PURPOSE AND POLICY STATEMENT

Sick time is earned and used by eligible employees to take time off from work for illness, injury, or health care; to care for a family member who is ill, injured, or receiving health care; for safe leave in relation to domestic violence, sexual assault, or stalking; closure of a family member's school or child care due to a public health or safety reason; or death in the immediate family.

Session-only and temporary employees should refer to their office director for guidance regarding earned sick time and other time off applicable to session-only and temporary employees.

DEFINITIONS

Eligible Employee – An employee who is in a permanent position with the General Assembly and does not include a session-only or temporary employee.

Family Member – A child, stepchild, ward, or foster child; a child for whom the employee has an *in loco parentis* relationship; a spouse, domestic partner, or civil union partner; a parent or parent-in-law; a sibling or sibling-in-law; a grandchild or the grandchild of the employee's spouse, domestic partner, or civil union partner; a grandparent or grandparent-in-law; or an adult who had an *in loco parentis* relationship with an employee when the employee was a child.

In Loco Parentis – A relationship in which a person puts themselves in the situation of a parent by assuming and discharging the obligations of a parent to a child. The relationship exists when an individual intends to take on the role of a parent to a child who is under 18 years of age or is 18 years of age or older and incapable of self-care because of a mental or physical disability. Persons who are *in loco parentis* include those with day-to-day responsibilities to care for or financially support a child. The specific facts of each situation will determine whether an employee stands *in loco parentis* to a child.
