## Agency of Agriculture, Food and Markets Mission Statement

Facilitate, support and encourage the growth and viability of agriculture while protecting the working landscape, human health, animal health, plant health, consumers and the environment.

## Agency of Agriculture, Food and Markets Vision Statement

The Agency of Agriculture, Food and Markets will help to develop a safe, secure, ecologically responsive, profitable and fair local foods system for Vermont and Vermont customers which will enable Vermont to be a leader and participant in the global food system. The Agency will do this by assuming a leadership position important to the evolving food system, through access to and the application of resources (human, financial, social and environmental) and by supporting the creation of new opportunities.

## Agency of Agriculture, Food and Markets

### Description of Appropriations, Divisions & Programs

The ADMINISTRATION Division provides oversight and direction for the entire Agency to include policy development, legal counsel, and enforcement actions. In addition, it conducts agricultural land use planning, develops the biennial report and provides business and research services for the Agency. The Licensing and Registration Unit is administered through this Division.

Funding Sources: \*General Fund\* \*Special Funds\* \*Federal Funds\*

The FOOD SAFETY AND CONSUMER PROTECTION Division maintains and advances an equitable and safe marketplace through fair enforcement of Vermont's laws and rules and by providing technical assistance to involved parties to foster their success. The Division comprises five sections: Animal Health; Meat and Poultry; Dairy; Agricultural Products; and Weights and Measures. While specific section responsibilities are numerous, the core responsibilities of each are summarized in the following statements:

**Animal Health:** Through its prudent inspection and enforcement programs, this Section maintains the ability of Vermont's livestock, poultry, and livestock products to be sold locally, nationally and internationally. Through its technical assistance program, the Animal Health Section provides outreach to producers, processors and consumers on appropriate animal agricultural practices that ensure the health and humane treatment of livestock and compliance with best practices, laws and regulations.

Meat and Poultry: This Section's inspection and enforcement programs protect the health and welfare of consumers and the public by ensuring meat and poultry products produced and/or sold in Vermont are wholesome, unadulterated, and properly market, labeled, and packaged. Section personnel provide technical assistance to business owners involved or interested in the meat and poultry sector.

Dairy: This Section has regulatory oversight of and provides technical assistance to Vermont's dairy industry, including farms milking cattle, sheep and/or goats and over 140 firms processing that milk into value-added dairy products. The Dairy Section enforces the federal Pasteurized Milk Ordinance and state statutes to ensure sanitation standards are followed to minimize the risk of unsafe products entering the marketplace. The Dairy Section comprises a team of dairy farm and plant specialists qualified to work with all industry sectors along the farm to plate continuum.

Agricultural Products: This Section conducts produce safety farm inspections to assess compliance with the federal Food Safety Modernization Act's Produce Safety Rule and maple product retail inspections to ensure compliance with the VT Maple Products Regulations. These inspection programs and the technical assistance provided to producers and processors help ensure the quality and safety of food products and maintain a safe marketplace. The Section also conducts the Country of Origin Labeling (COOL) reviews on behalf of the USDA Agricultural Marketing Services to ensure consumers are provided with accurate labeling for food products subject to the federal COOL regulations.

Weights and Measures: This Section's regulatory program promotes commerce by ensuring confidence in marketplace transactions, fair competition, and consumer protection anywhere a good or service is sold by weight, measure, or count. The program provides for compliance with laws and regulations related to weighing and measuring devices such as fuel meters (gasoline, propane, oil), all types of scales, retail pricing integrity, accurate package weights, and labeling through technical assistance, tests, and inspections in these areas.

Funding Sources: \*General Fund\* \*Special Funds\* \*Federal Funds\* \*Inter-Departmental Transfers\*

The AGRICULTURAL DEVELOPMENT Division supports and develops Vermont's agricultural industry by providing leadership, technical and business expertise, marketing assistance, and coordination of the following:

- \* Promoting Vermont agriculture and food products at local, regional, and international events.
- \* Connecting Vermont agricultural businesses to resources and market opportunities and convene food system stakeholders to focus on critical agricultural sectors and investment areas.
- \* Identifying and assisting in developing new markets, local and out of state, for Vermont agricultural products.
- \* Developing individual growth strategies for each sector of the agricultural industry.

\* Increasing agricultural literacy and access to local foods to support vibrant and viable communities.

\*Improving the economy of the state and competitive position of the dairy industry by increasing the consumption of dairy products and through management of the Northeast-Vermont Dairy Business Innovation Center.

\*Administering the Vermont Working Lands Enterprise program to include managing the Working Lands Enterprise Board.

\*Promoting the development of innovative agricultural energy and nutrient management business through leadership and recruitment.

\*Ensuring produce growers are educated, supported, and have the tools to achieve compliance with the on-farm produce safety requirements in the Food Safety Modernization Act's (FSMA) Produce Safety Rule.

Funding Sources: \*General Fund\* \*Special Funds\* \*Federal Funds\* \*Inter-Departmental Transfers\*

The PUBLIC HEALTH & AGRICULTURAL RESOURCE MANAGEMENT Division supports and grows agriculture while protecting human, animal, and plant health, consumers, and the environment.

\*Supports agriculture by implementing programs to allow for sale and trade of Vermont crops and timber products in national and international markets. Programs ensure Vermont products are free of injurious pests through quarantine activities, inspections, crop and pest monitoring.

\*Ensures public health, market access and economic opportunity for farmers through registration, regulation and research into the cultivation and processing of industrial hemp in Vermont.

\*Protects public and worker health and the environment from the adverse effects of pesticides through training, licensing, monitoring, disposal, enforcement, education for pesticide applicators, dealers, manufacturers, and the public.

\*Provides mosquito control districts with financial and technical assistance, to reduce mosquito populations below nuisance levels or those of public health concern.

\*Monitors state-wide for mosquitoes and ticks and disease pressure in these vectors; collaborates with the health department to ensure rapid response to any reports of human illness from these vectors.

\*Registers, inspects and regulates commercial animal feed and pet food products, commercial feed facilities, commercial and specialty fertilizer products and facilities, seed products and pesticide products to ensure they meet state and federal standards, comply with consumer guarantees and do not result in adverse impacts to the environment, human or animal health.

Funding Sources: \*General Fund\* \*Special Funds\* \*Federal Funds\* \*Inter-Departmental Transfers\*

The VERMONT AGRICULTURE AND ENVIRONMENTAL LABORATORY serves the Vermont public and agricultural industries by providing testing of agricultural products and environmental (water and air) samples. Services provided by this collaborative laboratory include:

\*Providing serological testing of cattle, sheep, goats, llamas, alpacas, horses and swine for several infectious diseases including Brucellosis and Equine Infectious Anemia. The Serology lab is certified annually by the U.S. Department of Agriculture.

\*Examining equine blood from State Fair horse pull events for the presence of performance-enhancing substances.

\*Providing official dairy product analysis, technical service and industry lab personnel training, certification and licensing.

\*Providing oversight, training and evaluation of milk laboratories in compliance with the Pasteurized Milk Ordinance, Food and Drug Administration, and the National Conference on Interstate Milk Shipments.

\*Testing agricultural fertilizer sold in Vermont for nutrient guarantees.

\*Analyzing livestock feed and pet foods for protein, fat and fiber guarantees.

\*Examining meat for protein, fat, moisture and salt guarantees.

\*Molecular testing technology to detect West Nile Virus in mosquitos, Lyme disease-causing bacteria in ticks, fungal plant diseases and Avian Influenza Virus in domestic poultry and wild birds.

\*Providing lab analyses in support of AAFM's role as the regulatory entity for pesticide use.

\*Providing lab analyses in support of AAFM's role as the regulatory entity for Vermont's Hemp Rule.

\*Metals Analysis supporting Department of Environmental Conservation programs including hazardous waste investigations, landfill assessments and long-term monitoring of acid deposition.

\*Microbiology testing for E. coli, and total coliforms in water. Samples are received from a variety of programs including state park swimming waters, surface water monitoring, wastewater treatment facilities, public and private drinking water sources, and at slaughter facilities and meat processing operations.

\*Testing for Per- and Poly-fluoroalkyl Substances (PFAS) in food and drinking/surface waters to support public and environmental health monitoring priorities of the Public Health & Agricultural Resource Management division of AAFM, The Department of Environmental Conservation and the Agency of Transportation.

\*Performing a wide variety of inorganic chemical analyses used in water quality and wastewater monitoring for the Department of Environmental Conservation and the Water Quality Division of AAFM. These analyses include nutrient testing that directly support the VT Clean Water Initiative Program and the Vermont Phosphorus Innovation Challenge.

\*Supporting Air Quality and Climate and Waste Management and Prevention Divisions of the Department of Environmental Conservation. Water and solid samples are tested for polychlorinated biphenyls (PCB), semi-volatile organic compounds, volatile organic compounds (VOC), pesticides, fuels, and other organic compounds. Air samples are tested for VOCs and carbonyl compounds.

Funding Sources: \*General Fund\* \*Special Funds\* \*Inter-Departmental Transfers\*

The AGRICULTURE – CLEAN WATER INITIATIVE Division utilizes farmer assistance, education, research, regulations, monitoring, and compliance and enforcement that simultaneously promote the long-term viability of farms and the health of our state waterways.

The primary functions of this division include:

\*Rulemaking – Promulgate new rules as required by law and revise and renew existing rules and permits based on learning, scientific research, and experience to date

\*On-farm inspections to ensure farms meet water quality standards

\*Technical assistance and training for farmers and custom manure applicators

\*Engineering support in design of farm projects to improve water quality

\*Engagement and outreach to build partnership, expand participation, increase compliance, and identify connections with local, state, and federal agencies

\*Administering granting programs in conjunction with and in support of federal funds

\*Implementing the agricultural provisions of the Act 64 of 2015 to improve statewide water quality and to meet the EPA approved clean-up plan to limit the Phosphorus Total Maximum Daily Load (TMDL) in Vermont's waterways thus protecting the water quality in the Lake Champlain basin and other Vermont lakes, rivers and streams. This involves efforts to limit pollution through:

\*Offering financial incentives to farmers to protect waterways by establishing and maintaining vegetated buffers along the waterways of Vermont.

\*Developing and implementing alternative manure management technologies and techniques.

\*Protecting groundwater and surface water quality from agricultural non-point source pollution by enforcing required agricultural practices, providing technical and financial assistance to the farm community, participating in the watershed planning process on behalf of farmers, and administering the permit process for medium and large farms.

Funding Sources: \*General Fund\* \*Special Funds\* \*Federal Funds\* \*Inter-Departmental Transfers\*

KEY BUDGET ISSUES for the Agency of Agriculture, Food and Markets are as follows:

\$268,977 - Annualization of Pay Act

\$444,902 – Retirement Rate Increase

\$43,693 – Internal Service Fees Increase

\$20,225 - ADS Service Level Agreement Increase
