

Dear Human Services Committee,

These petitions are from Vermonters opposed to Proposal 5. While directed to individuals' specific legislators, we wanted to share copies of all of them with those of you on the Human Services Committee as you consider whether or not to advance Proposal 5.

We believe the voices of Vermont voters are being ignored in the rush to get Prop 5/Article 22 through the legislative process of amending the Constitution and wanted to personally bring them to your attention.

You may notice a difference between the organization name on this document and the one on the petitions. After mailing out these petitions to Vermont voters we were attacked for trying to speak out about this bad proposal.

The method of attack was a legal accusation that our organization's name was too close to another organization here in Vermont. We believe this claim to be baseless and an effort to intimidate and slow down our grassroots efforts. Our name was trademarked and the state evidently didn't see the same issue. However, we didn't want to spend hard-earned Vermont voter donations on legal issues. So, we went through the process of completing our name change.

While we do not intend to use our old name, these petitions were already signed by your constituents. We want to ensure we honor our promise to them to deliver them to you. They are alarmed, as we are, that Article 22 would:

- Enshrine Late-term, Anything-Goes abortion in the Constitution.
- Remove conscience rights from doctors and nurses who do not wish to perform abortions or sterilizations.
- Prevent parental involvement in important medical decisions of minor children.
- Require taxpayer funding of radical policies regardless of what elected officials or voters desire.
- Prevent future generations from weighing in on these important issues through the democratic process.

We believe that these are not what a majority of Vermont voters want, and their voices are only starting to be heard.

We will continue to raise awareness about Article 22/Prop 5.

Respectfully,

Vermonters for Good Government
