioned eugenics policies and practices, and be it further

Resolved: That the General Assembly recognizes that further legislative action should be taken to address the continuing impact of State-sanctioned eugenics policies and related practices of disenfranchisement and ethnocide leading to genocide.
