7 Sec. 1. FINDINGS AND INTENT

8 (a) The General Assembly finds:

9 (1) Uniform laws, standards, and best practices provide desirable and  
10 practicable uniformity that:

11 (A) benefits core aspects of government operations and commerce;

12 (B) facilitates intrastate and interstate business transactions,  
13 commerce, and economic development; and

14 (C) provides consistency for individuals and businesses.

15 (2) Notarial acts and the recording of deeds and other property records  
16 are:

17 (A) core aspects of government operations and commerce that benefit  
18 from uniformity; and

1           (B) common intrastate and interstate business transactions that should  
2           be consistent and facilitated through the enactment of uniform laws and  
3           adoption of uniform standards and best practices.

4           (3) The Uniform Law Commission, also known as the National  
5           Conference of Commissioners on Uniform State Laws, has adopted uniform  
6           laws related to notarial acts and the recording of deeds and other property  
7           records that have been accepted and enacted into law by a substantial number  
8           of states, including:

9           (A) the Revised Uniform Law on Notarial Acts or “RULONA” of  
10           2010, which was enacted by the General Assembly pursuant to 2018 Acts and  
11           Resolves No. 160 to govern actions by a notary public;

12           (B) the Uniform Electronic Transaction Act or “UETA” of 1999,  
13           which was enacted by the General Assembly pursuant to 2003 Acts and  
14           Resolves No. 46 to establish the legal equivalence of electronic records and  
15           signatures with paper records and manually signed signatures and remove  
16           barriers to electronic commerce; and

(4) The COVID-19 pandemic exacerbated the need to modernize:

(A) notarial acts to include those performed on electronic records and for remotely located individuals; and

(B) the acceptance, recording, and availability of deeds and other property records in electronic form.

(5) The COVID-19 pandemic underscored the need for approaches to modernization that are carefully planned; coordinated and comprehensive; multi-jurisdictional; and include fiscal, governance, and operational sustainability.

(b) Therefore, it is the intent of the General Assembly to provide a practical step forward to modernizing notarial acts and the recording of deeds and other property records in the State of Vermont through legislation that promotes uniformity within Vermont and with other states, specifically:

(1) uniform laws that have been accepted and enacted into law by a substantial number of states;

(2) uniform standards and best practices that have been accepted and adopted by a substantial number of states; and

1           (3) uniform approaches to modernization that are carefully planned;
