Data Note: Data is point-in-time as of 09/30/xx, annually for DCF Custody Cases. Family Support & CCO Cases are as of the day the report is run, as close to 09/30/xx as possible. May not reflect 09/30/xx. DCF Custody and CCO cases are at the child level. Family Support cases are a family count. More than one child may exist.
Family First Prevention Services Act: Child Welfare Reform

Family First Prevention Services Act (FFPSA) is the most significant child welfare law in the last 20 years. FFPSA dramatically alters the federal financial structure for child welfare programming and provides the legislative foundation for states to substantially transform their child welfare systems to invest more in family preservation services, family-based services, and increase the quality of necessary congregate care.

The table below provides the Department’s costs for full implementation for FFPSA. Failure to fully implement FFPSA results in DCF’s inability to leverage Title IV-E funds for residential care and a failure to move the system of care into alignment with best-practices and federal standards.

Child Development Division (CDD)
CDD improves the well-being of Vermont children by developing and administering a continuum of high-quality, comprehensive child development and family support services that promote health and well-being, school readiness and foundations for lifelong success.

FY 2023 SUMMARY & HIGHLIGHTS

Pay Act: $122,933 ($119,967 GF)

Retirement Rate Increase: $173,556 ($168,236 GF)

Technical adjustment to align anticipated receipts with federal fund sources: $368,700 (-$377,508 GF)

CCFAP rate adjustment:
• CCFAP rate adjustment (75th percentile)
• Increase provider closed-days and family vacation days.
• Total cost: $4,914,233

Expand provider network for school-aged children (CCFAP): $6,962,587
Child Care Financial Assistance Program (CCFAP) Initiative

High Quality child care, pre-K, and afterschool care are critical components of stable and supported families. Vermont’s children depend on their child care settings for early learning, enrichment, and safe, high-quality care. Vermont needs a system that enables both children and their families to thrive.

In the SFY2023 Budget, DCF proposes:

• Increasing CCFAP base allocation by $4,914,233 to align Vermont with the federal standard for CCFAP rates. By moving from the 50th percentile to the 75th percentile, families will have access to 75 percent of providers within their expected family co-pay with no additional payment thus broadening access to care for low- and middle- income families.

• In current child care policy, the State pays for 15 provider closed-days and 10 family vacation-days. In this budget proposal, DCF also would increase provider closed-days from 15 to 30, and family vacation-days from 10 to 20.

• Expanding the provider network of afterschool and summer programs for school-aged children. By increasing the number of programs that accept CCFAP, we can expand the breadth of opportunities for Vermont children ages 6-13. Cost: $6,962,587.

The Vermont Department of Taxes also proposed relief to the child care system:

• Expansion of the Child and Dependent Care Credit equal to 50% of the federal credit.
• A Child Care worker income tax credit of $1,000.
• A full exemption from education property taxes for Pre-K providers in FY23, partial refund for licensed child care providers in FY24.
Office of Child Support (OCS)

OCS improves children’s economic security by:

1. Establishing, enforcing and modifying child support orders for children who do not live with both parents.

2. Collecting, recording and distributing child support payments through the OCS Registry.

Aid to the Aged, Blind and Disabled (AABD)
This program provides a financial supplement to recipients of federal SSI who are over 65, disabled or blind and do not have sufficient income to provide a reasonable subsistence needed for their well-being as defined in 33 V.S.A. Chapter 13. It also funds the Essential Person Program by providing cash assistance to household members whose care is essential to an aged or disabled person in the home.
Emergency/General Assistance (GA)
GA provides emergency financial assistance to eligible individuals and families. This may include help paying for:
- Personal needs and incidentals (PNI)
- Housing
- Fuel & utilities
- Medical
- Burial costs

FY 2023 SUMMARY & HIGHLIGHTS

The General Assistance program meets many needs of Vermonters, including housing through the General Assistance Emergency Housing program.

The GA Emergency Housing program is currently paid for by federal FEMA funding (100%) that requires no matched state funds and is not captured within our SFY 2023 budget.
