Dear Chair Briglin and House Committee on Energy & Technology Members,

I have reviewed the amendment to S.1 offered by Representative Sibilio on 4/23/21 that would require the owner of the Ryegate Plant to contribute to the cost of developing a contingency plan to address how to reduce the economic impacts that may occur if the Ryegate Plant closes.

Stored Solar is willing to contribute \$10,000 by August 1, 2021 to the Vermont Department of Forest, Parks and Recreation to assist in the development of this plan.

Thank you for your consideration of S.1.
