

1 TO THE HOUSE OF REPRESENTATIVES:

2 The Committee on Natural Resources, Fish, and Wildlife to which was
3 referred House Bill No. 115 entitled “An act relating to household products
4 containing hazardous substances” respectfully reports that it has considered the
5 same and recommends that the bill be amended by striking out all after the
6 enacting clause and inserting in lieu thereof the following:

7 Sec. 1. FINDINGS

8 The General Assembly finds that:

9 (1) Thousands of household products sold in the State contain
10 substances designated as hazardous under State or federal law.

11 (2) Vermont’s hazardous waste rules establish specific requirements for
12 the management of hazardous waste, including a prohibition on disposal in
13 landfills.

14 (3) Leftover household products, known as household hazardous waste
15 (HHW), are regulated through a requirement that municipal solid waste
16 management entities (SWMEs) include provisions in solid waste
17 implementation plans for the management and diversion of unregulated
18 hazardous waste. The State solid waste management plan also will require the
19 SWMEs to each hold **four** HHW collection events every year.

20 (4) Many SWMEs already offer more than **four** HHW collection events
21 each year, and **seven** of the SWMEs have established permanent facilities for
22 the regular collection of HHW.

1 (5) HHW collection events or permanent facilities are expensive to
2 operate, and SWMEs spend approximately \$1.6 million a year to manage
3 HHW, costs that are subsequently passed on to the residents of Vermont
4 through taxes or disposal charges.

5 (6) As a result of the failure to divert HHW, it is estimated that 640 tons
6 or more per year of HHW are being disposed of in landfills.

7 (7) There is general agreement among the SWMEs and the Agency of
8 Natural Resources that additional collection sites and educational and
9 informational activities are necessary to capture more of the HHW being
10 disposed of in landfills.

11 (8) Funding constraints are a current barrier to new collection sites and
12 educational and informational activities.

13 (9) HHW released into the environment can contaminate air,
14 groundwater, and surface waters, thereby posing a significant threat to the
15 environment and public health.

16 (10) To improve diversion of HHW from landfills, reduce the financial
17 burden on SWMEs and taxpayers, reduce the cost of the overall system of
18 managing HHW, and lessen the environmental and public health risk posed by
19 improperly disposed of HHW, the State shall implement a program to require
20 the manufacturers of household products containing a hazardous substance to
21 implement a stewardship organization to collect household products containing
22 a hazardous substance free of charge to the public.

1 Sec. 2. 10 V.S.A. chapter 164B is added to read:

2 CHAPTER 164B. COLLECTION AND MANAGEMENT OF
3 HOUSEHOLD HAZARDOUS PRODUCTS

4 § 7181. DEFINITIONS

5 As used in this chapter:

6 (1) “Agency” means the Agency of Natural Resources.

7 (2) “Consumer product” means any product that is regularly used or
8 purchased to be used for personal, family, or household purposes.

9 (3) “Covered entity” means any person who presents to a collection
10 facility that is included in an approved collection plan any number of covered
11 household hazardous products.

12 (4)(A) “Covered household hazardous product” means a consumer
13 product offered for retail sale that is contained in the receptacle in which the
14 product is offered for retail sale, if the product has any of the following
15 characteristics:

16 (i) The product or a component of the product is a hazardous
17 waste under the federal Resource Conservation and Recovery Act of 1976,
18 Pub. L. No. 94-580, as amended, including due to characteristics of
19 ignitability, corrosivity, reactivity, or toxicity as defined in 40 C.F.R.
20 §§ 261.20–261.24, regardless of the status of the generator of the hazardous
21 waste.

1 (ii) The physical properties of the product meet the criteria for
2 designation as a class 2, 3, 4, 5, 6, or 8 hazardous material, as defined in
3 49 C.F.R. Part 173, by the U.S. Department of Transportation under the
4 Hazardous Materials Transportation Act of 1975, 49 U.S.C. §§ 5101–5128, as
5 amended.

6 (iii) The product is a marine pollutant as defined in 49 C.F.R.
7 § 171.8.

8 (iv) The product meets the criteria for hazardous waste code VT02
9 or VT08 as set forth in section 7-211 of the Vermont Hazardous Waste
10 Management Regulations.

11 (v) The product is a nonrefillable propane cannister.

12 (vi) The product is a pesticide registered with the Agency of
13 Agriculture, Food and Markets as a Class C pesticide and identified by the
14 Secretary of Natural Resources by rule as requiring regulation under this
15 chapter.

16 (B) “Covered product” does not mean any of the following:

17 (i) a primary battery or rechargeable battery;

18 (ii) a lamp that contains mercury;

19 (iii) a thermostat that contains mercury;

20 (iv) architectural paint as that term is defined in section 6672 of
21 this chapter;

1 (v) a covered electronic device as that term is defined in section
2 7551 of this title; or

3 (vi) a pharmaceutical drug.

4 (5)(A) “Manufacturer” means a person who:

5 (i) manufactures or manufactured a covered household hazardous
6 product under its own brand or label for sale in the State;

7 (ii) sells in the State under its own brand or label a covered
8 household hazardous product produced by another supplier;

9 (iii) owns a brand that it licenses or licensed to another person for
10 use on a covered household hazardous product sold in the State;

11 (iv) imports into the United States for sale in the State a covered
12 household hazardous product manufactured by a person without a presence in
13 the United States;

14 (v) manufactures a covered household hazardous product for sale
15 in the State without affixing a brand name; or

16 (vi) assumes the responsibilities, obligations, and liabilities of a
17 manufacturer as defined under subdivisions (i) through (v) of this subdivision

18 (5)(A), provided that the Secretary may enforce the requirements of this

19 chapter against a manufacturer defined under subdivisions (i) through (v) of

20 this subdivision (5)(A) if a person who assumes the manufacturer’s

21 responsibilities fails to comply with the requirements of this chapter.

1 (B) “Manufacturer” shall not mean a person set forth under
2 subdivisions (i) through (vi) of subdivision (5)(A) of this section if the person
3 manufacturers, sells, licenses, or imports less than \$5,000.00 of covered
4 products in a program year.

5 (6) “Program year” means the period from January 1 through
6 December 31.

7 (7) “Retailer” means a person who sells a covered household hazardous
8 product in the State through any means, including a sales outlet, a catalogue,
9 the telephone, the Internet, or any electronic means.

10 (8) “Secretary” means the Secretary of Natural Resources.

11 (9) “Sell” or “sale” means any transfer for consideration of title or of the
12 right to use by lease or sales contract a covered household hazardous product
13 to a person in the State of Vermont. “Sell” or “sale” does not include the sale,
14 resale, lease, or transfer of a used covered household hazardous product or a
15 manufacturer’s wholesale transaction with a distributor or a retailer.

16 (10) “Stewardship organization” means an organization, association, or
17 entity that has developed a system, method, or other mechanism that assumes
18 the responsibilities, obligations, and liabilities under this chapter of multiple
19 manufacturers of covered household hazardous products.

1 § 7182. SALE OF COVERED HOUSEHOLD HAZARDOUS PRODUCT;
2 STEWARDSHIP ORGANIZATION REGISTRATION

3 (a) Sale prohibited. Beginning on January 1, 2025, except as set forth
4 under section 7188 of this title, a manufacturer of a covered household
5 hazardous product shall not sell, offer for sale, or deliver to a retailer for
6 subsequent sale a covered household hazardous product unless all the
7 following have been met:

8 (1) The manufacturer is participating in a stewardship organization
9 implementing an approved collection plan.

10 (2) The name of the manufacturer, the manufacturer’s brand, and the
11 name of the covered household hazardous product are submitted to the Agency
12 of Natural Resources by a stewardship organization and listed on the
13 stewardship organization’s website as covered by an approved collection plan.

14 (3) The stewardship organization in which the manufacturer participates
15 has submitted an annual report under section 7185 of this title.

16 (4) The stewardship organization in which the manufacturer participates
17 has conducted a plan audit consistent with the requirements of subsection
18 7185(b) of this title.

19 (b) Stewardship organization registration requirements.

20 (1) Beginning on January 1, 2024 and annually thereafter, a stewardship
21 organization shall file a registration form with the Secretary. The Secretary

1 shall provide the registration form to a stewardship organization. The
2 registration form shall include:

3 (A) a list of the manufacturers participating in the stewardship
4 organization;

5 (B) a list of the brands of each manufacturer participating in the
6 stewardship organization;

7 (C) a list of the covered household hazardous products of each
8 manufacturer participating in the stewardship organization;

9 (D) the name, address, and contact information of a person
10 responsible for ensuring the manufacturer’s compliance with this chapter;

11 (E) a description of how the stewardship organization meets the
12 requirements of subsection 7184(b) of this title, including any reasonable
13 requirements for participation in the stewardship organization; and

14 (F) the name, address, and contact information of a person for a
15 nonmember manufacturer to contact regarding how to participate in the
16 stewardship organization to satisfy the requirements of this chapter.

17 (2) A renewal of a registration without changes may be accomplished
18 through notifying the Agency of Natural Resources on a form provided by the
19 Agency.

1 § 7183. COLLECTION PLANS

2 (a) Collection plan required. Prior to July 1, 2024, a stewardship
3 organization representing manufacturers of covered household hazardous
4 products shall submit a collection plan to the Secretary for review.

5 (b) Collection plan; minimum requirements. Each collection plan shall
6 include, at a minimum, all of the following requirements:

7 (1) A list of the manufacturers, brands, and products participating in
8 the collection plan and a methodology for adding and removing manufacturers
9 and notifying the Agency of new participants.

10 (2) Free collection of covered household hazardous products. The
11 collection program shall provide for free collection from covered entities of
12 covered household hazardous products statewide. A stewardship organization
13 shall accept all covered household hazardous products collected from a
14 covered entity and shall not refuse the collection of a covered household
15 hazardous product based on the brand or manufacturer of the covered
16 household hazardous product. The collection program shall also provide for
17 the payment of collection, processing, and end-of-life management of the
18 covered household hazardous product. Collection costs include facility and
19 equipment costs, event contractor or facility set-up fees, facility maintenance,
20 and labor.

21 (3) Convenient collection location. The stewardship organization shall
22 develop a collection program that:

1 (A) allows all municipal collection programs and facilities to opt to
2 be part of a collection plan; and

3 (B) maintains the current level of convenience, including hours and
4 days available to the public, provided by programs in operation prior to July 1,
5 2024.

6 (4) Public education and outreach. The collection plan shall include an
7 education and outreach program that will include a website and may include
8 media advertising, retail displays, articles in trade and other journals and
9 publications, and other public educational efforts. The education and outreach
10 program and website shall notify the public of the following:

11 (A) that there is a free collection program for covered household
12 hazardous products;

13 (B) the location and hours of operation of collection points and how a
14 covered entity can access this collection program;

15 (C) the special handling considerations associated with covered
16 household hazardous products; and

17 (D) source reduction information for consumers to reduce leftover
18 covered household products.

19 (5) Compliance with appropriate environmental standards. In
20 implementing a collection plan, a stewardship organization shall comply with
21 all applicable laws related to the collection, transportation, and disposal of
22 hazardous waste. A stewardship organization shall comply with any special

1 handling or disposal standards established by the Secretary for covered
2 household hazardous products or for the collection plan of the manufacturer.

3 (6) Method of disposition. The collection plan shall describe how
4 covered household hazardous products will be managed in the most
5 environmentally and economically sound manner, including following the
6 waste-management hierarchy. The management of covered household
7 hazardous products under the collection plan shall use management activities
8 in the following priority order: source reduction, reuse, recycling, energy
9 recovery, and disposal. Collected covered household hazardous products shall
10 be recycled when technically and economically feasible.

11 (7) Roles and responsibilities. A collection plan shall list all key
12 participants in the covered household hazardous products collection chain,
13 including:

14 (A) the name and location of the collection facilities accepting
15 covered household hazardous products under the collection plan and the
16 address and contact information for each facility;

17 (B) the name and contact information of the contractor responsible
18 for transporting the covered household hazardous products; and

19 (C) the name and address of the recycling and disposal facilities
20 where the covered household hazardous products collected are deposited.

21 (8) Participation rate. A collection plan shall include a collection
22 participation rate as a performance goal for covered household hazardous

1 products based on the participation rate determined by the number of total
2 participants in the collection plan during a program year divided by the total
3 number of households in the State. At a minimum, the collection participation
4 rate shall be participation by five percent of the population of each county in
5 the State. If a stewardship organization does not meet its participation rate, the
6 Secretary may require the stewardship organization to revise the collection
7 plan to provide for one or more of the following: additional public education
8 and outreach, additional collection events, or additional hours of operation for
9 collection sites.

10 (9) Collection plan funding. The collection plan shall describe how the
11 stewardship organization will fund the implementation of the collection plan
12 and collection activities under the plan, including the costs for education and
13 outreach, collection, processing, and end-of-life management of the covered
14 household hazardous product. Collection costs include facility and event costs
15 including equipment costs, maintenance, and labor. The collection plan must
16 include how municipalities will be compensated for all costs associated with
17 collection of covered household hazardous products.

18 (c) Term of collection plan. A collection plan approved by the Secretary
19 under section 7187 of this title shall have a term not to exceed five years,
20 provided that the manufacturer remains in compliance with the requirements of
21 this chapter and the terms of the approved collection plan.

1 (d) Collection plan implementation. A stewardship organization shall
2 implement a collection plan on or before January 1, 2025.

3 § 7184. STEWARDSHIP ORGANIZATIONS

4 (a) Participation in a stewardship organization. A manufacturer shall meet
5 the requirements of this chapter by participating in a stewardship organization
6 that undertakes the responsibilities under sections 7182, 7183, and 7185 of this
7 title.

8 (b) Qualifications for a stewardship organization. To qualify as a
9 stewardship organization under this chapter, an organization shall:

10 (1) commit to assume the responsibilities, obligations, and liabilities of
11 all manufacturers participating in the stewardship organization;

12 (2) not create unreasonable barriers for participation in the stewardship
13 organization; and

14 (3) maintain a public website that lists all manufacturers and
15 manufacturers' brands and products covered by the stewardship organization's
16 approved collection plan.

17 § 7185. ANNUAL REPORT; COLLECTION PLAN AUDIT

18 (a) Annual report. On or before March 1, 2026 and annually thereafter, a
19 stewardship organization of manufacturers of covered household hazardous
20 products shall submit a report to the Secretary that contains all of the
21 following:

22 (1) A description of the collection program.

1 (2) The volume or weight by hazard category of covered household
2 hazardous products collected, the disposition of the collected covered
3 household hazardous products, and the number of covered entities participating
4 at each collection facility or collection event from which the covered
5 household hazardous products were collected.

6 (3) An estimate of the weight or volume by hazard category of covered
7 household hazardous products sold in the State in the previous calendar year
8 by manufacturer participating in stewardship organization’s collection plan.
9 Sales data and other confidential business information provided under this
10 section shall be exempt from public inspection and copying under the Public
11 Records Act and shall be kept confidential. Confidential information shall be
12 redacted from any final public report.

13 (4) A comparison of the collection plan’s participation rate compared to
14 actual participation rate and how the program will be improved if the
15 participation rate goal was not met.

16 (5) A description of the methods used to reduce, reuse, collect, transport,
17 recycle, and process the covered household hazardous products.

18 (6) The cost of implementing the collection plan, including the costs of
19 administration, collection, transportation, recycling, disposal, and education
20 and outreach.

21 (7) A description and evaluation of the success of the education and
22 outreach materials.

1 (8) Recommendations for any changes to the program.

2 (b) Collection plan audit. On or before March 1, 2030 and every five years
3 thereafter, a stewardship organization of manufacturers of covered household
4 hazardous products shall hire an independent third party to audit the collection
5 plan and the plan’s operation. The auditor shall examine the effectiveness of
6 the program in collecting and disposing of covered household hazardous
7 products. The auditor shall examine the cost-effectiveness of the program and
8 compare it to that of collection programs for covered household hazardous
9 products in other jurisdictions. The auditor shall make recommendations to the
10 Secretary on ways to increase the program’s efficacy and cost-effectiveness.

11 (c) Public posting. A stewardship organization shall post a report or audit
12 required under this section to the website of the stewardship organization.

13 § 7186. ANTITRUST; CONDUCT AUTHORIZED

14 (a) Activity authorized. A manufacturer, group of manufacturers, or
15 stewardship organization implementing or participating in an approved
16 collection plan under this chapter for the collection, transport, processing, and
17 end-of-life management of covered household hazardous products is
18 individually or jointly immune from liability for conduct under State laws
19 relating to antitrust, restraint of trade, unfair trade practices, and other
20 regulation of trade or commerce under 9 V.S.A. chapter 63, subchapter 1, to
21 the extent that the conduct is reasonably necessary to plan, implement, and

1 comply with the stewardship organization's chosen system for managing
2 discarded covered household hazardous products.

3 (b) Limitations on antitrust activity. Subsection (a) of this section shall not
4 apply to an agreement among producers, groups of manufacturers, retailers,
5 wholesalers, or stewardship organizations affecting the price of covered
6 household hazardous products or any agreement restricting the geographic area
7 in which or customers to whom covered household hazardous products shall
8 be sold.

9 § 7187. AGENCY RESPONSIBILITIES

10 (a) Review and approve collection plans. The Secretary shall review and
11 approve or deny collection plans submitted under section 7183 of this title.
12 The Secretary shall approve a collection plan if the Secretary finds that
13 the collection plan:

14 (1) complies with the requirements of subsection 7183(b) of this title;

15 (2) provides adequate notice to the public of the collection opportunities
16 available for covered household hazardous products;

17 (3) ensures that collection of covered household hazardous products will
18 occur in an environmentally sound fashion that is consistent with the law or
19 with any special handling requirements adopted by the Secretary; and

20 (4) promotes the collection and disposal of covered household
21 hazardous products.

1 (b) Collection plan amendment. The Secretary, in his or her discretion or
2 at the request of a manufacturer or a stewardship organization, may require a
3 stewardship organization to amend an approved collection plan. Collection
4 plan amendments shall be subject to the public input provisions of
5 subsection (c) of this section.

6 (c) Public input. The Secretary shall establish a process under which a
7 collection plan for covered household hazardous products is available for
8 public review and comment for 30 days prior to collection plan approval or
9 amendment. In establishing such a process, the Secretary shall consult with
10 interested persons, including manufacturers, environmental groups,
11 wholesalers, retailers, municipalities, and solid waste districts.

12 (d) Registrations. The Secretary shall accept, review, and approve or deny
13 registrations required by this chapter. The Secretary may revoke a registration
14 of a stewardship organization for actions that are unreasonable, unnecessary, or
15 contrary to the requirements or the policy of this chapter.

16 (e) Supervisory capacity. The Secretary shall act in a supervisory capacity
17 over the actions of a stewardship organization registered under this section. In
18 acting in this capacity, the Secretary shall review the actions of the stewardship
19 organization to ensure that they are reasonable, necessary, and limited to
20 carrying out requirements of and policy established by this chapter.

1 (f) Special handling requirements. The Secretary may adopt, by rule,
2 special handling requirements for the collection, transport, and disposal of
3 covered household hazardous products.

4 (g) Identification of regulated pesticides. The Secretary, annually, shall
5 confer with the Secretary of Agriculture, Food and Markets for the purpose of
6 identifying those pesticides that are subject to regulation under this chapter due
7 to registration with the Agency of Agriculture, Food and Markets as Class C
8 pesticides.

9 § 7188. REIMBURSEMENT; AUTHORIZATION

10 (a) Reimbursement of stewardship organization.

11 (1) A manufacturer or stewardship organization operating an approved
12 collection plan that collects covered household hazardous products that are not
13 listed under its approved collection plan shall be entitled to reimbursement
14 from the manufacturer of the covered household hazardous product of
15 reimbursable costs per unit of weight incurred in collecting the covered
16 household hazardous products.

17 (2) Reimbursement may be requested by a collecting manufacturer or
18 stewardship organization only after the stewardship organization has achieved
19 the collection rate performance goal approved by the Secretary under section
20 7183 of this title.

1 (b) Reimbursable costs. Reimbursement shall be allowed only for those
2 costs incurred in collecting the covered household hazardous products subject
3 to the reimbursement request. Reimbursable costs include:

4 (1) costs of collection, transport, recycling, and other methods of
5 disposition identified in a collection plan approved under section 7187 of this
6 title; and

7 (2) reasonable educational, promotional, or administrative costs.

8 (c) Reimbursement request.

9 (1) A manufacturer or stewardship organization that incurs reimbursable
10 costs under this section shall submit a request to the manufacturer of the
11 collected covered household hazardous product or the stewardship
12 organization in which the manufacturer is participating.

13 (2) A manufacturer or stewardship organization that receives a request
14 for reimbursement may, prior to payment and within 30 days of receipt of the
15 request for reimbursement, request an independent audit of submitted
16 reimbursement costs.

17 (3) The independent auditor shall be responsible for verifying the
18 reasonableness of the reimbursement request, including the costs sought for
19 reimbursement, the amount of reimbursement, and the reimbursable costs
20 assessed by each of the two programs.

21 (4) If the independent audit confirms the reasonableness of the
22 reimbursement request, the manufacturer or stewardship organization

1 requesting the audit shall pay the cost of the audit and the amount of the
2 reimbursement calculated by the independent auditor. If the independent audit
3 indicates the reimbursement request was not reasonable, the manufacturer or
4 stewardship organization that initiated the reimbursement request shall pay the
5 cost of the audit and the amount of the reimbursement calculated by the
6 independent auditor.

7 (d) Role of Agency. The Agency shall not be required to provide
8 assistance or otherwise participate in a reimbursement request, audit, or other
9 action under this section, unless subject to subpoena before a court of
10 jurisdiction.

11 § 7189. PRIVATE RIGHT OF ACTION

12 (a) Action against manufacturer with no collection plan. A manufacturer or
13 stewardship organization in compliance with the requirements of this chapter
14 may bring a civil action against another manufacturer or stewardship
15 organization when:

16 (1) the plaintiff manufacturer or stewardship organization incurs more
17 than \$1,000.00 in actual reimbursable costs collecting, handling, recycling, or
18 properly disposing of covered household hazardous products sold or offered
19 for sale in the State by the other manufacturer; and

20 (2) the manufacturer from whom damages are sought:

21 (A) can be identified as the manufacturer of the collected covered
22 household hazardous products from a brand or marking on the discarded

1 covered household hazardous products or from other information available to
2 the plaintiff manufacturer or stewardship organization; and

3 (B) does not operate or participate in an approved stewardship
4 organization in the State or is not otherwise in compliance with the
5 requirements of this chapter.

6 (b) Action against manufacturer participating in an approved stewardship
7 organization. A manufacturer or stewardship organization in compliance with
8 the requirements of this chapter may bring a civil action for damages against a
9 manufacturer or stewardship organization in the State that is in compliance
10 with the requirements of this chapter, provided that the conditions of
11 subsection (c) of this section have been met.

12 (c) Condition precedent to cause of action. Except as authorized under
13 subsection (a) of this section, a cause of action under this section shall be
14 allowed only if:

15 (1) a plaintiff manufacturer or stewardship organization submitted a
16 reimbursement request to another manufacturer or stewardship organization
17 under section 7188 of this title; and

18 (2) the manufacturer or stewardship organization does not receive
19 reimbursement within:

20 (A) 90 days of the reimbursement request, if no independent audit is
21 requested under section 7188 of this title; or

1 (B) 60 days after completion of an audit if an independent audit is
2 requested under section 7188 of this title, and the audit confirms the validity of
3 the reimbursement request.

4 (d) Action against individual manufacturer.

5 (1) A civil action under this section may be brought against an
6 individual manufacturer only if the manufacturer is implementing its own
7 collection plan and the manufacturer has failed to register to participate in a
8 stewardship organization.

9 (2) A manufacturer participating in an approved stewardship
10 organization covering multiple manufacturers shall not be sued individually for
11 reimbursement.

12 (3) An action against a manufacturer participating in a stewardship
13 organization covering multiple manufacturers shall be brought against the
14 stewardship organization implementing the collection plan.

15 (e) Role of Agency. The Agency shall not be a party to or be required to
16 provide assistance or otherwise participate in a civil action authorized under
17 this section solely due to its regulatory requirements under this chapter, unless
18 subject to subpoena before a court of jurisdiction.

19 (f) Damages; definition. As used in this section, “damages” means the
20 actual, reimbursable costs a plaintiff manufacturer or stewardship organization
21 incurs in collecting, handling, recycling, or properly disposing of covered

1 household hazardous products identified as having originated from another
2 manufacturer.

3 § 7190. OTHER DISPOSAL PROGRAMS

4 A municipality or other public agency shall not require covered entities to
5 use public facilities to dispose of covered household hazardous products to the
6 exclusion of other lawful programs available. A municipality and other public
7 agencies are encouraged to work with manufacturers to assist them in meeting
8 their collection and disposal obligations under this chapter. Nothing in this
9 chapter prohibits or restricts the operation of any program collecting and
10 disposing of covered household hazardous products in addition to those
11 provided by manufacturers or prohibits or restricts any persons from receiving,
12 collecting, transporting, or disposing of covered household hazardous products,
13 provided that all other applicable laws are met.

14 § 7191. RULEMAKING

15 The Secretary of Natural Resources may adopt rules to implement the
16 requirements of this chapter.

17 Sec. 3. AGENCY OF NATURAL RESOURCES RECOMMENDATION OF
18 REGISTRATION FEE FOR COVERED HOUSEHOLD
19 HAZARDOUS PRODUCTS

20 On or before January 15, 2025, the Secretary of Natural Resources shall
21 submit to the House Committees on Ways and Means and on Natural
22 Resources, Fish, and Wildlife and the Senate Committees on Finance and on

1 Natural Resources and Energy a recommended fee for the registration of
2 stewardship organizations under the covered household hazardous product
3 program under 10 V.S.A. chapter 164B.

4 Sec. 4. 10 V.S.A. § 6621a(a) is amended to read:

5 (a) In accordance with the following schedule, no person shall knowingly
6 dispose of the following materials in solid waste or in landfills:

7 * * *

8 (12) Covered household hazardous products after January 1, 2025.

9 Sec. 5. 10 V.S.A. § 8003 is amended to read:

10 § 8003. APPLICABILITY

11 (a) The Secretary may take action under this chapter to enforce the
12 following statutes and rules, permits, assurances, or orders implementing the
13 following statutes, and the Board may take such action with respect to
14 subdivision (10) of this subsection:

15 * * *

16 (30) 3 V.S.A. § 2810, relating to interim environmental media
17 standards; ~~and~~

18 (31) 10 V.S.A. chapter 124, relating to the trade in covered animal parts
19 or products; and
