<b>Participation Percentage</b>	(ADP/Enrollment)		<b>38.5%</b>

<i>Percentage Point Change*</i>	(e.g. 65% to 75% is 10 percentage points)		

\*compared for each year to corresponding schools in Year "0" (the last year prior to operating Universal School Meals)

Each year corresponds to the number of years operating a Universal Meals Provision. Some schools that started USM more recently (in 2018 and 2019) were excluded because they had insufficient data.

In our estimate we used data from Year 4, corresponding to the completion of a cycle in CEP or Provision 2 and the most years completed by a large sample of schools. Fewer schools have operated these programs for 5 or 6 years.

*All data used here was provided by the Agency of Education though data requests.*

This document was prepared by Tim Morgan, Child Nutrition & Program Data Manager, Hunger Free Vermont.

It was provided to the House Education Committee on 3/30/22
