

**Memorandum**  
**House Judiciary Committee**  
**February 18, 2021**

As a follow up to my testimony to the House Appropriations Committee this afternoon on behalf of the Vermont Center for Crime Victim Services (CCVS), I have drafted some language to add to the budget regarding fees and funding for victim services. We would appreciate your committee's support of this proposal

CCVS administers three different funds: The Victims' Compensation Fund, the Restitution Fund, and the Domestic and Sexual Violence Fund. The funds were established for a particular purpose and have specific funding sources.

In 2013, a study committee was formed to look at this issue. The study committee concluded that:  
*The evidence demonstrates clearly that in the near future the Vermont Center for Crime Victim Services' sources of funding will be insufficient to meet the needs of crime victims.*

The report laid out steps to take to address the lack of sustainability of the funding sources. However, as of today, our funding model remains unsustainable. Therefore, we are requesting that a study committee be convened to look at developing a sustainable plan for funding victim services into the future.

We are proposing the following language to be added to the FY 2022 budget:

Sec. XXX Funding for Crime Victim Services; Study Committee

(a) Creation. There is created the Crime Victim Services Funding Study Committee to examine the existing funding source(s) for services for victims of crime in Vermont.
