To: Representative Ann Pugh, Chair, House Committee on Human Services

From: S. Lauren Hibbert

Re: Act 6(2021) Telehealth Professions

Dear Chair Pugh,

I received your request for a list of professions that utilized the Act 6 licensure flexibilities, specifically the telehealth provisions.

The Office of Professional Regulation has 59 profession types that could be considered “health-care professionals” under Act 6 (2021). The Office is aware that many of these profession types utilized the Act 6 licensure flexibilities during the preceding two years; however, since there was not a registration requirement in that bill or its predecessors, the Office does not know which of these profession types or how many individuals practiced telehealth in our State. The Office is actively working on detailed recommendations on which of these professions we believe should have a pathway for out-of-state professionals to obtain a telehealth registration or license currently proposed in H.655.

I am happy to come before your committee to discuss this issue.

S. Lauren Hibbert

Profession	Profession Type
Acupuncture	Licensed Acupuncturist
Alcohol & Drug Abuse Counselors	Apprentice Addiction Professional
	Certified Alcohol and Drug Counselor
	Licensed Alcohol and Drug Abuse Counselors
