Office of Legislative Counsel
Attn: Reapportionment

Motion made by Brian Dubie and seconded by Ron Bocash

The Town of Fairfield Board of Civil Authority votes to endorse the LAB adopted map (not the LAB Alternative Map). The LAB adopted map will continue 10 years of established relationships between the Towns of Fairfield, Bakersfield, and Fletcher. These three towns have similar demographics and have coordinated, shared, and delivered services for over a decade in the following areas: East Fairfield Community Center, Fire Services, at the Library, and our shared road infrastructure. The Board of Civil Authority also strongly recommends keeping Fairfax district intact and against slicing off a segment and adding it to Fairfield and Fletcher.

The motion passed unanimously.

Thank You
