RE: 2022 Reapportionment (Redistricting) – *Rutland County Region*

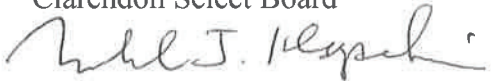

To whom it may concern:

The Clarendon Select Board has recently discussed the implications that the proposed redistricting may have on our town. There is concern that this type of change could diminish local control, something Clarendon strives to uphold. The Select Board is not in favor of being reapportioned to a 1-member district, and wishes to remain a 2-member district. The Board came to this agreement unanimously.

Please keep us abreast to any changes on this matter.

Sincerely,

Clarendon Select Board

Michael Klopchin, Chair
