

Slides for VT Housing and Conservation Coalition Witnesses

House Corrections and Institutions Committee

February 19, 2021

A photograph of a rural landscape that has been flooded. The foreground is a large, dark, still body of water reflecting the overcast sky. In the middle ground, a line of green trees stands on a slightly elevated bank. To the right, a utility pole with power lines is visible. The background shows more trees and a hazy, overcast sky. The overall mood is somber and quiet.
