Summary

The bill makes a number of minor adjustments to Vermont’s tax code.

- It clarifies that online delivery platforms are responsible for collecting Meals and Rooms tax for meals sold on their platforms.
- It exempts alcoholic beverages from Meals and Rooms tax in instances where prepared food and other beverages are also exempt, largely non-profit events.
- It allows claimants to amend certain fields on their Property Tax Credit claims.
- It allows the Department of Taxes to accept all payment types.
- Creates new statutory purpose for tax expenditure related to the sale of recyclable paper bags.
- It increases certain town clerk fees from \$10 to \$15 per page or recording.
- Extends sunset of home health agency assessment and its allocation to the Health IT Fund to July 1, 2023.

Fiscal Impact

This bill is expected to reduce revenues by \$75,000 per year. This is divided between the General Fund, the Education Fund, and the Clean Water Fund. This amount is not expected to change much over time. These are due to Sections 1 and 2, which affect the Meals and Rooms tax (see table below).
