

Dear Senate Government Operations Committee,

I'm writing to ask you to pass S.174 to update our law to keep up with the changing nature of news media and to make sure that public notices are accessible to all. I rely on online news sources for all of my Vermont news and information. The online news sources I use are free-- they're not held behind a paywall, which makes a big difference to me. Being able to search for and access digital records online is expected these days and I hope that the Senate will take this important step towards greater accessibility and a more transparent future.

Thank you for your consideration, and please pass S.174
