Hello,  
Please find the attached letter from the Town of Williston Board of Civil Authority.  
This is our same proposal as submitted in November of 2021.

We are glad to see that half of our motion was honored; that we remain one district with two Representatives. Thank you for this.

However, we remain **strongly opposed** to the segment of our population that we will be losing potentially going with Essex or South Burlington.

- Williston shares no community resources or ties with these two much larger cities.
- We are naturally divided geographically by two major land marks (Winooski River and Muddy/Potash Brooks)

Williston voters should be included and represented within a similar and like-minded community, such as a town that we share a consolidated school district with, Champlain Valley School District (CVSD) comprised of Williston, St. George, Hinesburg, Shelburne and Charlotte residents.

Thank you,  
Respectfully submitted,

Sarah Mason
