

Below are Tricia Tyo's answers to questions asked during testimony yesterday.

1. How many households receiving the RUERA are in subsidized housing through voucher or public housing? **Of 1328 households 71 % are subsidized, only 378 households have a rent obligation more than \$400 per month. A reminder that Vermont Rental Subsidy can be used to assist some families without subsidy once their ERAP months exhaust. It is a temporary bridge (up to 12 months) to a permanent voucher.**
2. How many reach up households are in emergency housing motels? **106 families and 209 kids.**

Please let me know if the Committee needs anything else!

Thank you,
Macie
