

Vermont Blueprint for Health: Path to Program Evolution and Expansion

John M. Saroyan, M.D.

Blueprint for Health Executive Director

Ena Backus

Director of Health Care Reform

Agency of Human Services

Improving Access to Care and Services

- Primary Care
- Care Coordination
- Mental Health/Substance Use Disorder

Primary Care

- Assessment of access
 - Pandemic impact
 - New vs established patients
 - Provider availability
 - Setting

Quality Improvement Activities Expansion

- Develop primary care access learning collaborative
- Best practices for referral to specialty care

Programmatic Expansion to Support Mental Health and Substance Use Disorder Treatment Access

- Expand and standardize Spoke model of care across all payer types
- Adapt Hub and Spoke treatment model to support care for poly-substance dependency and to support further integration with mental health care.

Longer-Term Goals and Role for Blueprint for Health

- Contribute to integrated preventive care and for complex care coordination
- Collaborate to explore new approaches to an All-Payer Model for value-based reimbursement
- Inform data governance, standards, access and policies
