Subject: RE: Brownfields language in miscellaneous cons and dev bill

Dear Chair Sheldon,

Thank you for the opportunity to review and comment on this portion of the draft on behalf of the regional planning commissions as the Chair of our Natural Resources Committee. Tom and I talked and we do not have any concerns with the proposed language and appreciate the addition of municipalities to this part of statute. Any changes that bring more parties to the efforts to clean up brownfield sites and put them back into productive use are welcome.

We appreciate the offer to come in and testify, but do not see a need with respect to this subject. Thank you for reaching out.

Best regards,
Charlie Baker
