CONSERVING LAND FOR THE FUTURE OF VERMONT

13 years – 10 logbooks:

“Windy; partly sunny. The snow is soft to walk in so makes footing a little tricky. It’s always worth the hike - just to see the view and get lots of fresh air for me and two dogs”

(2008)

“View to forever; power to the Kingdom; let’s keep it this way forever!”

(2012)

“Our first of many trips to this real “heaven’s bench”. Thank you land owners for this amazing opportunity.”
