# Unemployment Insurance and Minimum Wage Analysis 

Senate Economic Development Committee
Joyce Manchester
February 18, 2022

## Outline of talk

Part 1: S. 221 - estimated cost of additional UI benefit of \$25/week for four years

Part 2: New path for the minimum wage to reach \$15 in 2024

Part 3: Review prior analysis of raising the minimum wage

# Part 1: S. 221 - cost of additional benefit of $\$ 25 /$ week for UI recipients 

Brief description

## Previous JFO estimate was $\$ 7.8$ million for two years

- Previous estimate was based on an average number of benefit payments per week of 3,000
- 52 * 2 * $\$ 25$ * 3000 = $\$ 7.8$ million
- Now looking at more recent data

| JFO Estimates of Cost of \$25 Supplemental UI Benefit |  |  |  |
| :---: | :---: | :---: | :---: |
|  | \# ben's pd | cost | cost per year |
| Oct-Feb levels | 2,360 | \$66,513 | \$3,458,660 |
| Jan - mid Feb '22 | 3,320 | \$83,000 | \$4,316,000 |
| Jan - mid Feb '20 | 5,000 | \$125,000 | \$6,500,000 |
| Source: JFO analysis using Vermont DOL data. |  |  |  |

## Looking ahead, looking back

| History and Consensus Forecast for Vermont, January 2022, by Calendar Year |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | 2019 | 2020 | 2021 | 2022 | 2023 | 2024 | 2025 |
| Unempl rate | 2.3\% | 5.6\% | 2.9\% | 2.2\% | 2.3\% | 2.6\% | 2.7\% |
| CPI growth | 1.8\% | 1.2\% | 4.6\% | 4.2\% | 3.1\% | 2.9\% | 2.7\% |
| Real GDP growth | 1.0\% | -4.2\% | 4.4\% | 4.2\% | 3.0\% | 2.8\% | 2.6\% |

|  | Labor | Force Statistics | in Vermont, by Calendar | Vear |  |  |
| :--- | :---: | :---: | :---: | :---: | :---: | :---: |
|  | $\mathbf{2 0 1 7}$ | $\mathbf{2 0 1 8}$ | $\mathbf{2 0 1 9}$ | $\mathbf{2 0 2 0}$ | $\mathbf{2 0 2 1}$ |  |
| Labor Force, avg. | 347,080 | 346,733 | 344,456 | 317,923 | 318,324 |  |
| Unemployed, avg. | 10,462 | 9,109 | 7,933 | 18,519 | 9,187 |  |
| Total Ul Ben's paid, mil. | $\$ 67.7$ | $\$ 65.2$ | $\$ 65.0$ | $\$ 389.0$ | $\$ 113.8$ |  |
| Source: U.S. Bureau of Labor Statistics |  |  |  |  |  |  |

## Not much clarity going forward

It seems prudent to stick with 3,000 UI payments per week

- Annual cost
- 52 * $\$ 25$ * $3000=\$ 3.9$ million
- Four-year cost
- 52 * 4 * \$25 * $3000=\$ 15.6$ million

Part 2: New path for the minimum wage to reach \$15 in 2024

Brief description

|  |  | Path A: Current Law |  |  | Proposed Path |  |  |

## Who earns $\$ 15$ per hour or less?

Preliminary estimates of $\$ 15 /$ hour minimum wage in 2024;
American Community Survey microdata sample 2012-2016. Deb Brighton 011819

## Who earns \$15 per hour or less? continued

Analysis from January 2019

Deb Brighton

Who earns $\$ 15$ per hour or less? continued

- $56 \%$ of the workers in the minimum wage workforce are women
- $41 \%$ of the workers in the minimum wage workforce are head of a family (single parent or couple)
- Of those, $41 \%$ provide over half of the family income.

# Part 3: Review the analysis from S. 23 in January 2020 

Brief description

From the Fiscal Note for S.23, January 2020

| Table 2. Outcomes for a Minimum Wage Path that Reaches \$12.55 in 2022 |  |  |
| :---: | :---: | :---: |
| PRELIMINARY CALENDAR-YEAR ESTIMATES based on modeling in February 2019 |  |  |
|  | In 2021 | In 2022 |
| Percent change from 2020 minimum wage, |  |  |
| inflation-adjusted | 4.5\% | 9.0\% |
| Approximate share of jobs at less than proposed |  |  |
| minimum wage - DOL basis* | 9\% | 13\% |
| Approximate number of jobs at less than proposed |  |  |
| minimum wage - DOL basis | 28,000 | 40,000 |
| Initial wage bill change as a share of total wages \& |  |  |
| salary | 0.30\% | 0.70\% |
| Aggregate initial income gains of low-wage workers |  |  |
| (2020\$) | \$53 mil | \$121 mil |

From the Fiscal Note for S.23, January 2020

| Nor | 2021 | 2022 |
| :---: | :---: | :---: |
| Net fiscal gain to State from increased tax revenue |  |  |
| \& decreased benefit payments from the minimum |  |  |
| wage change (2020\$) | \$3.6 mil | \$9.4 mil |
| Net reduction in federal funds to VT economy |  |  |
| from decreased federal benefits and increased |  |  |
| federal taxes (2020\$) | \$17.3 mil | \$39.1 mil |
| Approximate net disemployment (\#jobs) | 90 | 280 |
