

1 H.218

2 Representatives Rosenquist of Georgia and Hango of Berkshire move that
3 the bill be amended in Sec. 1, 6 V.S.A. chapter 152, in section 2778, in
4 subsection (b), by adding a subdivision (5) to read:

5 (5) Prior to delivery of raw milk to a farm stand or CSA organization for
6 sale, the producer shall test the milk for Escherichia coli, Salmonella, Listeria
7 monocytogenes, and Campylobacter using polymerase chain reaction pathogen
8 testing. If the results of the test indicate the presence of Escherichia coli,
9 Salmonella, Listeria monocytogenes, or Campylobacter, the producer shall
10 dispose of the milk and not sell it to a consumer, farm stand, or CSA
11 organization.
