**Subject:** [External] Public Input of Redistricting Map Vermont

[External]

Greetings,

I am writing to you today to declare that I am a resident and registered voter of the Town of Monkton, Vermont.

Last year, I participated in a poll regarding the proposed redistricting map. It was, and still is, my preference to see the town of Monkton support the redistricting map wherein Vermonters have the same number of House Representatives on the single district map.

I believe that voters' concerns are more purposefully represented in the map adopted by LAB 11/23/2021.

I support the LAB Adopted map, dated 11/23/2021

Regards,  
Peggy S. Beauchemin
