**Subject:** S.247

Sen. Cummings, here is the UK code regarding a dollar threshold that exempts policies in excess of 500K pounds (perhaps over \$1M dollars is substantially similar).

As I mentioned, the department is staying neutral on the bill, but has offered some revisions that Emily Brown (Director of Insurance Regulation) will cover in testimony later today.

Let me know if you need anything further? Thank you, Kevin

[Code on genetic testing and insurance - GOV.UK](https://www.gov.uk/government/publications/code-on-genetic-testing-and-insurance)

This is an agreement between the government and the Association of British Insurers (ABI) on the use of genetic test results in underwriting insurance policies.
