**Subject:** [External] House Health Care Committee - Nursing Workforce 2/3--follow up

Hi Clare,

This is follow up to today’s testimony. Please share this information with the Committee Members.

- The 2013 RN Workforce Report is attached.
- For these reports, full-time is defined as 32 hours or more per week, on average.
- The 2013 data compared to 2021 indicate a significant shift to part-time work. The data we have from the relicensure survey cannot answer the “why” or if this is related to an aging workforce, or COVID, etc. The 2023 data will provide further insight.
- AHEC does not have data on salaries--the Department of Labor is a resource for this information.
- AHEC’s workforce summary report comes from the relicensure survey and its minimum data set. We do not control the questions asked on that survey.
- Information about Vermont high schools for Educational Loan Repayment (RN and LPN) applicants is below.

## ELR Nursing Applications

2018 - 2021

*Vermont High School Totals*

<b>Total Count:</b>	<b>33</b>	<b>47</b>	<b>35</b>	<b>36</b>
