#### Summary -

My name is Angelita Pena. I was born in Albuquerque, New Mexico and raised there in a diverse community. I moved to Bennington, Vermont when I was 11 and eventually moved up to Monkton when I was 12. Ever since I have pushed myself to learn from my new, very different, community and have pushed myself to make a change. Even if that change for now is to just educate myself, I believe even that can set me up for future success. Being on the board would be a huge leap in my understanding of government and understanding in the changes that need to be made. I believe that I can add a lot of input into topics I am passionate about, and as I learn I can become more apart of the conversation.
