Madame Chair,

Attached is testimony on behalf of the towns I represent, and specifically Readsboro and Dover's BCAs.

I recognize the extraordinary pressure your committee is under given the significant delays in getting census numbers and that your committee takes this process and ensuring equal representation extremely seriously.

As always, it is my intent to engage productively and to lift my voters voices.

Kind regards,

Rep. Laura H. Sibia

The word "Vermonters" does not describe a political party, a birthplace, a religion, a race or a gender. We're all in this together.
