Subject: [External] Redistricting

[External]

Good Morning:

Please share with Government Operations

It has come to my attention that there is still a problem with
The Essex Districts.

The last proposal sent by the BCA was agreed upon by the Legislators and Board members.
Now I find out that you are letting certain legislators make changes.

Our proposal evened out the numbers.

I also do not believe it is fair that you are allowing some Representatives to cherry pick their
districts when they had originally agreed to our proposal.

This is my 4th time doing redistricting, never before have we had such a hard time
getting our proposal accepted by this committee.

I would be happy to discuss your concerns with our proposal

Thank you for your time
Dawn Hill-Fleury
Essex BCA Chairman
