

Sec. 5. CORRECTIONS; ASSESSMENT OF MENTAL HEALTH SERVICES

On or before November 1, 2021, the Departments of Corrections and of Mental Health shall jointly submit an inventory and evaluation of the mental health services provided by the entity with whom the Department of Corrections contracts for health care services to the House Committees on Corrections and Institutions, on Health Care, and on Judiciary and to the Senate Committees on Health and Welfare and on Judiciary. The evaluation shall include a comparison as to how the type, frequency, and timeliness of mental health services provided in a correctional setting differ from those services available in the community. The evaluation shall further address how the memorandum of understanding executed by the Departments of Corrections and of Mental Health impacts the mental health services provided by the entity with whom the Department of Corrections contracts for health care services.

Sec. 6. FORENSIC CARE WORKING GROUP

(a) On or before August 1, 2021, the Department of Mental Health shall convene a working group of interested stakeholders, including as appropriate, the Department of Corrections, the Department of State's Attorneys and Sheriffs, the Office of the

Attorney General, the Office of the Defender General, the Director of Health Care Reform, the Department of Buildings and General Services, a representative appointed by Vermont Care Partners, a representative appointed by Vermont Legal Aid's Mental Health Project, two crime victims representatives appointed by the Vermont Center for Crime Victim Services, the Mental Health Care Ombudsman established pursuant to 18 V.S.A. §7259, a representative of the designated hospitals appointed by the Vermont Association of Hospitals and Health Care Systems, a person with lived experience of mental illness, and any other interested party permitted by the Commissioner of Mental Health, to:

- 1) Identify any gaps in the current mental health and criminal justice system structure and opportunities to improve public safety and the coordination of treatment for individuals incompetent to stand trial or who are adjudicated not guilty by reason of insanity. The working group shall review competency restoration models used in other states and explore models used in other states that balance the treatment and public safety risks posed by individuals found not guilty by reason of insanity, such as Psychiatric Security Review Boards, including the Connecticut Psychiatric Security Review Board, and guilty but mentally ill verdicts in criminal cases.

(2) Evaluate various models for the establishment of a State-funded forensic treatment facility for individuals found incompetent to stand trial or who are adjudicated not guilty by reason of insanity. The evaluation shall address:

(A) the need for a forensic treatment facility in Vermont;

(B) the entity or entities most appropriate to operate a forensic treatment facility;

(C) the feasibility and appropriateness of repurposing an existing facility for the purpose of establishing a forensic treatment facility versus constructing a new facility for this purpose;

(D) the number of beds needed in a forensic treatment facility and the impact that repurposing an existing mental health treatment facility would have on the availability of beds for persons seeking mental health treatment in the community or through the civil commitment system; and

(E) the fiscal impact of constructing or repurposing a forensic treatment facility and estimated annual operational costs considering “institutions of mental disease” waivers available through the Center for Medicare and Medicaid Services that do

not provide federal fiscal participation for forensic mental health patients.

(3) Consider the notification process under 13 V.S.A. §4822(c)(2)(C) when the Commissioner is required to provide notification to the prosecutor upon becoming aware that persons on orders of non-hospitalization are not complying with the order or that the alternative treatment is not adequate to meet the person's treatment needs. The working group shall make any recommendations it deems necessary to clarify the process, including recommendations as to what facts and circumstances should trigger the Commissioner's duty to notify the prosecutor, and recommendations as to steps that the prosecutor should take after receiving the notification.

(b) Members of the working group who are not State employees shall be entitled to per diem compensation and reimbursement of expenses for attending meetings as permitted under 32 V.S.A. § 1010.

(c) On or before November 1, 2021, the Department of Mental Health shall submit a report containing the findings and recommendations of the working group to the Joint Legislative Justice Oversight Committee. The report shall include proposed

draft legislation addressing any identified needed changes to statute.
