

VICET

PEOPLE PLACES CAPITAL

Simply put, we offer actionable advantages to Vermont's entrepreneurs through **people** (the ones you need to know), **places** (the communities that will support you), and **capital** (the dollars that will help you scale.)

HOW VCET STARTED HERE

- Launched May 2005 as 501 (c) 3
- UVM, Dr. John Evans, US Senator Patrick Leahy, Vermont Technology Council, State of Vermont at the start, then joined by Middlebury College and Consolidated Communications.
- 10+ Colleges and Universities
- +/- \$600k annual budget plus donated innovation hub spaces
- Our Team: 2 FT and 2 PT, a fantastic Board and >130 volunteer mentors
- #11 Globally / #5 in US by UBI Index in 2013
- Rural Impact Award from [INBIA](#) in 2018

PEOPLE

Our “**Talent Cloud**” of mentors, industry experts, advisors, investors, and partners, surrounds Vermont’s emerging businesses with the skills, experiences and networks they need to start, scale, and succeed.

Why I'm Here

I've been consulting in healthcare and manufacturing for decades now, and have always had entrepreneurial projects ongoing. I run a consulting business, but as Covid -19 has effectively sidelined...[CONTINUE](#)

About Me

Serial entrepreneur. Two skateboard companies, 3 consulting companies and a tech start up. Lifelong learner, passionate about systems thinking and optimization.

What Entrepreneurs are Saying...

“Just wanted to shoot a quick note and thank you again for meeting with me awhile back (almost pre-pandemic!) about our venture, and for helping plug me into the VT entrepreneurship space. We've gone through quite a rollercoaster since then and the Startup Collective has been a great resource and community for navigating the ride. We're finally launching tomorrow woohoo!”

GET PERKS

98 Companies accessed \$ 1.5 million in program savings or \$163,000 per company.

Companies have saved between \$500 to over \$200,000

What's Ahead for 2021

- Supporting **GROWTH** companies with advice, capital, talent and networks
- Providing Technical Support to companies in **RECOVERY** mode
- **SCALE HERE** platform and perks made more accessible
- Lead efforts for **DIVERSITY & INCLUSION** in Vermont startups and scaleups
- Recapitalize **VERMONT SEED CAPITAL FUND** with \$5M+ in new evergreen funding.

Vermont Seed Capital Fund, LP

Some Basics:

- “Entrepreneurs Seed Capital Fund” formed during 2008-9 financial crises in response to acute risk capital needs and to enable faster recovery.
- Competitive RFP process that selected the VCET team & organization.
- One time funds created an evergreen Fund as “Capital Infrastructure”
- Investors:
 - VEDA / State: \$4.13 M (ARRA and one time special funds)
 - VCET: \$1.00 M (HUD-EDI)
 - Capitalization: \$5.13 M

6. VCET Board of Directors (12)
 - Entrepreneurs / Business Owners
 - Higher Education & Economic Development Leaders
 - Innovation Hub Leaders

Why Recapitalization Matters Today

- Vermont's business model is **ENTREPRENEURSHIP** and the personal income taxes generated to support our state. We must support more!
- Acute startup equity need in Vermont exacerbated by COVID
 - Identified +/- 100 capital seekers
 - All sectors, types and locations
 - First time founders and first outside capital dried up in large part
 - Pulled Term Sheets, Predatory pricing/terms and Angels hesitant
 - State Economic Recovery Grants not accessible to many
- Fund impacted by two expected returns delay in 2020 from COVID.
- Demand is for \$500k to \$ 1 million a year forward. Not all get \$.
- The Ask: Invest one time state resources into high potential companies, teams and new high income jobs in front of us today via recapitalization.
- Supporters include: VTTA, LCRCC, VEDA, VT Technology Council and 300 Recapitalization Petitioners (Sept 2020) and dozens of startup founders.
