

- Lawmakers have received testimony that there are alternatives to poisonous PFAS foams.
- VT has a long history of standing up to unjust federal laws and directives, dating all the way back to the inhumane Fugitive Slave Act. Don't use federal laws as an excuse to not protect downstream Vermonters. Drinking safe water is more important than smoking cannabis.
- Stop the Pentagon's poisoning of Vermonters and guard members.
- Poison wrapped in a flag is still a poison.
- Require flourine-free foam now.
